Energy Savings Assistance Program and California Alternate Rates for Energy Program Monthly Report for August 2016

This Monthly Report complies with low income reporting requirements established in Decision (D.)12-08-044, and with all reporting and program evaluation requirements previously established for the California Alternate Rates for Energy (CARE) and Energy Savings Assistance (ESA) Programs. The utilities met with Energy Division staff to revise reporting tables and formats in compliance with the mandates of D.12-08-044 and now use the resulting Energy Division-approved monthly reporting format.

1. Energy Savings Assistance Program Summary

The ESA Program provides free home weatherization, energy-efficient appliances and energy education services to income-qualified PG&E customers throughout the Company's service area. To qualify for the ESA Program, a residential customer's household income must be at or below 200 percent of Federal Poverty Guidelines, as required in D.05-10-044. PG&E has offered energy efficiency programs to income-qualified customers in its 48 counties since 1983. The ESA Program's objective is to help income-qualified customers reduce their energy consumption and costs while also improving their quality of life. The 2012-2014 ESA Program authorized in D.12-08-044 continues as a resource program emphasizing long-term and enduring energy savings. It continues to serve all willing and eligible low income customer populations by providing all feasible ESA Program measures at no cost to the customer through a direct-install approach. All housing types are eligible to participate, and the ESA Program is available to both homeowners and renters. D.14-08-030 approved a 12 month bridge funding for 2015 at the authorized 2014 budget level. D.15-12-024 and D.16-06-018 authorized PG&E to expend an amount not to exceed the 2015 authorized budget to continue the ESA Program, from January 1, 2016 until December 31, 2016 or until the Commission adopts a final decision on the IOU's budget applications for 2015-2017.

1.1 Energy Savings Assistance Program Overview

PG&E's 2012-2016 ESA Program follows the policies and guidance given in D.07-12-051, which established the following programmatic initiative for the ESA Program (formerly known as LIEE):

To provide all eligible customers the opportunity to participate in the LIEE programs and to offer those who wish to participate all cost-effective energy efficiency measures in their residences by 2020.

PG&E's ESA Program has treated 47,583 customers through August 2016.

1.1.1 Provide a summary of the Energy Savings Assistance Program elements as approved in D.14-08-030:

Energy Savings Assistance Program Summary			
2016	Authorized / Planning Assumptions	Year-to-Date Actual	YTD %
Budget¹	\$163,946,779	\$69,344,050	42%
Homes Treated²	119,940	47,583	40%
kWh Saved	NA	16,924,035	
kW Demand Reduced	NA	3,408	
Therms Saved	NA	1,017,504	

¹Program authorized budget per D.15-12-024 and D.16-06-018, and actual expenses have been updated to include employee benefits costs approved in the GRC D.14-08-032.

²Adopted Number of Homes to be Treated as per Order issued 8/20/2014 Decision 14-08-030.

1.2 ESA Program Customer Outreach and Enrollment Update

PG&E's outreach team and the ESA Program contractors conduct outreach through different channels and in multiple languages, including: Bill inserts, direct mailings, emails, outbound phone calls, ethnic and local media, community events and partnerships and other innovative approaches. Customers who call PG&E's customer service centers are referred to the ESA Program and assigned to a contractor in their area.

The ESA Program partners with 29 local installation contractors, 2 appliance contractors, and 9 Community-Based Organizations (CBOs), of which 6 are also Low Income Home Energy Assistance Program (LIHEAP) agencies.

PG&E has four contracts with LIHEAP agencies that are now working within PG&E's ESA Program. PG&E coordinates with these LIHEAP agencies to install Energy Star® refrigerators in homes receiving PG&E electric service where the LIHEAP contractors have installed all other measures under the State Weatherization Program. This allows both the ESA Program and LIHEAP to leverage their resources and help additional low income homes. Through April, 12 refrigerators have been installed through this effort.

