Application 13-07-010
(Filed July 16, 2013)

DECISION GRANTING APPLICATION

Summary

This decision grants the application of Danielle Sharabi, doing business as Airport Express Squared, an individual, pursuant to Pub. Util. Code § 1031 et seq., for a Certificate of Public Convenience and Necessity to operate as a Passenger Stage Corporation, as defined in Pub. Util. Code § 226, and to establish a Zone of Rate Freedom, pursuant to Pub. Util. Code § 454.2.

Discussion

Danielle Sharabi, doing business as Airport Express Squared (Applicant), requests authority to operate as an on-call Passenger Stage Corporation (PSC) to transport passengers and their baggage between points in the City and County of San Francisco and the San Francisco International Airport (SFO). Applicant states she intends to provide an economic, convenient, and safe transport alternative for passengers to SFO.

Applicant holds a Transportation Charter-Party (TCP) carrier permit (TCP 28091-P) since 2011 and has more than ten years' experience in the passenger

transportation area. She proposes PSC operations with an initial fleet of two nine-passenger vans.

The balance sheet submitted by Applicant shows assets of \$112,500, liabilities of \$25,000, with a net worth of \$87,500.

The proposed single adult fare between various points in the City and County of San Francisco and SFO is \$17. Applicant requests authority to establish a Zone of Rate Freedom (ZORF) of \$10 above and below the proposed fare. The minimum fare will be \$7. Applicant will compete with other PSCs, taxicabs, charter limousines and sedans, public transit, and private automobiles in the service area. This highly competitive environment should result in Applicant pricing her services at a reasonable level. Many other PSCs have been granted ZORFs. The requested ZORF is generally consistent with the ZORFs held by other PSCs.

Notice of filing of the application appeared in the Commission's Daily Calendar on July 18, 2013. Applicant served a copy of the application on the City and County of San Francisco and the San Francisco Airport Commission.

In Resolution ALJ 176-3318, dated July 25, 2013, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3318.

Waiver of Comment Period

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Section 311(g)(2) of the Public Utilities Code and Rule 14.6(c)(2) of the Commission's Rules of Practice and Procedure, the otherwise applicable 30-day period for public review and comment is waived.

Safety Considerations

In order to be authorized to commence operations as a PSC, the Applicant must comply with the following requirements in order to protect public safety: Proof of insurance pursuant to General Order Series 101, compliance with the controlled substance and alcohol testing program pursuant to Pub. Util. Code §1032.1 and General Order Series 158, and enrollment in the pull notice system as required by Section 1808.1 of the Vehicle Code.

Assignment of Proceeding

Emory J. Hagan, III is the assigned Examiner in this proceeding.

Findings of Fact

1. The application requests authority to operate as an on-call PSC to transport passengers and their baggage between points in the City and County of San Francisco and SFO.
2. Public convenience and necessity requires the proposed service.
3. Applicant requests authority to establish a ZORF of \$10 above and below the proposed fare of \$17. The minimum fare will be \$7.
4. Applicant will compete with other PSCs, taxicabs, charter limousines and sedans, public transit, and private automobiles in his operations.
5. No protest to the application has been filed.
6. A public hearing is not necessary.
7. A California Environmental Quality Act review is not required for this decision because it can be seen with certainty that there is no possibility that the activity in question may have a significant adverse effect on the environment.

Conclusions of Law

1. Public convenience and necessity has been demonstrated and the application should be granted.

2. The request for a ZORF should be granted because the ZORF is fair and reasonable.

3. Before Applicant changes any fares under the ZORF authorized below, Applicant should give this Commission at least ten days' notice. The tariff should show the high and low ends of the ZORF and the then currently effective fare between each pair of service points.

4. Because the matter is uncontested, the decision should be effective on the date it is signed.
