On January 28, 2016, the California Public Utilities Commission (Commission) adopted a successor tariff to the current net energy metering (NEM) tariff in Decision 16-01-044. That decision directed Energy Division staff, in collaboration with R.14-07-002 parties, to undertake further consideration of consumer protection measures, including the development of an information packet for customers interested in taking service under the NEM successor tariff. As a first step in the Commission's further consideration of these issues, the purpose of this workshop will be to identify:

1. Consumer protection issues NEM customers have encountered; and
2. Existing regulation and jurisdiction over consumer protection for NEM customers.

The workshop agenda and presentation slides will be provided in advance of the workshop. For further information, please contact Shannon O'Rourke (sr6@cpuc.ca.gov / 415.703.5574).
