4. Was the NOI timely filed?	Yes, Small Business Utility Advocates (SBUA) timely filed the Notice of Intent to claim intervenor compensation.	

Showing of customer or customer-related status (§ 1802(b)):		
5. Based on ALJ ruling issued in proceeding number:	A.14-11-001	Verified, although the correct proceeding number is R.14-11-001.
6. Date of ALJ ruling:	August 24, 2015	Verified.
7. Based on another CPUC determination (specify):		
8. Has the Intervenor demonstrated customer or customer-related status?		Yes, SBUA demonstrated appropriate status in the proceeding.
Showing of “significant financial hardship” (§ 1802(g)):		
9. Based on ALJ ruling issued in proceeding number:	A.14-11-001	Verified, although the correct proceeding number is R.14-11-001.
10. Date of ALJ ruling:	August 24, 2015	Verified.
11. Based on another CPUC determination (specify):		
12. Has the Intervenor demonstrated significant financial hardship?		<p>The Commission allows intervenors to present a rebuttable presumption of significant financial hardship. For this presumption to apply, the date of the finding of the financial hardship must be within one year of filing date of the proceeding in which the intervenor seeks compensation. The Commission’s Ruling in R.14-11-001 does not meet this requirement. <i>See</i> Pub. Util. Code § 1804(b)(1).</p> <p>The Commission additionally found SBUA demonstrated significant financial hardship in a Ruling filed on July 25, 2013 in A.13-04-012. This Ruling issued within one year of November</p>

		12, 2013. Therefore, SBUA demonstrated significant financial hardship in the current proceeding.

14. Date of issuance of Final Order or Decision:	November 12, 2015	Verified.

An intervenor may file a request for compensation after issuance of a decision that resolves an issue in which the intervenor believes it made a substantial contribution, but in no event later than 60 days after the issuance of the decision closing the proceeding. <i>See</i> Rule 17.3 and Pub. Util. Code § 1804(c). Here, the final decision issued on November 12, 2015 and the final date for filing a request for compensation was January 11, 2016.</p> <p>According to the Commission's records, SBUA filed the request for compensation at 5:33 p.m. on January 11, 2016. As the Commission's Rules provide that "[w]hen a statute or Commission decision, rule, order, or ruling sets a time limit for performance of an</p>

	<p>act . . . [i]f [that] act occurs after 5:00 p.m., it is deemed as having been performed on the next day.” Rule 1.15, CPUC Rules of Practice and Procedure.</p> <p>Because SBUA did not timely file the request for intervenor compensation it is not entitled to compensation in the present proceeding.</p>

C. Additional Comments on Part I (use line reference # as appropriate):

#	Intervenor’s Comment(s)	CPUC Discussion
9-10	<p>SBUA is a California nonprofit organization and the economic interests of its members are small relative to the costs of participating in a general rate case. <i>See</i> PUC § 1802(g). SBUA is the only party in this proceeding that focused <i>exclusively</i> on the small commercial customer class as a whole, whose interests diverge from residential ratepayers and mid- to large-sized businesses on the issue of revenue allocation, rate design, and on other energy matters.</p> <p>Because small commercial customers usually cannot afford their own representation, there is a danger that the interests of this group of customers is overlooked or marginalized. The Commission has recognized that adequate representation requires not only the broad efforts of the Office of Ratepayers Advocates (ORA) but also the participation of parties with special interests.</p>	Verified.

PART II: SUBSTANTIAL CONTRIBUTION**A. Did the Intervenor substantially contribute to the final decision (see § 1802(i), § 1803(a), and D.98-04-059.**

