The predominant utilization of Miron Enterprises' prepaid services is for U.S. to international calling.

5. The Company sells its service through a variety of websites that cater to users based on their primary international calling destination. For example, the website www.callindia.com is a service of Miron Enterprises, focused on the U.S. to India international long distance market. A full list of websites Miron Enterprises uses to sell its ethnic branded prepaid service is attached at Exhibit A to the Company's Application.
6. Miron Enterprises does not have any physical presence in California and does not advertise its service in California other than via online advertisement of the Company's various websites.
7. Miron Enterprises first sold prepaid service in California in January 2015.
8. Miron Enterprises understands and appreciates its obligation to comply with relevant California laws and regulations, including the California Public Utilities Commission's ("CPUC") rules governing prepaid service.
9. Miron Enterprises' failure to register with the CPUC was based on a mistaken understanding of the rules, regulations and precedent applicable to non-physical prepaid calling cards, which the Company incorrectly believed were not covered by the CPUC's regulatory registration and compliance regime. The Company's mistaken understanding of the CPUC's requirements was furthered by the minimal amount of domestic U.S. and domestic intrastate usage and revenue derived by the Company. Having been fully educated about the requirements at the CPUC now voluntarily comes forward to remediate prior compliance matters and ensure full compliance with the CPUC's rules going forward.

10. As explained, Miron Enterprises' oversight in regards to CPUC registration was based, in part, on the very small amount of intrastate service the Company provides in California.

11. In each month in which Miron Enterprises has sold service in California, its intrastate revenue has remained under four hundred dollars ($400.00). Thus, Miron Enterprises falls well below the CPUC's *de minimis* threshold, which will permit Miron Enterprises to remit its California combined surcharge payment semi-annually, and the Company's monthly combined surcharge contribution amount is typically under twenty dollars ($20.00) per month. Miron Enterprises' total outstanding California combined surcharge contributions since January 2015 are less than seven hundred and twenty-five dollars ($725). A monthly breakdown of the Company's monthly revenue since January 2015 is attached to the Application as Exhibit G.

12. Miron Enterprises purchases its underlying service from a variety of providers. A list of provides from whom the Company purchases service and the associated access numbers is attached to the Application as Exhibit F.

13. Miron Enterprises' toll free customer support numbers are 1-800-403-6590 and 1-866-535-8095.
