

Decision \_\_\_\_\_

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

In the Matter of the Application of Ajmer Singh, an individual dba Avon Airporter Shuttle Service, to expand his existing Passenger Stage Corporation authority to serve the Counties of Marin, Napa, Solano, Sonoma, San Joaquin, San Mateo and Sacramento and to Expand an existing Zone of Rate Freedom.

Application 12-08-006  
(Filed August 1, 2012)

**D E C I S I O N****Summary**

This decision grants the application of Ajmer Singh (Applicant), an individual, pursuant to Pub. Util. Code § 1031 et seq., to revise his certificate of public convenience and necessity to operate as a passenger stage corporation (PSC), as defined in Pub. Util. Code § 226, and to establish a new zone of rate freedom (ZORF), pursuant to Pub. Util. Code § 454.2.

**Discussion**

Applicant operates an on-call PSC service under a certificate granted by Decision (D.) 00-04-053. The certificate authorizes the transportation of passengers and their baggage between points in San Francisco, Alameda, Contra Costa, and Santa Clara Counties, on the one hand, and San Francisco (SFO), Oakland (OAK), and San Jose (SJC) International Airports, on the other hand. The application requests authority to revise the certificate to include service between the three airports and seven additional counties: Marin, Sonoma, Napa, Solano, San Mateo, San Joaquin, and Sacramento.

Applicant reports receiving an increasing number of requests for transportation to and from points outside his currently authorized service area. He believes this is due in part to governmental agencies encouraging the public to use shuttle vans and other alternatives to private automobiles in an effort to reduce highway, environmental, and airport congestion problems. Applicant wants to help alleviate these problems by offering shared-ride PSC service to additional service points.

Applicant indicates he has the experience and ability to conduct the expanded PSC service. He has been in the business of transporting travelers to and from the Bay Area airports for more than 13 years. Applicant currently has one 8-passenger van. He states he is financially able to acquire additional equipment as required to meet the public's service needs. Attached to the application as Exhibit C is Applicant's financial statement that discloses assets of \$188,200, liabilities of \$4,500, and net worth of \$183,700.

The proposed fares for the expanded service, as listed in Exhibit B of the application, range between \$50 (South San Francisco - SFO) and \$300 (Sacramento - SJC). D.00-04-053 authorized Applicant to establish a ZORF of \$10 above and below any fare of \$20 and under and \$15 above and below fares over \$20. Applicant states this ZORF is now too restrictive and is not commensurate with the ZORFs currently requested and granted to applicants for PSC certificates to operate in the San Francisco Metropolitan Area. To compete with these other carriers, Applicant seeks to establish a new ZORF of \$15 above and below fares of \$30 and less and \$25 above and below fares over \$30. The minimum fare will be \$5. Applicant will compete with other PSCs, taxicabs, charter sedans and limousines, public transit, and private automobiles in his operations. This highly competitive environment should result in Applicant pricing his services at a reasonable level.

Notice of filing of the application appeared in the Commission's Daily Calendar on August 6, 2012. Applicant requests a waiver from the provisions of Rule 3.3(b) of the Commission's Rules of Practice and Procedure which require service of a copy of the application on every public transit operator operating in any portion of the service territory and service of a notice of the application on all city and county officials within whose boundaries the passengers will be loaded or unloaded. Applicant served a notice of the application to the affected airports, seven counties, 24 cities, and the Metropolitan Transportation Commission. Applicant believes the Commission's Daily Calendar provides adequate notice to parties that may have an interest in the application. We shall exercise the discretion accorded to us by Rule 1.2 and grant the waiver requested by Applicant because he will be providing on-call service, not scheduled service, and service on every governmental entity required by Rule 3.3(b) would be burdensome.

In Resolution ALJ 176-3299 dated August 23, 2012, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3299.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.