1.2.1 Provide a summary of the Energy Savings Assistance Program outreach and enrollment strategies deployed this month.

During the month of August, PG&E continued to receive applications in response to the March ESA mail-in application in the bills of CARE-enrolled customers. Through August, we have received more than 45,000 applications from this outreach tactic.

We continue to receive response to March's ESA direct mail package. Through August, we have received more than 9,800 responses to this

1.3 Leveraging Success Evaluation, Including California Community Services Department (CSD)

1.3.1 Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What was the result in terms of new enrollments?

PG&E, SCE, SDG&E and SoCal Gas have been meeting with CSD staff since October 16, 2012 to discuss leveraging opportunities in compliance with D.12-08-044.

1.4 Workforce Education & Training

1.4.1 Please summarize efforts to improve and expand the ESA Program workforce education and training. Describe steps taken to hire and train low income workers and how such efforts differ from prior program years.

Contractors are encouraged to hire local workers to implement the ESA Program in their areas. All contractors and subcontractors responsible for implementing the ESA Program are trained at the PG&E Energy Training Center (ETC) in Stockton California. Most of these ESA Program energy specialists and installation contractors are from the local communities in which they work. Year-to-date, 180 individuals in 16 sessions (1,104 student days) have been trained to deliver the ESA Program in various capacities. Included in these numbers are 4 sessions of NGAT, 25 students, and 150 student days.

PG&E continues to participate in the statewide workforce education and training working group.

¹Student days for March was reported as 721, however it should have been reported as 490. Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

1.5 Miscellaneous

ESA Program Coordination with the Single Family Affordable Solar Housing (SASH) Program

PG&E's ESA Program works with Grid Alternatives to deliver ESA services to customers that have been approved to participate in the SASH Program. Grid

Alternatives refers SASH-eligible homes to PG&E on a regular basis. If the customer has not yet participated in the ESA Program, the customer is placed in the program. The home is assessed and delivery of all eligible measures is expedited. PG&E then notifies Grid Alternatives of the measures that were installed in the home. Grid Alternatives uses this data in their calculations to accurately size the SASH solar unit to be installed. Year-to-date, the ESA Program has completed treatment of 14 homes that were selected for SASH program participation.

ESA Program Pilots

PG&E proposed several ESA pilots for the 2015-2017 ESA Program cycle, including an Energy-Water Conservation 2015 Plan, a Consumption-Driven Westherization Pilot, and a Home Area Network (HAN) pilot. Following discussion at the Application workshops in June 2015, PG&E decided to proceed with the Leveraging Plan in support of the Energy-Water Conservation 2015 Plan due to the urgency of California's emergency drought conditions. PG&E covered the costs associated with developing this Leveraging Plan in the General Administration category within its 2015 Bridge Fund.

In collaboration with water utilities and other stakeholders, PG&E is developing a strategic plan that provides for the integration and leveraging of existing water conservation program offerings with ESA Program offerings. PG&E's energy-water leveraging plan is providing information needed to implement effective co-funded energy-water conservation programs and leveraging partnerships during the 2016-2017 ESA Program cycle, and includes recommendations for an agreement between IOUs and water utilities including: cost sharing, operational and management oversight, reporting and cost controls, quality assurance, and identified issues and barriers.

ESA Program Studies

Four statewide studies were proposed for the 2015-2017 ESA Program cycle. These included: (1) a low income needs assessment study; (2) an impact evaluation of the 2015 ESA Program; (3) a Phase II ESA energy education study; and (4) a non-energy benefits and equity criteria evaluation. These studies have not yet been authorized. However, following direction of Energy Division, IOU's proceeded to bid out two time-sensitive studies in 2015: the LINA study and the Impact Evaluation. The LINA Study is mandated to be updated every three years per State code, and a new one must be completed by December 2016. Current ESA impacts are necessary for planning the next program cycle, an Application for which would be due in 2017 if past schedules are followed.

