**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

Application of Abu Al Kassim Mohamed Agag, Mohamed A. Hussain and Dina Mahgoub Ahmed Agag, dba Agag Express Shuttle for a Certificate of Public Convenience and Necessity to operate as an On-Call, Door-to-Door Passenger Stage Service between points in the following counties: Alameda, Contra Costa, Marin, Napa, San Francisco, San Joaquin, San Mateo, Santa Clara, Solano and Sonoma, to the following Airports: San Francisco (SFO), Oakland (OAK) and San Jose (SJC); and to establish a Zone of Rate Freedom.

Application 12-06-001  
(Filed June 1, 2012)

**D E C I S I O N****Summary**

This decision grants the application of Abu Al Kassim Mohamed Agag, Mohamed A. Hussain, and Dina Mahgoub Ahmed Agag (Applicants), a partnership, pursuant to Pub. Util. Code § 1031 et seq., for a certificate of public convenience and necessity to operate as a passenger stage corporation (PSC), as defined in Pub. Util. Code § 226, and to establish a zone of rate freedom (ZORF), pursuant to Pub. Util. Code § 454.2.

**Discussion**

The application, as supplemented by correspondence dated July 27, 2012, requests authority to operate as an on-call PSC to transport passengers and their baggage between points in Alameda, Contra Costa, Marin, Napa, San Francisco, San Joaquin, San Mateo, Santa Clara, Solano, and Sonoma Counties, on the one

hand, and San Francisco (SFO), Oakland (OAK), and San Jose (SJC) International Airports, on the other hand. Applicants state that the service is needed due to increased air traffic and new airlines serving the Bay Area airports. Some passengers are seeking shared-ride shuttle service to avoid airport parking fees, which have increased in recent years.

Applicants have held a charter-party carrier permit (TCP 26751-P) since January 2011. Partner Abu Al Kassim Mohamed Agag has ten years' experience as a driver for airport shuttle companies. The service will operate with two vans. Attached to the application as Exhibit E is Applicants' balance sheet that discloses assets of \$43,250, liabilities of \$5,300, and net worth of \$37,950.

The proposed fares, as described in Exhibit A of the application, range between \$23 (San Bruno - SFO) and \$180 (Calistoga - SJC). Applicants request authority to establish a ZORF of \$20 above and below the proposed fares. The minimum fare will be \$15. Applicants will compete with other PSCs, taxicabs, charter limousines and sedans, public transit, and private automobiles in their service area. This highly competitive environment should result in Applicants pricing their services at a reasonable level. Many other PSCs have been granted ZORFs. The requested ZORF is generally consistent with the ZORFs held by other PSCs.

Notice of filing of the application appeared in the Commission's Daily Calendar on June 5, 2012. Applicants request a waiver from the provisions of Rule 3.3(b) of the Commission's Rules of Practice and Procedure which require that a copy of the application be served on each public transit agency in the service area and a notice of the application be sent to all city and county officials within whose boundaries the passengers will be loaded or unloaded. Applicants mailed a notice of the application to 66 cities and the transportation planning agencies in the service area. They believe the Commission's Daily Calendar

provides adequate notice to parties that may have an interest in the application. We shall exercise the discretion accorded to us by Rule 1.2 and grant the waiver requested by Applicants because they will be providing on-call service, not scheduled service, and service on all of the governmental entities required by Rule 3.3(b) would be burdensome.

In Resolution ALJ 176-3295, dated June 7, 2012, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3295.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

### **Assignment of Proceeding**

Emory J. Hagan, III is the assigned Examiner in this proceeding.

### **Findings of Fact**

1. The application requests authority to operate as an on-call PSC to transport passengers and their baggage between points in Alameda, Contra Costa, Marin, Napa, San Francisco, San Joaquin, San Mateo, Santa Clara, Solano, and Sonoma Counties, on the one hand, and SFO, OAK, and SJC, on the other hand.
2. Public convenience and necessity requires the proposed service.
3. Applicants request authority to establish a ZORF of \$20 above and below the proposed fares described in Exhibit A of the application. The minimum fare will be \$15.

4. Applicants will compete with other PSCs, taxicabs, charter limousines and sedans, public transit, and private automobiles in their operations. The ZORF is fair and reasonable.

5. Applicants request a waiver of the notice requirements of Rule 3.3(b) of the Rules of Practice and Procedure as they have served a notice of the application to 66 cities and the transportation planning agencies in the service area.

6. No protest to the application has been filed.

7. A public hearing is not necessary.

8. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

**Conclusions of Law**

1. Public convenience and necessity has been demonstrated and the application should be granted.

2. The request to waive the notice requirements of Rule 3.3(b) should be granted.

3. The request for a ZORF should be granted.

4. Before Applicants change any fares under the ZORF authorized below, Applicants should give this Commission at least ten days' notice. The tariff should show the high and low ends of the ZORF and the then currently effective fare between each pair of service points.

5. Since the matter is uncontested, the decision should be effective on the date it is signed.
