**CPUC TO HOLD SANTA ANA RATE DESIGN FORUM TO DISCUSS
NEW STRUCTURE THAT REFLECTS ACTUAL COSTS**

SAN FRANCISCO, December 2, 2015 -- The California Public Utilities Commission (CPUC) will hold a community forum in Santa Ana to discuss and answer questions about the CPUC's July 2015 decision to significantly change residential electricity rates, including the requirement that starting in 2019 all residential customers will be offered time of use rates as a default.

- WHAT:** CPUC Santa Ana Rate Design Forum
- WHEN:** Tuesday, December 8, 2015, 6 p.m.
- WHERE:** Santa Ana City Hall, Council Chambers, 20 Civic Center Plaza, Santa Ana, CA 92701
- WHY:** To discuss and answer questions about the CPUC's July 2015 decision that transitioned the state's residential electricity rates to a more effective and cost-based structure, empowering consumers with more opportunities to conserve, and promoting resource optimization and grid reliability

At this public forum, the CPUC will discuss time of use rates, the transition from four to two rate tiers, the economic and environmental benefits of these new rates, and the CPUC's plans to work closely with utilities and communities throughout California to ensure that consumers are ready for these changes.
