This workshop will discuss and explain changes to the 2015 Resource Adequacy (RA) compliance templates (both System and Local/Flexible templates) and RA Guide. Draft templates and guide will be sent to the service list and posted to the RA compliance website in advance of the workshop.

This workshop will be broken into two sections. The first section will demonstrate the features of the RA templates and guides that are new for 2015 compliance year (including flexible capacity implementation). Once the new features and procedures are demonstrated, those that are familiar with the process can drop off the WebEx. The rest of the time will be a general demonstration of the RA templates and guides for those that seek further clarification, or for those representing new LSEs.

This is an ideal time for those representing new LSEs to gain an understanding of filing procedures and rules. We encourage representatives from LSEs to develop questions or functions that Energy Division staff can clarify or demonstrate during the workshop. Please send these questions to RA staff prior to the workshop. For LSEs that need more one-on-one training, Energy Division RA staff will gladly set up these trainings offline to go through the templates in finer detail.

Link to 2015 RA decision: <http://docs.cpuc.ca.gov/SearchRes.aspx?docformat=ALL&DocID=97619935>. 2015 templates and guides, as well as other compliance materials, will be posted to the RA compliance materials page here:

http://www.cpuc.ca.gov/PUC/energy/Procurement/RA/ra_compliance_materials.htm.

For questions about the workshop or to notify Energy Division staff of particular functions of the templates and guides that may need clarification, please contact Jaime Rose Gannon (415 703-2818, jaimerose.gannon@cpuc.ca.gov) or Donald Brooks (415 703-2626, donald.brooks@cpuc.ca.gov).