A Public Workshop to gather input on the LINA Scope of Work was held on May 13, 2015. A Request for Proposals was released on July 22, 2015, and Evergreen

Economics was selected to perform the work. The project kicked-off in November 2015, and a Public Meeting to discuss the Research Plan was held on January 28, 2016. The Final Report will be completed in December 2016.

A Request for Proposals to perform the ESA Impact Evaluation was released on November 16, 2015, and has not yet been awarded.

2 California Alternate Rates for Energy Program Summary

The CARE Program provides a monthly discount on energy bills for qualifying households throughout PG&E's service area.

To qualify for the CARE discount, a residential customer's household income must be at or below 200 percent of Federal Poverty Guidelines, as required in D.05-10-044 and per Public Utility Code Section 739.1(b) (1).

The 2012-2014 CARE Program was adopted in D.12-08-044 issued on August 30, 2012. The authorized CARE administrative budget for 2014 is \$14,766,512. This 2014 budget includes \$134,846 for PG&E's Cooling Centers Program.

D.12-12-011 approved continued funding of the Community Help and Awareness with Natural Gas and Electricity Services (CHANGES) Pilot Program through the CARE Outreach budget at the current statewide funding level of \$60,000 a month until the end of 2014. PG&E is responsible for 30%, or \$18,000 a month, of the Joint Utility pilot program cost. The CHANGES Pilot Program provides funding to Community Based Organizations (CBOs) to assist Limited English Proficient (LEP) customers with energy education and billing issues.

D.12-12-011 required that the utilities report CHANGES activity in the monthly reports beginning in April, 2013.

D.14-08-030 approved a 12 month bridge funding for 2015 at the authorized 2014 budget level. The decision also approved continued bridge funding for the CHANGES pilot program of \$61,200 a month until the end of 2015, a 2% increase from authorized 2014 funding level.

D.15-12-024 and D.16-06-018 authorized PG&E to expend an amount not to exceed the 2015 authorized budget to continue the CARE Program, from January 1, 2016 until December 31, 2016 or until the Commission adopts a final decision on the IOU's budget applications for 2015-2017.

D.15-12-047 approved continued funding for the CHANGES Pilot Program on a month-to-month basis, at current funding level of \$61,200 a month until the ongoing CHANGES program contract, including selection of Community-Based Organizations under the new consultant contract, can commence.

2.1 CARE Program Cost Summary

CARE Budget Categories	Authorized Budget[1]	Actual Expenses Year to Date[1]	% of Budget Spent
Outreach	\$5,846,455	\$3,795,338	65%
Processing, Certification, Recertification	\$3,961,081	\$839,833	21%
Post Enrollment Verification	\$2,097,136	\$694,489	33%
IT Programming	\$735,794	\$417,196	57%
Cooling Centers	\$134,904	\$122,028	90%
CHANGES Pilot Program & CHANGES Program	\$374,831	\$254,795	68%
Measurement and Evaluation	\$48,000	\$58,115	121%
Regulatory Compliance	\$387,587	\$235,753	61%
General Administration	\$2,229,066	\$752,060	34%
CPUC Energy Division Staff	\$128,000	\$100,950	79%
Total Expenses	\$15,942,853	\$7,270,557	46%
Subsidies and Benefits	\$605,950,000	\$403,634,993	67%
Total Program Costs and Discounts	\$621,892,853	\$410,905,550	66%

[1] Program authorized budget per D.15-12-024 and D.16-06-018, and actual expenses have been updated to include employee benefits costs approved in the GRC D.14-08-032.

PG&E's expense is over its Measurement and Evaluation authorized budget. PG&E will fund-shift at year-end to cover the overspending in accordance with the fund-shifting rules authorized in D.12-08-044, and will report this information in its 2016 Annual Report.

