Decision (D.) 13-04-017, approved by the Commission on April 18, 2013, directed Commission staff to continue to study the 2012 Demand Response Program data from San Diego Gas & Electric Company and Southern California Edison Company and develop a report describing lessons learned from this data. Furthermore, D.13-04-017 encouraged staff to make further recommendations for program revisions that improve the Demand Response programs based on 2012 data. Ordering Paragraph 31 of the decision directed staff to submit and serve the report no later than April 30, 2013. After receiving a one-day extension from the assigned Administrative Law Judge, staff submitted its "Lessons Learned

Ordering Paragraph 31 of D.13-04-017 also provided parties to this proceeding and other interested stakeholders the opportunity to file and serve comments to the report no later than 14 days after the filing of the Commission Report.

Pursuant to Commission Rules of Practice and Procedure (Rule) 13.11, the staff report is hereby identified, as stated above, and marked as Reference Exhibit 1. Should any party have any objection to the admittance of this exhibit into the record of this proceeding, that party should email the assigned Administrative Law Judge no later than three days from the issuance of this Ruling with the reason for the objection. A copy of the email should be sent to the service list of this proceeding. If no objection is received by the deadline, Reference Exhibit 1 shall be admitted into the record of this proceeding.

IT IS RULED that:

1. The staff report, "Lessons Learned from Summer 2012 Southern California Investor Owned Utilities' Demand Response Programs," is identified and marked as Reference Exhibit 1.
