I. INTRODUCTION

Pursuant to Ordering Paragraph 9 of the November 23, 2010 Order Instituting Rulemaking to consider a comprehensive policy framework for recycled water ("OIR"), California Water Service Company (U-60-W) ("Cal Water") respectfully submits this response to Question 5 of the OIR regarding utility partnerships with public agencies.

II. CAL WATER'S RESPONSE TO QUESTION 5

The OIR initiating this proceeding identified twenty-three (23) questions to be addressed during the comment period. The OIR specifically requested utility responses to Question 5, however, by December 8, 2010:

5. With which public agencies have utilities partnered in the production, sales, and/or delivery of recycled water in the past, and with which agencies do they plan future partnerships? Provide a contact person and full address for each identified agency.

Cal Water is currently acquiring recycled water from the West Basin Municipal Water District in its Dominguez South-Bay, Hermosa-Redondo, and Palos Verdes Districts. In the East Los Angeles District, Cal Water is purchasing recycled water from the Central Basin Municipal Water District. In the Westlake District, Cal Water is purchasing recycled water from the Calleguas Municipal Water District.

Cal Water has explored or may explore the possibility of partnering with the following public agencies with regard to recycled water: City of Livermore, City of Visalia, Metropolitan

Water District of Southern California, Water Replenishment District of Southern California,
Antelope Valley East Kern Water Agency, and Los Angeles County Sanitation District.
