**Cc:** ALJ Docket Office; ALJ STAR; Greene, Eric

**Subject:** EMAIL RULING I.12-10-013 Ruling Addressing Procedural Discovery Matter

## ADMINISTRATIVE LAW JUDGE'S RULING

This email ruling addresses the procedural discovery question raised during the November 7, 2017 status conference as to data requests propounded by Alliance for Nuclear Responsibility (A4NR) to Southern California Edison (SCE).

The parties are directed to review Rule 10.1 of the Commission's Rules of Practice and Procedure and "Coordination of Issues by Parties" set out at page 13 of the October 10, 2017 ruling in this proceeding.

Responses to discovery requests are to be provided within 10 days of receipt of such request. If a party is unable to provide the information within the 10 day timeframe they are to meet and confer with the requesting party before the end of the 10 day period to discuss any disputes with such discovery requests or additional time needed to provide a response. The parties are to coordinate and work cooperatively among themselves to resolve these disputes.

The parties to this proceeding fully understand that the scope of discovery is broader than the specific scope of the issues to be addressed during evidentiary hearings. Commission rules allow that any party may obtain discovery from any other party regarding any matter, not privileged, that is relevant to the subject matter involved in the pending proceeding subject to certain exclusions set out in Rule 10.1.

The parties are directed to comply with Rule 10.1, make every effort to coordinate and work collaboratively to resolve any discovery disputes among themselves, and as a last resort may utilize the procedural process set out at Rule 11.3 to the extent they are unable to resolve such disputes among themselves.

It is so Ruled.

The Docket Office shall formally file this ruling.
