**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

In the matter of Application of Crimson California Pipeline L.P. (PLC-26) for Authority to Increase Rates for its Crude Oil Pipeline Services.

Application 16-03-009
(Filed March 11, 2016)

**MOTION TO SHORTEN TIME TO RESPOND TO MOTION TO COMPEL
DISCOVERY**

Pursuant to Rule 11.1 of the California Public Utilities Commission Rules of Practice and Procedure, Phillips 66 Company (“Phillips”) moves to shorten time to respond to its Motion to Compel Discovery filed concurrently with this motion. The Motion to Compel requests that Crimson California Pipeline L.P. (“Crimson”) be directed to respond fully and completely to those data requests described in the Motion to Compel for which Crimson has yet to provide responsive information.

By stipulation of the parties to the Proceeding, Phillips will file its Intervenor Testimony on December 1, 2016. In order for Phillips to prepare its Intervenor Testimony, Phillips requires the additional information sought in the Motion to Compel. Therefore, Phillips seeks expeditious resolution of the Motion to Compel in order to have enough time to meaningfully evaluate and incorporate into its Testimony any additional information Crimson may be directed to provide as a result of the Motion to Compel.

Therefore, Phillips requests that the Administrative Law Judge shorten the time for response to the Motion to Compel and direct Crimson to file and serve any response by October 19, 2016. Thereafter, Phillips requests that the Administrative Law Judge expeditiously rule on the Motion to Compel and direct Crimson to provide all responsive information, with sufficient

time for Phillips to consider and analyze the information prior to filing its Testimony on December 1, 2016.

Respectfully submitted this 14th day of October, 2016.
