SUMMARY OF MODIFICATIONS TO PROPOSED RULE 14.1.1

A. GENERAL INFORMATION

Edits made for consistency of language – to make sure repeated undefined and defined terms are use consistently through the document – and to remove unnecessary terminology. For example, the reference to “mixed use” was removed because it was not referenced elsewhere in the document.

B. DEFINITIONS

Edits made to remove unnecessary definitions not used in the Rule or Schedule (i.e., “AF” for acre feet), add necessary definitions of terms used in the Rule or Schedule (i.e., “Household”), and to refine certain definitions (i.e., “Bishop”).

C. APPLICABILITY

Edits made for consistency of language and to add appropriate rate schedules.

D. TERRITORY

Edits made for flow and syntax.

E. WATER CONSERVATION INITIATION

Edits made for clarification, flow and syntax.

F. CUSTOMER NOTIFICATION

Edits made for consistency of language and to add that a Tier 2 Advice Letter will be filed before moving up or down in Stages and when moving from Level 1 to Level 2 Conservation Rates in Stage 3.

G. WATER CONSERVATION

Edits made for consistency with the 2016 RP (i.e., removal of cooperation regarding Landscape Water Audits) and for consistency of language, flow and syntax.

H. STAGE 1 WATER CONSERVATION

Edits made for consistency of language.

I. STAGE 2 WATER CONSERVATION

Edits made for consistency of language, flow and syntax.

J. STAGE 3 WATER CONSERVATION

Edits made for consistency of language, flow and syntax.

K. STAGE 4 WATER RATIONING

Edits made for consistency of language, flow and syntax. Edits were also made for

consistency with the 2016 RP, including the elimination of a distinction in section K.5. between “single family dwellings,” “multi-family dwellings,” and “multi-residential customers,” and replacing these categories with one all-encompassing “Household” category. Additional minor edits for consistency with the 2016 RP include sections K.4.c.ii. and K.4.f.