<p>This GRC proceeding covered an array of issues associated with SCE's revenue requirements for electric service and electric generation utility functions.</p> <p>SBUA was an active participant in this proceeding. SBUA's expert submitted testimony on a variety of issues impacting small businesses, and SBUA addressed additional issues throughout the proceeding, including in attempts to reach a settlement with SCE. The Commission should find that SBUA's efforts, on behalf of the small commercial customer class, are beneficial for the public interest and reflect a substantial contribution to this proceeding.</p> <p>SBUA describes its role in further detail below and submits this is a reasonable approach to demonstrate its contribution in this proceeding. SBUA also engaged in significant settlement efforts, which, although confidential, are reflected in SBUA's hourly time sheets. Although settlement negotiations were not successful, the failure to reach settlement is always a risk, especially give the complex nature of GRC proceedings. Nonetheless, settlement efforts are valuable and good faith efforts to reach settlement should be considered reflective of parties' substantial contributions. The Commission should encourage intervenors' to attempt to reach settlement agreements to avoid protracted and time-intensive litigation.</p> <p>Should the Commission wish to see</p>	<p><u>References to Final Decision:</u></p> <p>D.15-08-005 (Final Decision), pp. 5-7 (reference to SBUA testimony and opening brief, respectively). <i>See also</i> Final Decision, pp. 27-28, 195, 226, and 317, as further discussed below.</p> <p><u>References to Claimant's Presentations:</u></p> <p>SBUA Direct Testimony, served on June 10, 2014.</p> <p>SBUA Rebuttal Testimony, served on September 15, 2014.</p> <p>SBUA Opening Brief (December 1, 2014).</p> <p><i>See also</i> SBUA Motion for Party Status (February 5, 2014).</p>	<p>Because SBUA did not timely file the request for intervenor compensation, the Commission cannot compensate the intervenor. Tracking Spend on Small Businesses and Increasing Contracting Opportunities for Small Commercial Customers</p> <p>SBUA advocated that SCE should track and publish information regarding its spending on small businesses and, related thereto, to increase contracting opportunities for small commercial customers. SBUA’s expert opined that SCE should track the percentage of spend it does directly with small businesses and publish that information to the public. SBUA Direct Testimony, pp. 7-8. SBUA further argued that, as a policy matter, SCE should pay special attention to the small businesses in SCE’s territory and explore ways to assist this customer class. <i>Id.</i>, pp. 3-4.</p> <p>The Commission determined that any tracking of spend on small businesses</p>	<p>Final Decision, p. 317 (Commission discussion of SBUA’s proposal to track spending on small businesses).</p> <p>SBUA Opening Brief, pp. 4-8 (policy reasons for assisting small commercial customers), pp. 8-10 (SBUA’s proposal to track spend on small businesses).</p> <p>SBUA Direct Testimony, pp. 4, 7, and 8 (discussion of SBUA’s proposals for tracking spend on small businesses).</p> <p>SBUA Rebuttal Testimony, p. 3 (discussion of need to track spend on small businesses).</p>	<p>Because SBUA did not timely file the request for intervenor compensation, the Commission cannot compensate the intervenor. The Commission’s consideration and discussion of this issue is valuable to ratepayers and especially to small commercial customers.</p>		
<p>B. Customer Service and Outreach for Small Commercial Customers</p> <p>SBUA argued to condition any approved SCE customer service expenditures on the requirement that SCE designate certain Customer Service Representatives to assist small commercial customers. SBUA Opening Brief, pp. 10-11. SBUA further argued, for example, that SCE was moving to quickly with respect to Customer Service software projects. SBUA Direct Testimony, p. 6.</p> <p>The Commission did not specifically address many SBUA’s arguments related to customer services for small commercial customers and explicitly rejected SBUA’s requests related to Customer Service software projects. SBUA believes this is valuable information to discuss and consider in general rate cases; however, because the Commission did not discuss or did not agree with SBUA on these matters, SBUA is discounting the hours it is requesting compensation</p>	<p>Final Decision, p. 195 (discussing SBUA’s arguments related to Customer Services software projects).</p> <p>SBUA Opening Brief, pp. 10-11 (SBUA’s proposals related to Customer Service Representative).</p> <p>SBUA Direct Testimony, pp. 6, 8-11 (recommendations related to customer service and outreach).</p> <p>SBUA Rebuttal Testimony, pp. 3-7 (recommendations related to customer service for small commercial customers).</p>	<p>Because SBUA did not timely file the request for intervenor compensation, the Commission cannot compensate the intervenor. <p>C. Other Small Commercial Customer Issues</p> <p>SBUA was an active participant in advocating for a variety of other small business interests in this rate proceeding.</p> <p>For incentive compensation, SBUA opposed rate recovery of Long Term Incentives (LTI) on the grounds that SCE had not clearly shown benefits to ratepayers. SBUA Opening Brief, p. 12; SBUA Direct Testimony, pp. 22-23; SBUA Rebuttal Testimony, pp. 12-13. For economic development spending, SBUA argued that 30% of this funding be used to support the retention of small businesses. SBUA Direct Testimony, p. 6. For expenditures on peakers and spare transformers, SBUA argued that SCE be required to pool shared transformers with other utilities.</p> <p>The Commission agreed with SBUA that LTI was not justified and disagreed with SBUA regarding economic development spending and shared transformers. Because the Commission considered but only partially agreed with SBUA’s recommendations in these areas, SBUA is discounting the hours it is requesting compensation for accordingly (see below).</p>	<p>Final Decision, p. 226 (agreeing with SBUA and directly quoting SBUA’s position that LTI “do not have a direct relationship to utility services”).</p> <p>SBUA Opening Brief, pp. 12-13 (SBUA’s opposition to LTI).</p> <p>SBUA Direct Testimony, pp. 6, 17 (recommendations regarding spare transformers), p. 18 (recommendations related to economic development services funding), pp. 22-23 (opposition to incentive compensation).</p> <p>SBUA Rebuttal Testimony, pp. 12-13 (opposition to incentive compensation).</p> <p><i>See also</i> Final Decision, pp. 27-28 (discussing SBUA’s positions on peakers), pp. 202-203 (discussing SBUA’s positions on economic development spending).</p>	<p>Because SBUA did not timely file the request for intervenor compensation, the Commission cannot compensate the intervenor. As such, we have not made any determination on SBUA’s claimed contributions to A.13-11-003.</p>

