**NOTICE OF *EX PARTE* COMMUNICATIONS OF SOUTHERN CALIFORNIA EDISON  
COMPANY (U338-E)**

Pursuant to Rule 8.4 of the Rules of Practice and Procedure of the California Public Utilities Commission (“Commission”), Southern California Edison Company (“SCE”) hereby gives notice of the following *ex parte* communications.

SCE initiated and participated in two *ex parte* meetings on Wednesday, May 18, 2016 with Commission staff to discuss the California Environmental Justice Alliance’s (“CEJA”) Motion to Set Aside Submission and Reopen Record to Take Additional Evidence (“Motion”) in this proceeding. The first meeting was at 10:00 a.m. with Sepideh Khosrowjahn, Chief of Staff for Commissioner Florio, and Charlyn Hook, Advisor to Commissioner Florio. The second meeting was at 1:00 p.m. with David Gamson, Chief of Staff for Commissioner Peterman. Dawn Anaiscourt, Director, CPUC Regulatory Affairs, was SCE’s representative at the meetings. Each meeting lasted approximately 30 minutes and took place at the CPUC’s offices, located at 505 Van Ness Avenue, San Francisco, California. No written materials were provided. The same issues, as described below, were discussed at each meeting.

During the meetings, SCE reiterated the position taken in its response to CEJA’s Motion, specifically, that the Motion should be denied as unnecessary and inappropriate. First, consistent with assumptions made by the California Independent System Operator (“CAISO”) and the Commission, and recently confirmed by NRG, the Ormond Beach Generating Station will not operate beyond 2020. Second, contrary to assertions made by CEJA, the CAISO’s 2017 Local Capacity Technical Analysis continues to support the need for the Puente generating facility.

Third, it is inappropriate to relitigate the need determination for the Moorpark sub-area in this proceeding. The Puente generating facility remains needed for reliability purposes in the Moorpark sub-area and SCE's Application for Approval of the Results of its 2013 Local Capacity Requirements Request for Offers for the Moorpark sub-area, which includes the Puente and Ellwood contracts, should be approved at the May 26, 2016 Commission meeting.

Respectfully submitted,

JANET S. COMBS