2.1.1 Please provide the CARE Program penetration rate to date

CARE Penetration		
Participants	Estimated Eligible Participants	YTD Penetration Rate
1,423,140	1,612,148	88%

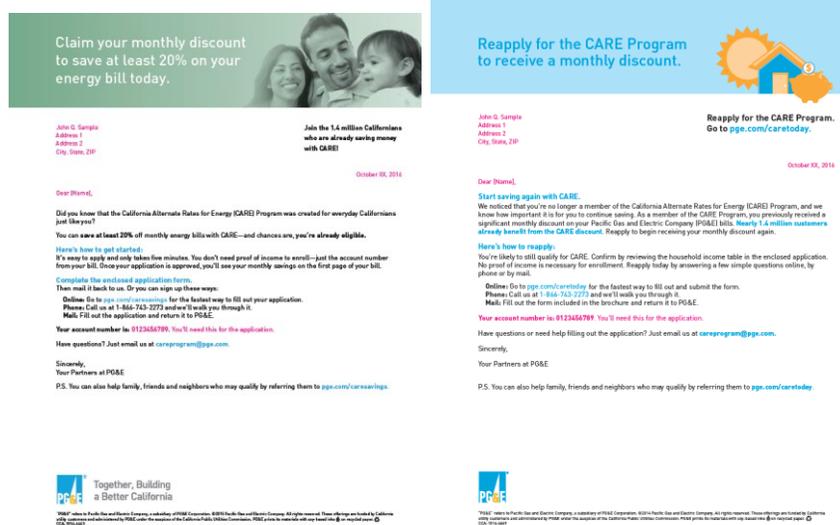

2.2 Outreach

2.2.1 Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

In August, PG&E continued with its Q2 wave of acquisition direct mail and email outreach in order to update the savings claim. The multi-touch acquisition campaign, will resume in early October targeted to customers

with a high propensity for eligibility as well as those who participated in the program but did not recertify.

Sample direct mail creative:

The PG&E outreach team continued its digital ad and online search campaigns for both Gas and Electric customers that did not mention the incorrect savings claim. The focus is on Spanish-speaking audiences, displayed on English and Spanish sites. The campaigns are continuously being optimized to ensure presence of top performing creative on the most effective sites.

PG&E continued to participate in media interviews to promote the CARE Program with the following outlets:

- Interview with KFTV Univision 21 Fresno - Arriba Valle Central on their "Wake up Central Valley" daily morning show. Arriba Valle Central reaches an average of 18,000 viewers in the Fresno-Visalia DMA.

PG&E continued the monthly digital newsletter targeting customers with a high propensity for eligibility in CARE and ESA Program with the purpose of building awareness for both programs.

PG&E's targeted Community Engagement work complements Solutions Marketing Outreach by adding face-to-face interactions and enrollment activities through trusted community partners and events. These activities occur throughout the year. August activities included:

- Local Office Partnerships – CARE partners with local offices to inform customers about the program and to distribute applications.
 - In August, this initiative produced 490 new enrollments from 12 local office events
 - Year to date, this initiative has produced 4,689 new enrollments
- Community Outreach Contractors (COCs) - PG&E contracted with 63 COCs throughout its service area. These organizations represent a variety of communities, including African-Americans, Hispanics, Asian Pacific Islander Americans (Chinese, Vietnamese, Laotian, and Hmong), Native Americans, seniors, rural residents, agricultural workers, sub-metered tenants, and nonprofit living facilities.
 - Year to date, this initiative has led to 605 new enrollments.
- Health Outreach Workers: Vision y Compromiso, a nonprofit organization, partners with PG&E to deliver a culturally and linguistically specific outreach community engagement model to provide community-based health outreach workers with relevant training and support. This work is designed to increase Latino families’ awareness of and enrollment in PG&E’s low income portfolio of offerings (primarily California Alternate Rates for Energy (CARE) program) and enhance families’ energy education and energy savings by providing information about the ESA program. This model is focused in Alameda and Yolo Counties with eight health outreach workers providing outreach to hard to reach customers. In the month of August, they provided information to 2,140 customers, submitted 534 CARE applications, and helped 190 customers sign-up for Spanish Energy Statements.
- Out-of-School Time (OST) Outreach: California School Age Consortium (CalSAC), a nonprofit organization, kicked off its continued partnership with PG&E in its outreach to students and their families in the out-of-school time field. In the month of August, the partnership focused its trainings for educators in Alameda county.

