(f) By a combination of two or more of the foregoing methods.

(3) The certificate of insurance or bond evidencing such protection hereinabove required shall not be cancelable on less than thirty days' written notice to the Public Utilities Commission, such notice to commence to run from the date the notice is actually received at the office of the Commission.

(4) The Commission will give consideration to and may approve the application of a charter-party carrier of passengers to qualify as a self-insurer provided such charter-party carrier of passengers files an application with the Commission supported by a true and accurate statement of its financial condition and other evidence which will establish to the satisfaction of the Commission the ability of such charter-party carrier of passengers to satisfy its obligations for public liability and property damage within the limits hereinabove prescribed, without affecting the stability and permanency of the business of such charter-party carrier of passengers.

(5) The Commission will also consider applications for approval of other securities or agreements of indemnity and may approve any such applications if satisfied that the security or agreement of indemnity offered will afford the security for the protection of the public hereinabove contemplated.

(6) Any charter-party carrier of passengers engaged in interstate or intrastate operations within the State of California, which is and becomes qualified as a self-insurer with the Interstate Commerce Commission promulgated thereunder, shall be exempt, so long as such qualification remains effective, from the foregoing provisions of this General Order. (7) Each charter-party carrier of passengers desiring to become qualified as a self-insurer, or to have orders or certificates issued by the Interstate Commerce Commission authorizing self-insurance accepted by this Commission, or to have other securities or agreements of indemnity accepted in lieu of the bond or insurance hereinabove provided, shall make application therefore to this Commission stating all of the facts which shall be required by the Commission with respect thereto. If such application is approved, such charter-party carrier of passengers, while such order of approval shall remain effective, shall be exempt from furnishing a certificate of insurance or bond hereinabove provided.

(8) Every insurance certificate, surety bond, or equivalent protection to the public shall contain a provision that such certificate, surety bond, or equivalent protection shall remain in full force and effect until cancelled in the manner provided by Section (3) of this General Order.

(9) The cancellation or suspension of a policy of insurance or surety bond or the cancellation, suspension, or surrender of a certificate of self-insurance issued by this Commission or the Interstate Commerce Commission, or the impairment or destruction of any security, or the cancellation or termination of any agreement or indemnity, or the alteration (without first obtaining Commission authorization) of any agreement of indemnity, shall constitute good cause for suspension or revocation of the operating authority of the affected charter-party carrier of passengers. No operation shall be conducted on any highway of the State of California unless a certificate of insurance, certificate of self-
insurance coverage, bond, or the other securities or agreements of indemnity hereinabove specified, shall be in effect and on file with the Commission.
