Joint Agency Workshop on the Proposed Regionalization of the California Independent System Operator

<p>July 26, 2016 9:00 am – 4:30 pm</p>	<p>California Secretary of State Building 1500 11th Street, First Floor, Auditorium Sacramento, CA 95814</p> <p>Conference Call Dial-In: 877- 369-5230 Passcode: 0366202#</p>
---	---

Per the requirements of the Clean Energy and Pollution Reduction Act of 2015, Senate Bill 350 (De León, Chapter 547, Statutes of 2015), the California Energy Commission (Energy Commission), California Public Utilities Commission (CPUC), and California Air Resources Board (ARB) will jointly host a public workshop on topics related to regionalization of the Independent System Operator, including the development of a proposed governance structure and studies on the environmental and economic impacts of a regional grid operator.

One or more commissioners or board members from the Energy Commission, CPUC, ARB, will attend and participate in the workshop. A quorum of commissioners and board members from each of the Energy Commission, CPUC, and/or ARB may be in attendance. Members of the Board of Governors of the California Independent System Operator (CAISO) may also be in attendance. No action will be taken at the workshop.

AGENDA

The purpose of the workshop is to bring public officials, government and nongovernment entities, representatives of California regulatory agencies, and other interested stakeholders together to discuss topics related to the development of a governance structure and implications for a regional grid operator. At the workshop, the California ISO will present revised proposed principles for governance of a Regional ISO and the results of recent regional market expansion studies. The agencies will provide feedback on the studies and consider stakeholder comments provided at the workshop. All interested parties are invited to attend. Opportunities to provide public comment will be provided as well.

The full notice of the workshop, including the workshop agenda, the schedule, information on public comments, a link to documents and presentations, and additional options to participate via remote access are available at:

Per the requirements of the Clean Energy and Pollution Reduction Act of 2015, Senate Bill 350 (De León, Chapter 547, Statutes of 2015), the California Energy Commission (Energy Commission), California Public Utilities Commission (CPUC), and California Air Resources Board (ARB) will jointly host a public workshop on topics related to regionalization of the Independent System Operator, including the development of a proposed governance structure and studies on the environmental and economic impacts of a regional grid operator.

One or more commissioners or board members from the Energy Commission, CPUC, ARB, will attend and participate in the workshop. A quorum of commissioners and board members from each of the Energy Commission, CPUC, and/or ARB may be in attendance. Members of the Board of Governors of the California Independent System Operator (CAISO) may also be in attendance. No action will be taken at the workshop.

AGENDA

The purpose of the workshop is to bring public officials, government and nongovernment entities, representatives of California regulatory agencies, and other interested stakeholders together to discuss topics related to the development of a governance structure and implications for a regional grid operator. At the workshop, the California ISO will present revised proposed principles for governance of a Regional ISO and the results of recent regional market expansion studies. The agencies will provide feedback on the studies and consider stakeholder comments provided at the workshop. All interested parties are invited to attend. Opportunities to provide public comment will be provided as well.

The full notice of the workshop, including the workshop agenda, the schedule, information on public comments, a link to

documents and presentations, and additional options to participate via remote access are available at:

---	---

Per the requirements of the Clean Energy and Pollution Reduction Act, Senate Bill 350, the California Public Utilities Commission, California Energy Commission and California Air Resources Board, will jointly host a public workshop on July 26, 2016, in Sacramento on topics related to regionalization of the California Independent System Operator, including the development of a governance structure and studies on the environmental and economic impacts of a regional grid operator.

Under the Clean Energy and Pollution Reduction Act, Senate Bill 350, the California Independent System Operator was required to: (1) prepare governance modifications needed to transform into a regional organization; and (2) conduct one or more studies of the impacts of a regional market enabled by the proposed governance modifications, including overall benefits to ratepayers, including the creation or retention of jobs and other benefits to the California economy, environmental impacts in California and elsewhere, impacts in disadvantaged communities, emissions of greenhouse gases and other air pollutants, and reliability and integration of renewable energy resources. At the workshop, the California Independent System Operator will present proposed governance modifications and the results of recent regional market expansion studies. The agencies will provide feedback on the studies and consider stakeholder comments provided at the workshop. All interested parties are invited to attend. More information and a detailed agenda will follow.

Questions on the subject matter of the workshop may be directed to the CEC: contact Al.Alvarado@energy.ca.gov or (916) 654-4749.
