**DECLARATION OF PUBLICATION OF PACIFIC GAS AND ELECTRIC
COMPANY'S NOTICE OF EVIDENTIARY HEARING
No. A.10-03-014**

I, BARBARA WICHMANN declare:

I am a Traffic Coordinator employed by ARTEMIA Communications, Inc., at 2001 Union Street, Suite 495, San Francisco, CA. I am responsible for working with Marilyn Walker of Pacific Gas and Electric Company (the Company) in preparing the composition of the Notice of Evidentiary Hearing regarding the Company's Phase II 2011 General Rate Case Application (GRC Phase II) No. A.10-03-014, and scheduling the earliest possible publication dates with the **55** newspapers in Company service territory. When Marilyn Walker of the Company contacted me concerning the need to publish the notice of Evidentiary Hearing in the above referenced matter, I drafted the publishing schedule for the 55 newspapers (attached herewith). I faxed the schedule, for publication dates to Ms. Walker for approval. She notified me that the dates were acceptable, and I contacted the **55** newspapers to reserve the publication dates. I receive the proofs of publication from the **55** newspapers within three to five weeks after publication, which I collected and then forwarded to Ms. Walker.

I declare under penalty of perjury that the foregoing is true and correct.

In San Francisco California this 8th day of November 2010.

BARBARA WICHMANN

**NOTIFICATION OF EVIDENTIARY HEARINGS REGARDING PACIFIC GAS AND ELECTRIC COMPANY'S PHASE II 2011 GENERAL RATE CASE APPLICATION (GRC PHASE II)
(A.10-03-014)**

Pursuant to California Public Utilities Commission Rule 13.1(b), an Evidentiary Hearing for the above referenced matter is scheduled for November 12, 15, 18, 19 and 22, 2010. The first day of hearing will begin at 9:30AM. All hearings will be held at the following address:

**California Public Utilities Commission Courtroom
State Office Building
505 Van Ness Avenue
San Francisco, CA 94102**

On March 22, 2010, PG&E filed its 2011 General Rate Case Phase II (GRC Phase II) application with the CPUC.

In the GRC Phase II application, PG&E is asking the CPUC to allocate or divide its authorized revenue among different customer classes and to design electric rates for these classes.

ESTIMATED IMPACT OF THIS REQUEST ON ELECTRIC RATES

In the GRC Phase II application, PG&E is seeking CPUC authority to change electric rates for all customer classes. PG&E makes this request to better align electric rates with current costs of serving its various customer classes. PG&E proposes decreases for some customers and increases for others, with such rate changes to take effect by mid-2011. PG&E estimates that electric rates will be affected in the manner shown in the tables below, which show the effects by customer group without any change in the total revenue PG&E collects. The actual increase or decrease to each customer class depends on how the CPUC ultimately decides all the proposals in GRC Phase II.

The rate changes proposed in GRC Phase II will affect bundled customers (those who receive electric generation, transmission and distribution service from PG&E) and customers who purchase electricity from other suppliers (direct access and community choice aggregation customers). Finally, while not shown in the tables below, PG&E's proposals will affect departing load customers (those who receive electric generation, transmission and distribution services from non-PG&E suppliers) who are required to pay certain utility charges (in this case, the Public Purpose Program charge).

**Electric Department Projected Rate Changes by Class
(Dollars in Thousands)**

Class and Service	Dollar Change	Total Percentage Change
Bundled		
Residential	-\$92,259	-1.9%

Large Industrial	\$1,497	1.5%
Total Direct Access Change	\$3,905	1.7% (avg)
Total	\$1,592	0.0% (avg)

PG&E's proposals include a number of changes to residential rates. To illustrate the effect these changes would have on residential customers, the table below shows the bill change first for the typical bundled customer using 550 kilowatt-hours (kWh) per month, next for a bundled customer using approximately twice the average baseline allowance, or 850 kWh per month, and finally for a bundled customer with significant upper tier usage, or 1,500 kWh per month. Results are shown in the table below for standard residential schedule E-1 and for customers of the same size participating in the California Alternate Rates for Energy (CARE) program for low-income customers.

Effects of PG&E's Proposals on Bills of Typical Residential Customers

Customer Size and Service	Current Monthly Bill	Proposed Monthly Bill Change	Percentage Change

Evidentiary Hearings

Evidentiary hearings are held in many cases. Parties present their evidence through direct testimony and exhibits. Other parties may question witnesses in an attempt to clarify or challenge aspects of the testimony. The CPUC must base its decisions on the information provided during the proceeding, often referred to as "the record." A CPUC Administrative Law Judge (ALJ) presides over these hearings. The hearings are open to the public, but only those who are parties of record are permitted to present evidence and/or cross-examine witnesses. Members of the public may attend, but not participate in, these hearings. The Commission Courtroom is wheelchair accessible.

You may contact the CPUC's Public Advisor with comments or questions as follows:

Public Advisor's Office 505 Van Ness Avenue, Room 2103 San Francisco CA 94102	Telephone: (415) 703-2074 Toll-free: 1-800-849-8390 TTY: (415) 703-5282 TTY Toll-free: 1-866-836-7825 E-mail to public.advisor@cpuc.ca.gov

If you are writing a letter to the Public Advisor's Office, please include the number of the application (A.10-03-014) to which you are referring. All comments will be circulated to the Commissioners, the assigned ALJ and the Energy Division Staff.
