MEDIA ADVISORY

Docket #: R.12-06-013

**CPUC TO HOLD FRESNO RATE DESIGN FORUM TO DISCUSS
NEW STRUCTURE THAT REFLECTS ACTUAL COSTS**

SAN FRANCISCO, September 1, 2015 -- The California Public Utilities Commission (CPUC) will hold a community forum in Fresno to discuss and answer questions about the CPUC's recent decision to significantly change residential electricity rates, including the requirement that starting in 2019, all residential customers will be offered time of use rates as a default.

- WHAT:** CPUC Fresno Rate Design Forum
- WHEN:** Tuesday, September 22, 2015, 6 p.m.
- WHERE:** Fresno City Hall, 2600 Fresno St., Fresno, CA 93721
- WHY:** To discuss and answer questions about the CPUC's July 2015 decision that transitioned the state's residential electricity rates to a more effective and cost-based structure, empowering consumers with more opportunities to conserve, and promoting resource optimization and grid reliability

At this public forum, the CPUC will discuss time of use rates, the transition from four to two rate tiers, the economic and environmental benefits of these new rates, and the CPUC's plans to work closely with utilities and communities throughout California to ensure that consumers are ready for these changes.

For more information and to register for this event (not required, but appreciated), please visit www.cpuc.ca.gov/FresnoForum.

For more information on the CPUC's rate design decision, please see our July 3, 2015 press release at <http://docs.cpuc.ca.gov/PublishedDocs/Published/G000/M153/K072/153072586.PDF>.
