If agenda items (including revisions) are not ready on the distribution date, they will be made available at no charge in the lobby outside the Commission Auditorium at 9:00 a.m. on the morning of the Commission meeting, but not earlier.

In addition, the Commission will make draft agenda items available for viewing and photocopying (at 20 cents per page) at the Commission's Central Files Office (Room 2002), 505 Van Ness Avenue, San Francisco, and in the Los Angeles, San Diego, and Sacramento field offices. Since the agenda package will be mailed to these locations, it will be available at these locations a day or two after the distribution date. 2/13/03            A01-09-040            Clear World Communications Corporation, for a  
Certificate of Public Convenience and Necessity to  
Operate as a Provider of Resold Local Exchange  
Telecommunications Service within the State of  
California.

**Summary:** On February 11, 2003, Andrew Ulmer, Counsel for the Clear World Communications Corporation (Clear World), met with Timothy Sullivan, advisor to Cmmr. Kennedy, in San Francisco and, subsequent to the meeting, left two voicemail messages for Timothy Sullivan, disclosing the number of Clear World's interLATA customers in California as well as Clear World's Carrier Identification Code. Also present was Margaret Tobias, Counsel for Clear World. Written material (attached to the notice) was used. Ulmer stated that the Commission should not adopt the alternate of Cmmr. Lynch to issue an order to show cause and transform the proceeding from a ratesetting to an adjudicatory matter. Tobias explained that the Public Utilities Code and Commission's own rules of practice and procedure precluded modifying scope of a certificate of public convenience and necessity (CPCN) application as well as modifying the category of the proceeding at this time in the proceeding. Tobias explained that Clear World had provided Third Party Verification tapes for each customer that had made a slamming allegation in the proceeding and in each case Clear World had previously made restitution to the customers. Tobias also stated that Clear World was

willing to sever its commercial relationship with International Telecommunications Consulting LLC and its member Christopher Mancuso. Ulmer explained that the proceeding involved a number of unfounded arguments concerning the conduct of Clear World and that CPSD had not provided any credible evidence that demonstrated Clear World's President and principal shareholder was unfit to operate a public utility in California.

**Summary:** On February 10, 2003, Andrew Ulmer, Counsel for the Clear World Communications Corporation (Clear World), met with Peter Hanson, advisor to Cmmr. Brown, in San Francisco. Also present was Margaret Tobias, Counsel for Clear World. Written material (attached to the notice) was used. Ulmer stated that the Commission should not adopt the alternate of Cmmr. Lynch to issue an order to show cause and transform the proceeding from a ratesetting to an adjudicatory matter. **Summary:** On February 10, 2003, Christopher Witteman, counsel for the Consumer Protection and Safety Division (CPSD), met with Peter Hanson, advisor to Cmmr. Brown, and Tim Sullivan, advisor to Cmmr. Kennedy, in two separate meetings in San Francisco. Cmmr. Brown briefly attended the meeting with Peter Hanson. Also present was Jason Zeller, Assistant General Counsel for CPSD. Written materials (attached to the notice) were used. A letter (attached to the notice) of Clear World Communications Corp. (Clear World) dated February 4, 2003 was discussed. Zeller and Witteman expressed CPSD's view that the letter was inaccurate and incomplete in its description of the evidence in the record. Zeller and Witteman also stated that an order directing Clear World to show cause why its certificate of public convenience and necessity should not be revoked would be appropriate. During the meeting with Tim Sullivan, Zeller and Witteman cited Clear World's misrepresentations to the Commission and disrespect of Commission authority, as described in the original proposed decision (PD). Zeller and Witteman indicated that CPSD believed that the original PD was correct, that the evidence supported a finding that Clear World's officers and directors were unfit for

public utility service, and that order to show cause was the most expeditious way to find facts and resolve the issue.

2/14/03            A01-09-040            Clear World Communications Corporation, for a Certificate of Public Convenience and Necessity to Operate as a Provider of Resold Local Exchange Telecommunications Service within the State of California.

**Summary:** On February 11, 2003, David Simpson, Counsel for the Clear World Communications Corporation (Clear World), met with Cmmr. Brown in San Francisco. Also present were Peter Hanson and Robert Wullenjohn, advisors to Cmmr. Brown, and Andrew Ulmer, Counsel for Clear World. Written material (attached to the notice) was used. Ulmer stated that the Commission should limit its decision to whether to grant or deny Clear World's application for a certificate of public convenience and necessity (CPCN). Ulmer stated that Clear World was willing to accept the injunctive relief set forth in the ALJ's proposed decision but that the threat to revoke the Company's CPCN contained in the alternate was unwarranted and procedurally flawed. Ulmer stated that the record did not sustain allegations of widespread slamming. Ulmer explained that the proceeding involved a number of unfounded arguments concerning the conduct of Clear World. Ulmer also stated that an order to show cause would, as a practical reality, amount to a regulatory signal to the Company to scale back or shut down California operations.

**Summary:** On February 12, 2003, Latino Issues Forum and The Greenlining Institute (LIF/Greenlining) send via facsimile and mail a letter (attached to the notice) to Pres. Peevey, and Cmmrs. Brown, Kennedy, Lynch and Wood. The letter questioned why LIF/Greenlining had been wrongfully excluded from intervention in this proceeding and why the modified proposed decision failed to adhere to the Commission's 'zero tolerance' policy on abuses, especially those targeted to Latino and other language minority communities. The letter urged the Commission to issue an Order to Show Cause why the applicant's existing certificate of public convenience and necessity should not be revoked.

2/14/03            I00-11-001            Order Instituting Investigation into implementation of Assembly Bill 970 regarding the identification of electric transmission and distribution constraints, actions to resolve those constraints, and related matters affecting the reliability of electric supply.

**Summary: AUGMENTATION REQUIRED.** On February 11, 2003, Stacy Van Goor, Attorney for San Diego Gas & Electric Company (SDG&E), met with Cmmrs. Wood and Kennedy in an all-party meeting. Also present were Steven Weissman, advisor to Cmmr. Wood, Laura Krannawitter, advisor to Cmmr. Kennedy, Belinda Gatti, advisor to Cmmr. Brown, Joe Kloberdanz, Regulatory Affairs Manager, and Billy Blattner, CPUC Relations Manager, for Sempra Energy Utilities (SEU), Linda Brown, Senior Engineer, SDG&E, and other attendees. Written material (attached to the notice) was used. Van Goor stated that SEU supports the proposed decision's (PD) findings that the Miguel-Mission and Imperial Valley Substation upgrade projects are needed based on economic analyses. Van Goor stated that the record supports the economic benefits of the project at 1360 mw; at a minimum, the PD should be revised to reflect the new generation about to come on-line near the Imperial Valley substation. Van Goor stated further that the PD should also be revised to update the cap to a total of \$61.1 million and remove the unnecessary requirement for a reasonableness review. Van Goor continued that the benefits found were not challenged, and that these benefits accrue to SDG&E's customers and to ratepayers in the CAISO control area. Van Goor urged the Commission to respect the record and plan for the future.
