

Decision 13-06-008 June 27, 2013

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Order Instituting Investigation for the purpose of establishing a list for the fiscal years 2012-2013 and 2013-2014 of existing crossings at grade of city streets, county roads or state highways in need of separation, or existing separations in need of alterations or reconstruction in accordance with Section 2452 of the Streets and Highways Code.

Investigation 11-07-022
(Filed July 28, 2011)

**FINAL DECISION ESTABLISHING PRIORITY LIST
FOR FISCAL YEAR 2013 – 2014**

1. Summary

This Final Decision adopts the California Grade Separation Priority List (Priority List) for Fiscal Year (FY) 2013 - 2014, as required by the California Streets and Highways Code Section 2450 *et seq.* Three projects from the FY 2012 - 2013 Grade Separation Program Priority List adopted by Decision 12-06-021, the interim decision in this investigation, have received allocations this fiscal year. Therefore, three projects are deleted from the FY 2012 - 2013 Priority List to create the FY 2013 - 2014 Priority List. Investigation 11-07-022 is closed.

2. Background

2.1. Historical

Section 2452 of the California Streets and Highways (S&H) Code requires the California Public Utilities Commission (Commission) to establish the

Grade Separation Program Priority List (Priority List) for qualified projects and furnish it to the California Transportation Commission (CTC) by July 1st of each year for use in the fiscal year (FY) beginning on that date. The Priority List establishes the relative priorities for allocation of State funds to qualified crossing projects most urgently in need of separation or alteration, to meet the program goals of eliminating hazardous railroad crossings.¹ These projects include construction of new grade separations to replace existing at-grade crossings, or alteration or reconstruction of existing grade separations. The CTC is responsible for allocating (distributing) the State funds to qualified projects, a responsibility it has delegated to the California Department of Transportation (Caltrans).² Section 190 of the S&H Code requires the State's annual budget to include \$15 million for funding of these Priority List projects.

Every two years, the Commission issues a new Order Instituting Investigation (OII), in which it determines the Priority List for the next two FYs. The Commission adopts the Priority List for the first FY by interim decision issued before that FY begins. The Commission then revises the Priority List for the second FY by deleting projects for which funds were actually allocated in the first FY, adopting a revised Priority List by final decision before the second FY begins. The two-year funding cycle begins again with the issuance of a new OII for the creation of a new Priority List for the following two FYs.

In particular, the procedures adopted by the Commission to process this OII requires local agencies to provide planned grade separation project

¹ S&H Code § 2450 et seq.

² S&H Code § 2453.

nominations to this Commission in response to a request for nominations in the ordering paragraphs of the new OII. The Commission's Safety and Enforcement Division (SED) then reviews each nominated project to ensure that it is eligible for the Grade Separation Program, and prepares and provides interested parties with a draft Priority List. The Commission then holds a series of hearings so that nominating agencies may present each proposal, answer questions about its content, and confirm its accuracy. Attendance and participation in these hearings is mandatory for any project proponent. SED then adjusts the draft Priority List in accordance with evidence received at the hearings. This draft Priority List is then presented to the Commission for adoption by an interim decision. The Priority List includes projects for construction of new grade separations of existing at-grade rail crossings of public streets, roads, or highways, and alterations or reconstructions of existing grade separation structures.

2.2. Procedural background

The Commission initiated the current proceeding by issuing Investigation (I.) 11-07-022 on July 28, 2011, to create the Priority List for FY 2012-2013 and FY 2013-2014. SED received a total of 78 timely nominations from railroads, light rail transit agencies, cities, counties, and other interested parties for projects to be considered for inclusion in the first Priority List of the current OII. After evaluating each nominated project, SED produced a preliminary Priority List from the data furnished in the nominations. Evidentiary hearings were then held, in which the Commission gathered further evidence regarding the nominated projects. SED then issued a revised Priority

List, which included 75 nominated projects, based on the evidence presented at the hearings.³ By interim Decision (D.) 12-06-021, the Commission adopted SED's Priority List for FY 2012-2013. This initial Priority List established the relative priorities for funding qualified highway-rail crossing projects which the Commission determines to be most urgently in need of separation, alteration or reconstruction, in the current OII.

3. Establishment of the FY 2013 – 2014 Priority List

Caltrans notified SED that allocations have been made to three projects listed in the Priority List adopted in D.12-06-021. SED has therefore removed these three projects from the FY 2012-2013 Priority list in order to prepare a revised Priority List for FY 2013 - 2014, which is appended to this decision as Attachment A. The Commission therefore adopts this FY 2013 - 2014 Priority List prepared by SED. Adoption of the FY 2013-2014 Priority List concludes this biennial proceeding.

The three projects for which allocations have been made and which are removed from the FY 2012-2013 Priority List are:

FY 2012 - 2013 Ranking	Project Name
4	Nogales Street, City of Industry/ Alameda Corridor-East Construction Authority
12	Riverside Avenue, City of Riverside
49	Bardsley Avenue, City of Tulare

³ D.12-06-021 at 4, “. . . the 2012-2013 Priority List was finalized by CPSD to include 75 nominations – one project did not qualify so is rejected, one nomination was withdrawn, and two other projects were consolidated as one project nomination consisting of multiple crossing projects.”

4. Comments on Proposed Decision

The proposed decision of the Administrative Law Judge (ALJ) in this matter was mailed to the parties in accordance with Section 311 of the Public Utilities Code and comments were allowed under Rule 14.3 of the Commission's Rules of Practice and Procedure. No comments were filed.

5. Assignment of Proceeding

Michel P. Florio is the assigned Commissioner and Seaneen M. Wilson is the assigned ALJ in this proceeding.

Findings of Fact

1. The FY 2012–2013 Priority List was established by the interim decision in this OII, D.12-06-021.
2. Three projects on the FY 2012 - 2013 Priority List have received allocations.
3. SED has prepared the Priority List for the second fiscal year, FY 2013 - 2014 (Attachment A to this decision).

Conclusions of Law

1. The FY 2013 - 2014 Grade Separation Priority List (Attachment A to this decision) should be adopted.
2. I.11-07-022 should be closed.

O R D E R

IT IS ORDERED that:

1. Pursuant to California Streets and Highways Code Section 2450 et seq., the Fiscal Year 2013-2014 Grade Separation Priority List included in Attachment A to this decision, is adopted, as the list of projects, in order of priority, which the California Public Utilities Commission determines to be most urgently in need of grade separation, alteration, or reconstruction.

2. The California Public Utilities Commission's Executive Director must furnish a certified copy of this decision to the California Department of Transportation and the California Transportation Commission.

3. Investigation 11-07-022 is closed.

This order is effective today.

Dated June 27, 2013, at San Francisco, California.