B. Duplication of Effort (§ 1801.3(f) and § 1802.5):

	Intervenor’s Assertion	CPUC Discussion
a. Was the Office of Ratepayer Advocates (ORA) a party to the proceeding?	Yes	Yes.
b. Were there other parties to the proceeding with positions similar to yours?	Yes	Yes.
<p>c. If so, provide name of other parties:</p> <p>The following parties submitted testimony or filed comments or briefs resolved by D.15-08-005:</p> <p>SCE, ORA, The Utility Reform Network (TURN); California City-County Street Light Association (CAL-SLA); California Coalition of Utility Employees (CUE), San Diego Gas & Electric Company (SDG&E), and the Joint Minority Parties, a group consisting of National Asian American Coalition, Ecumenical Center for Black Church Studies, Jesse Miranda Center for Hispanic Leadership, Los Angeles Latino Chamber of Commerce, National Hispanic Christian Leadership Conference, and Christ Our Redeemer AME Church (collectively, JMP).</p>		<p>Verified.</p> <p>We note that the correct Final Decision is D.15-11-021.</p>
<p>d. Intervenor’s claim of non-duplication:</p> <p>SBUA’s advocacy differed from that of other ratepayer advocates in that SBUA is unique with a focus <i>exclusively</i> on the interests of small business community. SBUA sought to reduce overlap of efforts by presenting unique perspectives on the concerns of small commercial customers as a group as opposed to other customer classes.</p> <p>Early in the proceeding, for example on March 12 and 17, 2014, SBUA reached out to ORA and TURN to ensure any necessary coordination of efforts related to small businesses and to ensure that the parties were aware of each other’s positions. Resources were maximized and SBUA’s efforts were supportive rather than duplicative. In a proceeding involving multiple participants, the Commission has recognized is virtually impossible for any party to completely avoid some duplication of the work of other parties. In this case, SBUA took all reasonable steps to keep such duplication to a minimum.</p>		<p>Because SBUA did not timely file the request for intervenor compensation, the Commission cannot compensate the intervenor. As such, we have not made any determination on SBUA’s claim of non-duplication.</p>

PART III: REASONABLENESS OF REQUESTED COMPENSATION

A. General Claim of Reasonableness (§ 1801 and § 1806):

a. Intervenor’s claim of cost reasonableness: Dollar per result.	CPUC Discussion
SBUA’s main objective for the proceeding was to protect and advance the	

<p>interests of small commercial customers. The Commission discussed SBUA's positions, made recommendations regarding tracking spend on small businesses, and adopted SBUA's position on incentive compensation. SBUA's participation was beneficial for small commercial customers. Moreover, SBUA has discounted its overall request for intervenor compensation by 35% because the Commission did not adopt all of SBUA's recommendations. In total, SBUA seeks an award of approximately \$36,000, including expenses and all other fees and costs, which is reasonable in light of SBUA's participation in the proceeding. Although not all of these benefits are quantifiable, the participation of SBUA helps to protect and advance the interests of an important customer class and is in the public interest.</p> <p>In assessing SBUA's substantial contribution, the Commission also should factor its desire to encourage participation of a broad range of customer interests and policies encouraging settlement. In this proceeding, SBUA actively negotiated and attempted to reach settlement with SCE on a number of issues of importance to small commercial customers. Although no settlement was reached, the attempts to settle are beneficial because they offer the prospect of reaching compromises that reduce the burden of full litigation on the parties and the Commission. Along with this the Commission should weigh the consequence of placing customers at risk for participating in settlement efforts (but not reaching a settlement) and consequential incentive to litigate in order to show substantial contribution.</p> <p>In sum, the Commission should conclude that SBUA's overall request is reasonable and SBUA's participation was productive and provided worthwhile input for the Commission.</p>	<p>Because SBUA did not timely file the request for intervenor compensation, the Commission cannot compensate the intervenor. As such, we have not assessed SBUA's claim of cost reasonableness.</p>
<p>b. Reasonableness of hours claimed:</p> <p>In its NOI, SBUA estimated that it would expend 150 hours of time by counsel and 100 hours of time by experts. SBUA's attorney James Birkelund devoted approximately 84.6 hours to this proceeding, or a total of slightly over 2 weeks worth of time. SBUA's expert Michael Brown devoted approximately 63.3 hours to this proceeding, or a total of a little over 1.5 weeks of time. These amounts of time spent are reasonable for a complex rate case involving numerous parties, settlement negotiations, and a revenue award of approximately \$5,182 million in the test year alone.</p> <p>Furthermore, SBUA is <i>discounting the hours it is requesting compensation for by 35%</i> to increase the reasonableness of its request and reflect the fact that the Commission disagreed with several of SBUA's positions. SBUA further attempted to limit its hours in the proceeding based on an analysis of SCE's positions in response to SBUA's expert testimony while at the same time maintaining key points of advocacy on behalf of SBUA's members.</p> <p>SBUA's attorney James Birkelund served as the lead attorney for SBUA in this proceeding. He played a wide-ranging role advocating in this proceeding as well as researching, analyzing, and drafting various SBUA positions and issues for SBUA's expert testimony. Mr. Birkelund also took the lead for SBUA in attempted settlement discussions with SCE. SBUA seeks compensation for 55 hours of his work, which is a 35% discount on his actual hours and well below his</p>	<p>Because SBUA did not timely file the request for intervenor compensation, the Commission cannot compensate the intervenor. As such, we have not assessed the reasonableness of SBUA's hours claimed.</p>

