

**PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

Safety and Enforcement Division  
Rail Transit Safety Branch

Resolution ST-168  
February 25, 2016

**REDACTED**

**RESOLUTION**

**RESOLUTION ST-168 GRANTING APPROVAL OF THE FINAL REPORT  
ON THE 2014 TRIENNIAL ON-SITE SECURITY REVIEW OF  
SACRAMENTO REGIONAL TRANSIT DISTRICT**

**Summary**

This resolution approves the California Public Utilities Commission Safety and Enforcement Division's final report titled, "2014 Triennial On-Site Security Review of Sacramento Regional Transit District," dated August 31, 2015. The report compiles the results of Commission Staff's review of Sacramento Rapid Transit District's security program. Background information and review procedures only are included in the redacted report.

**Background**

Commission General Order No. 164-D, "Rules and Regulations Governing State Safety Oversight of Rail Fixed Guideway Systems" requires Commission Staff (Staff) to conduct on-site security review of the transit agencies operating rail fixed guideway systems triennially.

From 1996 to 2008, the Commission's Rail Transit Safety Section (RTSS) partnered with the Transportation Security Administration (TSA) in performing rail transit security reviews. However, in the later half of 2008, RTSS took over the responsibility of security reviews from the TSA. Staff

conducted an on-site security review of Sacramento Regional Transit District's (SRTD) security program in June, 2014.

SRTD serves 418 square miles throughout Sacramento area with 50 stations and 39 miles of track. A full description of the system, along with the security review, including the scope, results, and recommendations, is contained in the final security review report identified in this resolution as Attachment A.

The security review results show that SRTD is in compliance with its System Security Plan. Staff did not find any areas of non-compliance during the review. Activities of each checklist can be found in Section D of the security report.

Staff sent SRTD a copy of the draft security review report for a 30-day comment period on April 21, 2014. As of June 4, 2014, SRTD did not have any comments.

### **Discussion**

The final report, "2014 Triennial On-Site Security Review of Sacramento Regional Transit District," dated August 31, 2015, included as Attachment A, identifies Staff's activities for each of the FTA's five security elements evaluated during the security review. Staff recommends the Commission approve the final security review report.
