NOTICE OF EX PARTE COMMUNICATIONS

Copies of tendered notices are available in the Central Files Office for review and/or reproduction under existing procedures. They are also available from the filing party who is under the obligation to provide copies of the notice without delay

- 12/1/06 **A04-12-004** – San Diego Gas & Electric Company and Southern California Gas Company, for authority to integrate their Gas Transmission Rates, establish firm access rights, and provide Off-

System Gas Transportation Services.

Summary: On November 28, 2006, Henry D. Nanjo, Staff Counsel for the State of California, Department of General Services (DGS), Natural Gas Services, met with Lindsay Brown, advisor to Cmmr. Bohn. Also present were Robert Lane, advisor to Cmmr. Bohn, Diana Lee, Robert Pocta, and Pearlie Sabino representing the Division of Ratepayer Advocates (DRA), Marshall Clark representing DGS, Randy S. Howard representing the Los Angeles Department of Water and Power (LADWP), and Norman Pedersen representing Southern California Generation Coalition. Written material (attached to the notice) was used. Howard explained that the Firm Access Rights (FAR), as proposed in both the proposed decision (PD) and alternate (APD) would hinder LADWP's efforts to provide reliable electric service, and increase costs. Howard explained that LADWP is trying to meet a goal of 20 percent renewable power by 2010 and that the FAR system would make it more difficult to reach the goal. Pedersen explained that FAR would shift risk from gas ratepayer to electric ratepayers. Lee explained that DRA opposed FAR because both core and noncore gas customers benefits from the current structure in which they are free to seek gas at numerous receipt points at no additional cost. Pocta stated that DRA shared the sentiment expressed by Pacific Summit Energy in a letter to the Commission which concluded that they were at a loss to understand how the adopted system of FAR would serve to improve the commercial gas market. Clark and Nanjo explained that the FAR proposal in the PD and APD would be especially difficult for DGS.

Also present were Andrea Kelly, Vice President, and Shay LaBray, Regulatory Director for California, for PacifiCorp. PacifiCorp representatives expressed their support for the proposed decision of ALJ Galvin, and emphasized that the major issues related to revenue requirement, rate of return, rate design, and revenue allocation were all resolved by uncontested settlements. Day explained that the record does not support a rate credit for Klamath Water Users Association (KWUA). Day also explained the flawed interpretation of water rights and errors in KWUA's methodology.

A04-09-019 – California-American Water Company, for a certificate of public convenience and necessity to construct and operate its Coastal Water Project to resolve the long-term water supply deficit in its Monterey District and to recover all present and future costs in connection therewith in rates.

Summary: On November 30, 2006, Dana Appling, Director, Division of Ratepayer Advocates (DRA), met with Rami Kahlon, advisor to Pres. Peevey, in San Francisco. Also present were Monica McCrary, counsel, Danilo Sanchez, Program

Manager, and Diana Brooks, Supervisor, for the DRA, and David Laredo, General Counsel, and Heidi Quinn, Counsel, for the Monterey Peninsula Water Management District (MPWMD). Written material (attached to the notice) was used. Copies of DRA's testimony (attached to the notice) were provided to Rami Kahlon on December 1, 2006. DRA explained that the proposed decision (PD) erred in beginning surcharge 2 when the Commission issues a certificate of public convenience and necessity (CPCN) for the Coastal Water Project. DRA stated that the Commission should not allow California American Water Company (Cal Am) to recover preconstruction costs until the Commission has issued a CPCN. DRA discussed the PD's failure to establish safeguards to protect customer contributed capital or to insure that Cal-Am does not profit off of ratepayer contributions. DRA stated that the PD fails to conduct any analysis of the outreach expenditures. Laredo stated that the PD adopts these outreach costs despite evidence of Cal Am's deficient business practices. DRA explained that the PD fails to address how the surcharge will affect low income customers. Laredo explained that MPWMD's interest in this proceeding is in assuring that Monterey residents do not have to pay for another abandoned project.

12/6/06 **A05-03-005** – Pacific Bell Telephone Company, dba SBC California, for a surcharge and a balancing account to recover undergrounding costs in the City of San Diego.

Summary: On December 4, 2006, Doug Garrett, Vice President of Regulatory Affairs for Cox California Telecom, LLC, dba Cox Communication (Cox), met with Aram Shumavon, advisor to Cmmr. Brown, and Lester Wong, advisor to Pres. Peevey, in two separate meetings in San Francisco. Also present were Peter Casciato, counsel for Time Warner Telecom LP and Time Warner Cable Information Services (California), dba Time Warner Cable (Time Warner), and Glenn Semow, Assistant Vice President of Regulatory Affairs for the California Cable and Telecommunications Association. The parties explained that the draft decision (DD) would impose the surcharge on the customers of facilities-based competitive local exchange carriers (CLECs) that make no use of AT&T's facilities in San Diego. The parties furthermore stated that both Time Warner and Cox have incurred their own undergrounding expenses and that they should not be required to recover AT&T's costs in addition to their own. The parties also noted that the DD appears, inappropriately, to apply the proposed surcharge to the customers of CLECs offering service outside the City of San Diego.

12/7/06 **A04-12-004** – San Diego Gas & Electric Company and Southern California Gas Company, for authority to integrate their Gas Transmission Rates, establish firm access rights, and provide Off-System Gas Transportation Services.

Summary: On December 4, 2006, Evelyn Kahl, counsel to the Indicated Producers (IP), had a telephone conversation with Andy Campbell, advisor to Cmmr. Chong. Kahl reiterated the position of the IP that while both a cost basis for and unbundling of the Firm Access Rights are important, unbundling is the most critical element in the short-run. Kahl suggested that the alternate decision could be revised to provide for an unbundling of the 5 cent charge, while directing

Southern California Gas Company/San Diego Gas & Electric Company to present an updated cost-based unbundling study in advance of the 18 month review to ensure there is not further delay in moving toward a cost-based rate.