<p>total hours estimated in SBUA’s NOI. This is a reasonable request given the high demand on legal services to participate in a complex GRC, as here.</p> <p>Michael Brown served as SBUA’s expert witness and played a lead role in developing testimony. Mr. Brown submitted direct testimony and rebuttal testimony. He analyzed other parties’ proposals and had an instrumental role in identifying and promoting small commercial customer interests in this proceeding. SBUA seeks compensation for approximately 38.5 hours of his work, which is a 35% discount on his actual hours and well below his hours estimated in SBUA’s NOI. This amount is a reasonable request given the high demand on experts to participate in a complex GRC, as here, and the detailed nature of analyzing and promoting positions on behalf an entire customer class (i.e., small commercial customers).</p>	
<p>c. Allocation of hours by issue:</p> <p>SBUA has assigned the following issue codes:</p> <ul style="list-style-type: none"> A. Tracking Spend on Small Commercial Customers and Contracting Opportunities for Small Businesses – 15.8 hours or 16% B. Customer Service and Outreach to Small Commercial Customers – 16.8 hours or 18% C. Other Issues (incentive plans, economic development, expenditures on peakers, etc.) – 35.4 hours or 37% E. General (coordination, procedural issues) – 15.4 hours or 16% F. Settlement Efforts – 12.7 hours or 13% <p>SBUA asserts that the categories above are well defined to allow SBUA to accurately assign hours to various tasks in its time entries. Should the Commission wish to see different information on this point or some other breakdown of SBUA’s hourly work, SBUA requests that we be so informed and provided an opportunity supplement this request accordingly.</p> <p>SBUA submits that all of the hours claimed were reasonably and efficiently expended and should be fully compensated. SBUA also is submitting 15.7 hours for preparing this compensation request and the NOI.</p>	<p>Verified.</p>

C. Attachments Documenting Specific Claim and Comments on Part III

Comment #	Intervenor's Comment(s)
Comment 1	SBUA is not claiming any office costs in this request or reimbursements for other expenses. SBUA has used electronic mail communication, phone, and conference calls to reduce filing and meeting costs and keep overall costs to a minimum, helping to add to the reasonableness of its claim.
Comment 2 Time Keeping	A daily listing of the specific tasks performed by Mr. Birkelund and Mr. Brown in connection with this proceeding is set forth in Attachments 1 and 2, respectively. SBUA's attorney and expert maintained detailed time records indicating the number of hours devoted to work on this case. As discussed above, the hours claimed by Mr. Birkelund and Mr. Brown on the proceeding proper are discounted 35% from actual hours billed.
Comment 3	2016 Compensation Time: Because no merits work was done in 2016, SBUA seeks compensation for any time spent in 2016 preparing this request in 2016 at 2015 rates. SBUA reserves the right to seek an increase in 2016 rates in future filings, as may be appropriate.
Comment 6	SBUA seeks a 2013 hourly rate of \$110 for Brittney Marra. She provided services in a advocate capacity for purposes of this proceeding, including meetings with small businesses throughout SCE territory, and her hours should be compensated accordingly. Her claimed hours are also discounted 35% from actual hours worked. Ms. Marra's qualifications and background are included in Attachment 3.
