BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA

Rulemaking on the Commission's own Motion to review the telecommunications public policy programs.	Rulemaking 06-05-028 (Filed May 26, 2006)

MOTION OF THE NATIONAL ASIAN AMERICAN COALITION REQUESTING LEAVE TO LATE FILE NOTICE OF INTENT TO CLAIM INTERVENOR COMPENSATION

Pursuant to Rule 11.1 of the California Public Utilities Commission ("CPUC") Rules of Practice and Procedure, the National Asian American Coalition ("NAAC") (formerly Mabuhay Alliance) hereby requestsLeave to Late File Notice of Intent to Claim Intervenor Compensation.

The NAAC has filed at this time because of its intention to develop financial and other incentives that will encourage wireless carriers and others to participate in this Commission's LifeLine wireless opportunities, as they have in other states. Phase II relates to the definition of basic phone service and the types of services that the LifeLine program should encompass and incorporate. The NAAC has a long history of consumer advocacy in telecommunications issues and respectfully requests to lend the viewpoints of its constituents to Phase II.

Phase II offers the NAAC an opportunity to contribute its expertise to creating LifeLine cell phone options that enable this Commission to make certain that the 90-98% of LifeLine customers who want wireless can have it. The NAAC has unique perspectives with regard to the development of the Asian American market. As part of this effort to develop this market, as well as other minority community and specific language markets, we intend to conduct a major survey which we hope to do jointly with this Commission and the wireless carriers.

The NAAC plans to closely coordinate our efforts with the Black Economic Council and the Latino Business Chamber of Greater Los Angeles since they have many similar interests on behalf of their constituencies.

Respectfully submitted,

/s/ Faith Bautista
