Subject: R.1309011 Email Ruling Granting SDG&E Motion For Confidential Treatment

This email ruling grants the request of San Diego Gas and Electric Company (SDG&E) to file confidential materials under seal in the record of Rulemaking (R.) 13-09-011. The request is reasonable and the redacted information in the

confidential filing should receive confidential treatment pursuant to Decision (D.)06-06-066, as modified by D.07-05-032 and D.08-04-023, and D.16-08-024.

On February 17, 2017, SDG&E filed a document, *Response of San Diego & Electric Company to Joint DR Parties' Petition for Modification of D.16-06-029* (SDG&E Response), containing confidential material. Pursuant to Commission Rule 11.4, California Public Utilities Code §583, General Order 66-C, D.06-06-066, and D.16-08-024, SDG&E simultaneously filed a motion requesting the Commission to file under seal the confidential version of the SDG&E Response (Motion). SDG&E explains that the information for which confidential treatment is being sought is Power Purchase Agreement (PPA) pricing and bid information. SDG&E contends the appendix attached to its Motion demonstrates that the redacted data in the SDG&E Response falls within the scope of data protected pursuant to the "IOU Matrix" adopted in D.06-06-066 and meets the five criteria directed in Ordering Paragraph 2 of D.06-06-066. SDG&E further requests that the unredacted confidential version of the SDG&E Response continues to remain under seal and not be made accessible or disclosed to anyone other than Commission staff or on the further ruling of the Commission, assigned Administrative Law Judge, or the Law and Motion Administrative Law Judge. No party filed opposition to the SDG&E motion.

Upon review, the Motion of SDG&E requesting to seal the confidential version of the February 17, 2017 SDG&E Response meets the requirements of D.06-06-066, Ordering Paragraph 2, in that: 1) the material being considered for confidentiality constitutes a particular type of data listed in D.06-06-066; 2) the table attached to the motion indicates which category or categories the data corresponds to; 3) the table indicates that SDG&E is complying with the limitations on confidentiality specified in D.06-06-066; 4) the data being considered for confidentiality is not already public, and 5) the data cannot be aggregated, redacted, summarized, masked, or otherwise protected in a way that allows partial disclosure. Furthermore, no party opposed the motion to seal the confidential data in the record. It is, therefore, reasonable to grant the request to seal the confidential version of the SDG&E Response in the record for a period of

no more than three years following the issuance of this Ruling, as indicated in D.06-06-066, Ordering Paragraph 1.

IT IS RULED that:

1. The February 17, 2017 motion filed by San Diego Gas & Electric Company requesting to seal the confidential version of the February 17, 2017 *Response of San Diego & Electric Company to Joint DR Parties' Petition for Modification of D.16-06-029* is granted.
2. The confidential version of the February 17, 2017 *Response of San Diego & Electric Company to Joint DR Parties' Petition for Modification of D.16-06-029* shall be considered sealed and remain as such for a period of three years from the issuance of this Ruling. During this three-year period, this information shall not be publicly disclosed except on further Commission order or Administrative Law Judge ruling. If San Diego Gas & Electric Company believes that it is necessary for this information to remain under seal for longer than three years, a new motion showing good cause for extending this order shall be filed no later than 30 days before the expiration of this order.

The Docket Office shall formally file this email Ruling.