Modeled after the Energenius curriculum, the OST trainings consist of 4 training modules and 4 activities guides that cover the following topics: Energy and You, Energy and the Environment, Water and Energy and Become an Energenius.

Sample Energenius curriculum:

Energenius® Out-of-School Time Program

Activity Guide 1

Energy and You

Activities on Understanding
Energy Use and Energy Efficiency

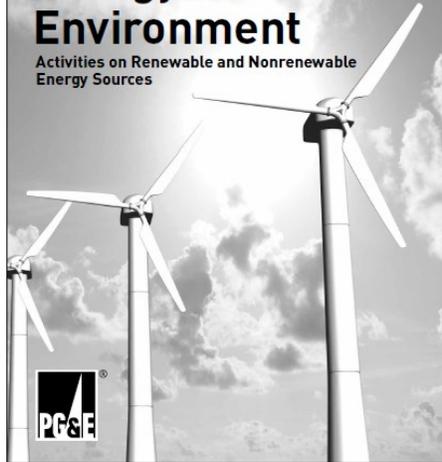

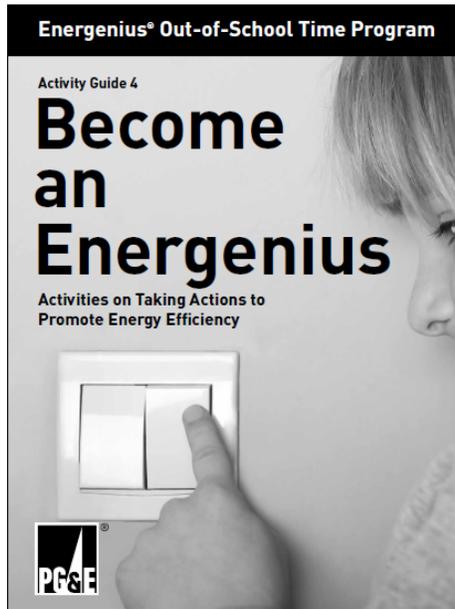

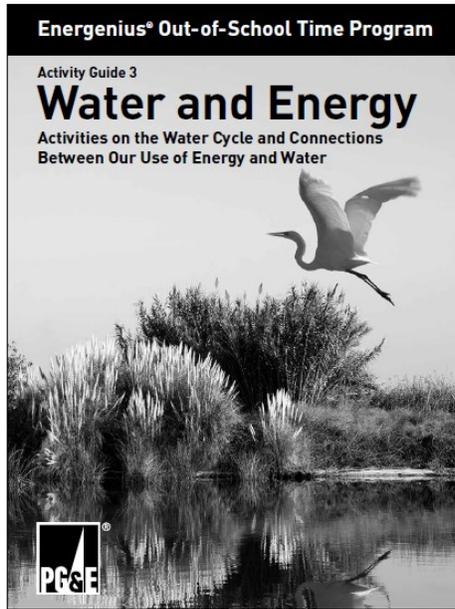

Energenius® Out-of-School Time Program

Activity Guide 2

Energy and the Environment

Activities on Renewable and Nonrenewable
Energy Sources

The curriculum features activities to engage children and families in energy saving practices at school, after school and at home. The materials are written to engage families through “take home” activities and challenges to encourage knowledge transfer from youth to family. PG&E also included verbiage to promote CARE and ESA as part of the energy assistance education.

- In August, PG&E launched the CARE Community Ambassador Pilot Program (CAM). These CAM organizations will serve as

PG&E's "point of contact" resource for community engagement efforts and will foster trust and connections through targeted community partnerships. Ambassadors will be responsible for educating residential customers about the California Alternate Rates for Energy Program (CARE) and the importance of its post enrollment verification (PEV) process. They will provide CARE post-enrollment verification customers with personalized assistance to complete and submit documentation requirements to retain their discount.

