COMPLAINT

(D) The complaint of (Provide name, address and phone number for each complainant)

Name of Complainant(s)	Address	Daytime Phone Number
MATTHEW KUTLMAN	4009 RANCHBROOK Rd, FALLBROOK CA 92028	614-753-8172
	Acc# 9019 227 6167	

respectfully shows that:

(E) Defendant(s) (Provide name, address and phone number for each defendant)

Name of Defendant(s)	Address	Daytime Phone Number
SDG & E	PO BOX 25111 SANTA ANA CA 92799-5111	800-411-7343

(F)

Explain fully and clearly the details of your complaint. (Attach additional pages if necessary and any supporting documentation)

PLEASE SEE ATTACHED.

(G) Scoping Memo Information (Rule 4.2(a))

(1) The proposed category for the Complaint is (check one):

adjudicatory (most complaints are adjudicatory unless they challenge the reasonableness of rates)

ratesetting (check this box if your complaint challenges the reasonableness of a rates)

(2) Are hearings needed, (are there facts in dispute)? YES NO

(3) Regular Complaint Expedited Complaint

(4) The issues to be considered are (Example: The utility should refund the overbilled amount of \$78.00):

DUE TO INCORRECT BILLING, THE \$1000.00 PAID TO RESTORE SERVICE SHOULD HAVE MORE THAN COVERED WHAT THE ACTUAL BILL SHOULD HAVE BEEN IF CALCULATED CORRECTLY. BILL SHOULD BE ZEROED OUT AND CURRENT CHARGES SHOULD CONTINUE AT THE NEWLY DISCOVERED CORRECT RATE DUE TO NEW METER.

(5) The proposed schedule for resolving the complaint within 12 months (if categorized as adjudicatory) or 18 months (if categorized as ratesetting) is as follows:

Prehearing Conference: Approximately 30 to 40 days from the date of filing of the Complaint.
Hearing: Approximately 50 to 70 days from the date of filing of the Complaint.

Prehearing Conference (Example: 6/1/09):	
Hearing (Example: 7/1/09)	

Explain here if you propose a schedule different from the above guidelines.

(H)

Wherefore, complainant(s) request(s) an order: State clearly the exact relief desired. (Attach additional pages if necessary)

TOTAL SUM OF REMAINING BILL SHOULD BE DISMISSED
IF NOT EVEN SOME FUNDS BE REFUNDED BACK.

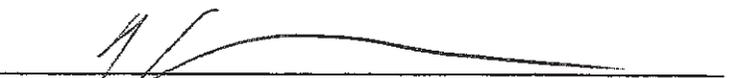

(I)

OPTIONAL: I/we would like to receive the answer and other filings of the defendant(s) and information and notices from the Commission by electronic mail (e-mail). My/our e-mail address(es) is/are:

kuhlm003@cougars.csusm.edu

Greetings CPUC Staff,

The following is my explanation per section F of the Formal Complaint Form.

After the filing date of my bankruptcy on June 23, 2015, I was informed that SDG&E would simply see me as a new client and start an entirely new account. Being that I was informed of this two months after I had filed for my bankruptcy, I repeatedly urged them to send me an updated bill so that the new bill would not continue to add up and start off at a large amount.

Upon receiving the first new bill on August 24, 2015, the total amount for \$2,852.36 was actually even greater than what the bill was before my bankruptcy. I immediately suspected and brought to their attention that I felt they were manipulating the rates in order to "re-coupe" the monies they had lost due to the bankruptcy.

When the first "adjustment" arrived, the new bill mailed September 23, 2015 was only slightly less, \$2,026.90. Still knowing this amount was impossible for a single person to accumulate in three months, I continued to raise complaints and request further investigation into the rates they were applying.

Their first two explanations for the "incorrect" billing was that on the first bill they had not applied my medical baseline allowance. Subsequently, on the second and third "adjustments," they simply claimed that they only applied the medical baseline allowance to one month, then corrected it the next time to include another month, and then included the medical baseline allowance on October 06, 2015 bringing the bill to \$1,359.19

I insisted that copies of what they were billing be sent to me to compare the hardcopies I had saved in order to cross reference each set and figure out where they had been making adjustments. Each time a customer service representative reached a certain level of being able to see that "some adjustments had been made," but they may not be complete and correct adjustments, they informed me that a supervisor with the authority to discuss the account on that level would contact me. No supervisor ever contacted me. However, further "adjustments" had been made and a new bill for \$1,535.09 was mailed on October 22, 2015.

By this time, even when I tried to make payment arrangements with customer service, the amount I was willing to start paying along with the current charges was not acceptable to them and they refused to set up payment arrangements.

