The Commission’s policy is to schedule hearings (meetings, workshops, etc.) in locations that are accessible to people with disabilities.

The CPUC encourages all Californians to participate in its meetings, hearings, workshops, and proceedings. We try to hold our public meetings only in places that are wheelchair accessible and which can accommodate specialized equipment and other services useful to people with disabilities. Please see the notice of the meeting you wish to attend for more specifics.

If you plan to attend and need specialized accommodations for a particular meeting that are not listed in the notice, request them from the Public Advisor’s Office at least three business days in advance of the meeting. Contact the Public Advisor’s Office by any one of the following:

**AGENDA**

The Vehicle-Grid Integration (VGI) Communication Protocol working group, which is designed to inform the Commission’s rulemaking under R.13-11-007 and related proceedings, will meet according to the above schedule. Any changes to the schedule will be noticed on the Daily Calendar, including updates on locations for the all-day meetings. A current schedule will also be available at www.cpuc.ca.gov/vgi.

**Background**

The California Public Utilities Commission, California Energy Commission, and other State agencies convened this working group to assess how and whether the adoption of a communications protocol is necessary to enable Plug-In Electric Vehicle-Grid Integration (VGI) resources to more economically participate in electricity markets at scale. Participants of the working group will identify and assess opportunities in which VGI can create value from multiple market participants’ perspectives, communication protocols needed to deliver that value, and concepts for how utilities, automakers, electric vehicle service providers, aggregators, and others can develop pathways to market for a VGI resource. The working group will allow participants to review, understand, and discuss the technical details of existing communication protocols. The recommendations of the working group will be considered and incorporated in CPUC’s Rulemaking 13-11-007 (and/or the SB 350 Transportation Electrification applications A.17-01-020, A.17-01-021 and A.17-01-022) and the Energy Commission’s Integrated Energy Policy Report (IEPR) proceeding for future policy decisions. Anyone interested in participating in the VGI Working Group should contact Amy Mesrobian (amy.mesrobian@cpuc.ca.gov or 415-703-3175) or Carrie Sisto (cs8@cpuc.ca.gov or 415-703-2872).

AGENDA
R.15-06-009 – The Physical Security for Electric Supply Facilities proceeding is assessing existing protocols, standards, and practices as they relate to the physical security of electric utility assets in California. This second in a series of workshops will review existing State (Public Utilities Code), Federal (NERC CIP-014), and Electric Utility industry rules, guidelines, and best practices addressing the distribution systems of electric corporations so as to appropriately identify gaps and minimize any redundancy and conflict. Staff contacts: Martin Kurtovich (415-703-2623), and Jeremy Battis (415-703-3041).

AGENDA

The Vehicle-Grid Integration (VGI) Communication Protocol working group, which is designed to inform the Commission’s rulemaking under R.13-11-007 and related proceedings, will meet according to the above schedule. Any changes to the schedule will be noticed on the Daily Calendar, including updates on locations for the all-day meetings. A current schedule will also be available at www.cpuc.ca.gov/vgi.

Background

The California Public Utilities Commission, California Energy Commission, and other State agencies convened this working group to assess how and whether the adoption of a communications protocol is necessary to enable Plug-In Electric Vehicle-Grid Integration (VGI) resources to more economically participate in electricity markets at scale.

Participants of the working group will identify and assess opportunities in which VGI can create value from multiple market participants’ perspectives, communication protocols needed to deliver that value, and concepts for how utilities, automakers, electric vehicle service providers, aggregators, and others can develop pathways to market for a VGI resource. The working group will allow participants to review, understand, and discuss the technical details of existing communication protocols. The recommendations of the working group will be considered and incorporated in CPUC’s Rulemaking 13-11-007 (and/or the SB 350 Transportation Electrification applications A.17-01-020, A.17-01-021 and A.17-01-022) and the Energy Commission’s Integrated Energy Policy Report (IEPR) proceeding for future policy decisions. Anyone interested in participating in the VGI Working Group should contact Amy Mesrobian (amy.mesrobian@cpuc.ca.gov or 415-703-3175) or Carrie Sisto (cs8@cpuc.ca.gov or 415-703-2872).

| 9am-4:30pm  | Webex will be available for remote participation  
Details to be provided closer to the event. |

AGENDA

California Public Utilities Commission staff will host a public workshop to discuss the standard review transportation electrification proposals included in the investor owned utilities’ (IOUs) applications filed pursuant to requirements established in Senate Bill 350 to accelerate widespread transportation electrification.

On January 20, 2017, Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southern California Edison Company submitted applications proposing programs designed to reduce dependence on petroleum, meet air quality standards, lower greenhouse gas emissions, achieve the goals set forth in the Charge Ahead California Initiative, and be in the interest of ratepayers, as required under D.16-11-005. The utilities’ applications can be found at www.cpuc.ca.gov/sb350te. The focus of this workshop will be the utilities’ proposals for standard review projects, which would install nearly $1 billion in infrastructure aimed at accelerating transportation electrification across the three IOUs’ service territories. A more detailed agenda for the workshop will be made available closer to the event. Though a quorum of commissioners may be present, no decisions will be made. For more information contact: Amy Mesrobian (amy.mesrobian@cpuc.ca.gov or 415-703-3175) or Carrie Sisto (cs8@cpuc.ca.gov or 415-703-2872).