This pilot establishes a new standard for PG&E community partnerships, Community Ambassadors will be equipped to deliver place based customer support in hard-to-reach communities. They will complete a comprehensive program training that will include additional capacity building tools including customer service skills, outreach best practices, and program knowledge on the full breath of PG&E's Low Income Portfolio programs and services.

Community Ambassadors will help support hard to reach customers by staffing or hosting community events. The two-year pilot will be instrumental to CARE acquisition and retention efforts and in increasing awareness of the broader Low Income Portfolio.

- PG&E continued the CARE Application Incentive Program for the Local Customer Service offices to participate in to increase the CARE enrollment numbers. This is a monthly individual and quarterly team office incentive program. CARE applications submitted and processed by employees are entered into a drawing to win prizes.

Describe the efforts taken to reach and coordinate the CARE Program with other related low income programs to reach eligible customers.

PG&E exchanges data with Southern California Edison (SCE) Company and Southern California Gas (SCG) Company and automatically enrolls their CARE households if they also receive PG&E service. PG&E also exchanges data of qualified low income households with the Sacramento Municipal Utility District (SMUD). PG&E provides natural gas within the SMUD electric service area and automatically enrolls qualified low income customers served by SMUD onto the CARE Program. These data

exchanges are currently on hold while PG&E updates their information security agreements.

PG&E automatically enrolls customers who receive LIHEAP and Relief for Energy Assistance through Community Help (REACH) payments. Year-to-date, 2,306 LIHEAP customers and 401 REACH customers have been automatically enrolled onto the CARE Program.

Year-to-date, 10,621 ESA Program participants have been enrolled in the CARE Program.

Additionally, PG&E continues to coordinate CARE, ESA and other low income outreach efforts to provide likely eligible customers with the knowledge and tools to access helpful PG&E services. For example, upcoming CARE and ESA acquisition campaigns will cross-reference programs in automated phone calls, emails and direct mail. The goal with these and similar efforts moving forward is to help financially challenged customers manage their energy bills in a more holistic and sustainable way.

2.2.2 Recertification Complaints

D.08-11-031, Ordering Paragraph 90, directed the IOUs to report in their monthly and annual reports the number of customer complaints received regarding CARE recertification efforts and the nature of the complaints beginning with the first report due on or about December 31, 2008. PG&E reports that it received no complaints about CARE recertification in August.

2.3 Miscellaneous

D.08-11-031, Ordering Paragraph (OP) 64, granted the IOUs discretion about how to enroll eligible public housing residents in each of their service areas. In response, PG&E contracted with Public Housing Authorities as COCs to enroll their eligible residents in the program.

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

[1] No 2015-2017 Pilots or Studies have been officially authorized, pending a 2015-2017 Decision. Re PG&E Pilots: PG&E began this leveraging initiative in 2015 in support of the Energy-Water Plan in 2015 due to the urgency of California drought condition. This work was paid out of General Administration budget. Re Statewide Studies: ED requested that work start on the ESA Impact and LINA Studies, due to their critical deadlines. Study budgets/expenses shown are PG&E's portion only, not total statewide study amounts.

[2] SoCalGas is the project manager of the Impact Evaluation and will pay the consultant, billing PG&E for its 30% share. This Study has been bid out, but a contract has not yet been awarded.

[3] SCE is the project manager of the Needs Assessment and will pay the consultant, billing PG&E for its 30% share. This Study was bid out in 2015 and work just began in 2016.

CARE Table 1 - CARE Program Expenses - PG&E

[1] The Outreach category includes expenses from Acquisition and Retention Outreach, Capitation Fee, Mass Media Advertising, and Expanded Outreach.

[2] D.15-12-047 approved continued funding for the CHANGES Pilot Program in 2016 at the funding level of \$61,200 per month. D.15-12-047 also approved funding of CHANGES Program. Recorded expenditures include contract and PG&E

[3] The Authorized Budget for the CARE Rate Discount per D.15-12-024 and D.16-06-018.