I had been also during the entire time in contact with a representative named Linda from collections. While she was trying to be understanding, it was not within her department to fully investigate why the bills were still so high and why so many adjustments had to be made with no explanation. She knew my position of being advised not to start paying anything until firm adjustments and current charges could be defined. She warned, and eventually had to follow

through, that the service would eventually be disconnected despite the medical lock tag placed on the meter.

The service was disconnected, and I had to come up with a \$1,000 payment to restore service after it had been off for a full 7 days. Upon restoring the service, and seeing that even for the month when 7 days had been without power they were trying to claim my current charges for that month alone were \$344+, I even more strongly insisted that something was still not being investigated properly. The technician that restored the service IMMEDIATELY saw a problem and insisted I request to have the "smart meter" changed and request the meter be inspected. Days later, the meter was changed.

Even though SDG&E will not provide me with information about what was faulty about the previous meter, the current usage for the first month with the replacement meter read almost exactly half of what the old meter was reading AND the current usage bill was only \$118.43, (which I paid immediately,) almost a third of what I was being charged previous months. Note: I WENT TO GREAT LENGTHS TO MAKE SURE THAT MY USAGE IN THE HOME DID NOT CHANGE IN SO FAR AS MY LIVING HABITS. The change had simply been a combination of a meter that was now reading correctly and the rates, at least temporarily, being correct.

As you can imagine, it is my firm belief that SDG&E manipulated my bill, combined with an already faulty meter, in order to insure that I would end up paying them the same dollar amount over time in order for them to "re-coupe" what they had lost due to my bankruptcy.

I feel strongly that if the past bills had been metered by an accurate meter, and if the billing had not been manipulated, my bills would have been closer to that \$118+ per month. In which case, subtracting the \$1,000 I already paid, the remaining amount of \$1,349.50 would be at least \$0.00 if not at a negative amount requiring an actual refund.

Thank you for your consideration in this matter,

Very Respectfully,

A handwritten signature in black ink, appearing to read 'Matthew J. Kuhlman', written over a horizontal line.

Matthew J. Kuhlman

(N) NUMBER OF COPIES NEEDED FOR FILING:

If you are filing your formal complaint on paper, then submit one (1) original, six (6) copies, plus one (1) copy for each named defendant. For example, if your formal complaint has one defendant, then you must submit a total of eight (8) copies (Rule 4.2(b)).

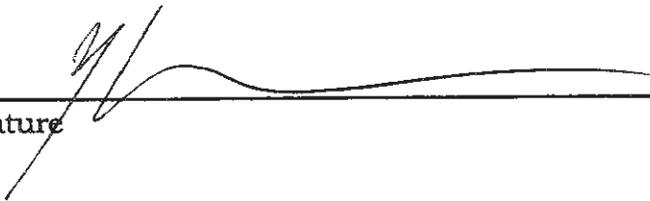

If you are filing your formal complaint electronically (visit <http://www.cpuc.ca.gov/PUC/efiling> for additional details), then you are not required to mail paper copies.

(O) Mail paper copies to: California Public Utilities Commission
Attn: Docket Office

This message is to inform you that the Docket Office of the California Public Utilities Commission ("CPUC") intends to file the above-referenced Formal Complaint electronically instead of in paper form as it was submitted.

Please Note: Whether or not your Formal Complaint is filed in paper form or electronically, Formal Complaints filed with the CPUC become a public record and may be posted on the CPUC's website. Therefore, any information you provide in the Formal Complaint, including, but not limited to, your name, address, city, state, zip code, telephone number, E-mail address and the facts of your case may be available on-line for later public viewing.

Having been so advised, the Undersigned hereby consents to the filing of the referenced complaint.

Breakdown of Electric Charges

The total electric charges shown in the "Electric Service" section include the following components. Definitions for these terms are shown on page 5 of your bill.

Electricity Generation	95.89
Transmission	31.70
Distribution	116.34
Public Purpose Programs	15.23
Nuclear Decommissioning	.51
DWR Revenue Adjustment	-2.98
Competition Transition Charge	1.30
Local Generation Charge	.47
Reliability Services	.32
TRAC	-56.52
Total Electric Costs	\$202.26

Meter Number: 05302192

The average cost per kilowatt hour (kWh) figures in the chart above are based on averages. Actual prices may vary. For more information visit www.sdge.com/customer/rates.

TRAC	-96.04
Total Electric Costs	\$107.47

Meter Number: 05302192

The average cost per kilowatt hour (kWh) figures in the chart above are based on averages. Actual prices may vary. For more information visit www.sdge.com/customer/rates.

A Sempra Energy utility®

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climatic Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs)

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email:

consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email:

consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email:

consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email:

consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.