Per D.02-09-021, PG&E is authorized to recover the full value of the discount through the CARE two-way balancing account on an automatic pass-through basis.

[4] PPP Exemption - CARE customers are exempt from paying CARE program costs including PPP costs for CARE admin, and the CARE surcharge.

[5] Program authorized budget per D.15-12-024 and D.16-06-018 has been updated to include \$848,000 employee benefits costs approved in the GRC (D.14-08-032) - Decision Authorizing Pacific Gas and Electric Company's General Rate Case Revenue Requirement for 2014-2016, approved on August 14, 2014. Actual employee benefit burden costs have been included in the program monthly and YTD expenses.

Notes: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

¹ Enrollments via data sharing between the IOUs.

² Enrollments via data sharing between departments and/or programs within the utility.

³ Enrollments via data sharing with programs outside the IOU that serve low-income customers.

⁴ PG&E counts attrition due to no response in the Failed PEV and Failed Recertification columns, respectively.

⁵ Includes customers who closed their accounts, requested to be removed, or were otherwise ineligible for the program.

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

YTD Total	1,423,140	29,624	2.08%	20,259	659	20,918	97.99%	1.47%

¹ Includes customers verified as over income, who declined to participate in ESA, or who requested to be de-enrolled.

² Verification results are tied to the month initiated. Therefore, verification results may be pending due to the time permitted for a participant to respond.

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

CARE Table 4 - CARE Self-Certification and Self-Recertification Applications - PG&E						
Through August 31, 2016						
	Provided ¹	Received	Approved	Denied	Pending/ Never Completed	Duplicates
Total YTD	9,833,791	370,332	330,122	17,448	22,762	61,858
Percentage ²		100.00%	89.14%	4.71%	6.15%	16.70%

¹ Includes number of applications provided via direct mail campaigns, call centers, bill inserts and other outreach methods. Because there are other means by which customers obtain applications which are not counted, this number is only an approximation.

² Percentage of Received. Duplicates are also counted as Approved, so the total will not add up to 100%.

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

CARE Program Table 9 - Expenditures for CHANGES Pilot Program & CHANGES Program				
Through August 31, 2016				
	Authorized 2012-2016 Budget [1]	Current Month Expenses [2]	Expenses Since Jan. 1, 2012 [4]	% of 2012 - 2016 Budget Expended [3]
	Total	Total	Total	Total
Pilots				
CHANGES	\$1,236,660	\$91,683	\$1,190,154	96%
Total Pilots	\$1,236,660	\$91,683	\$1,190,154	96%

1. D.12-12-011, Ordering Paragraph 1, approved continued funding for the CHANGES Pilot Program at the funding level of \$60,000/month until the end of the 2012-2014 CARE Program cycle; PG&E's funding level is 30% (\$216,000/annually). D.14-08-030 approved continued funding for the CHANGES Pilot Program through 2015 at the funding level of \$61,200 per month. D.15-12-047 approved continued funding for CHANGES Pilot Program on a month-to-month basis, at current funding level of \$61,200 a month until the ongoing CHANGES program contract, including selection of Community-Based Organizations under the new consultant contract, can commence.

2. D.12-12-011, Conclusion of Law, p.34, states that the CARE Program ME&O budget ["Outreach" line in Appendix M in D.12-08-044] is to be increased to account for the additional CHANGES Pilot Program funding through the end of 2014.

3. In November 2011, a grant of \$126,000 was paid to the contractor for the interim bridge period December 2011 through June 2012, (authorized in Resolution CSID-005), of which \$18,000 was for the month of December 2011, and the remaining \$108,000 for the period January through June 2012.

4. Expenditures also include PG&E support costs for the CHANGES pilot.

5. Expenditures also include PG&E support costs for the CHANGES permanent program, effective June 1, 2016.

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.
