**I. SUMMARY**

This Resolution requires CASF consortia grantees to comply with the Attestation Report requirement adopted in D.11-06-038, and modifies grant awards authorized in Resolutions T-17529, T-17537, T-17538, T-17544, T-17550 and T-17561 (collectively referred to as "2016 Consortia Grants,"<sup>1</sup>), in order to provide for reimbursement of these reporting requirement costs. This Resolution requires the Consortia groups that received 2016 Consortia Grants to submit revised budgets to include a line item in their fiscal agent budget for the costs of the Attestation Report Requirement.

**II. BACKGROUND**

On June 23, 2011, the Commission adopted D.11-06-038, which implemented the provisions of Senate Bill (SB) 1040 (Padilla, Stats 2010, Chapter 317) relating to the CASF Consortia program and outlined the application filing process, and payment reimbursement methods for the program. On September 2, 2015, the Governor signed

Assembly Bill (AB) 1262 (Wood, Chapter 242, Statutes of 2015) that reallocated \$5 million from the CASF Broadband Infrastructure Revolving Loan Account to the CASF Consortia Account, thus making additional funds available for consortia activities. The total authorized amount for the Consortia Account is \$15 million.

During the first grant solicitation process, 17 consortia groups were funded totaling \$8,873,476<sup>2</sup>. Of the \$8,873,467, \$8,523,106 has been disbursed.<sup>3</sup> The second solicitation process (2016 Consortia Grants) had a January 29, 2016 deadline and approved another 17 consortia groups totaling \$4,611,114. Table 1, below, is a breakdown of the 2016 Consortia Grants.

On March 30, 2017, the State Controller’s Office (SCO) issued the second interim Performance and Financial Audit Report (Audit Report) of the CASF Program.<sup>4</sup> The Audit Report found that the Commission is not in compliance with the CPA Attestation Report requirement for all consortia accounts, as required by D.11-06-038.<sup>5</sup> The Attestation Report requirement for all consortia requires the fiscal agent to agree that the work outlined in the Consortium Work Plan will be completed and verified by an Attestation Report, prepared by an independent licensed Certified Public Accountant (CPA), and submitted annually to the CPUC’s Communications Division (CD).<sup>6</sup>

Before issuing its Audit Report, the SCO met with CD staff in November 2016, to discuss this finding and necessary changes to ensure the Attestation Report requirement was in place. Subsequently, on January 19, 2017, the Commission adopted Resolution T-17550 which approved/awarded four consortia totaling \$933,488 and required the consortia to comply with the annual Attestation Report requirement as specified in D.11-06-038. Specifically, Ordering Paragraph No. 3 of Resolution T-17550 states:

The Fiscal Agent for Eastern Sierra Connect Regional Broadband Consortium, Broadband Consortium of the Pacific Coast, Northeast California Connect Consortium, and Upstate California Connect Consortium must each submit a letter stating the fiscal agent’s commitment to act as a Fiscal Agent for the Consortium. The letter must include: the name and contact information of the responsible party within the agency, including the person responsible for the administrative tasks, if different; and affirmation that the work outlined in the Consortium Work Plan will be completed and verification by an Attestation Report prepared by an independent, licensed Certified Public Accountant will be submitted annually to the Communications Division. The letter must also state the Consortium’s acceptance of the Fiscal Agent’s rights, duties, and responsibilities.

<sup>6</sup> D.11-06-038, p. 26.

During the 30 day comment period, no comments were received for Resolution T-17550.

On February 2, 2017, representatives from the 2016 Consortia Grants joined CASF staff in a conference call to discuss changes to the Consortia Administrative Manual as well as to discuss the Attestation Reporting requirement. During the conference call and in follow up communications with staff, all consortia groups approved during the 2016 Consortia Grant Solicitation Cycle were made aware of the reporting requirement for their annual 4<sup>th</sup> quarter submission. All groups agreed to follow these requirements.

On April 6, 2017 the Commission adopted Resolution T-17561 approving the final consortia of the 2016 Consortia Grants Cycle. Resolution T-17561 also contained an ordering paragraph similar to Resolution T-17550 Ordering Paragraph No. 3 above describing the Attestation Report requirement. No comments were received.

### III. DISCUSSION

D.11-06-038 Section 6.4.4. Assignment of a Fiscal Agent, states:

Affirmation that the work outlined in the Consortium Work Plan will be completed and verification by an Attestation Report prepared by an independent, licensed Certified Public Accountant will be submitted annually to the Communications Division. The letter must also state the Consortium's acceptance of the Fiscal Agent's rights, duties, and responsibilities.<sup>7</sup>

However, this requirement was never imposed on the first round of Consortia Grantees (Table 3) beginning in 2011, or in the 2016 Consortia Grant Resolutions prior to T-17550 in early 2017.

The Attestation Report requirement has only recently been included, in Resolutions T-17550 and T-17561, after the SCO's Audit Report was issued on March 30, 2017. Accordingly, in this Resolution, we modify grant awards authorized in the 2016 Consortia Grant Resolutions, as identified in Table 1 on page 2, to clarify that the consortia groups are subject to the Attestation Report requirement. Further, in this Resolution we are making it clear that D.11-06-038 requires an Annual Attestation Report, and that all consortia shall comply with this requirement going forward.

However, we note that consortia groups approved during the 2016 Consortia Grant Solicitation Cycle did not include costs for the Attestation Report in their budgets. Consequently, as the attestation reporting requirement for their annual 4<sup>th</sup> quarter submission drew near, some of the consortia approved in the 2016 Consortia Grant Cycle contacted staff indicating that their budgets did not account for costs associated with hiring independent CPAs for report preparation.

#### **IV. PAYMENT**

The Commission requires that all consortia groups approved during the 2016 Consortia Grant Solicitation Cycle resubmit their budgets to include a line item in their fiscal

agent budget that accounts for the costs of the Attestation Report Requirement. Consortia may request additional funding of up to \$10,000 per year, per Attestation Report.<sup>8</sup>

The amended budgets for the 2016 Consortia Grants should remain consistent with D.11-06-038, which states:

The Commission hereby authorizes eligible Consortia to apply for grants pursuant to the Rural and Urban Regional Broadband Consortia Account subject to annual funding caps of \$150,000 and three-year caps of \$450,000, in accordance with Public Utilities Code Section 281 and the ordering paragraphs below.<sup>9</sup>

D.11-06-038 requires that submission of invoices from and payments to the grantees shall be made at quarterly intervals. Specifically, D.11-06-038 states:

In order to receive a progress payment, the Consortium must first submit the Quarterly Progress Report to the Communications Division, together with all requests for payment and reimbursement supported by relevant invoices receipts, etc. ... Further, the Quarterly Progress Report shall indicate the actual date of completion of each task/milestone as well as problems/issues encountered and the actions taken to resolve these problems/issues. The Quarterly Progress Report will be submitted and certified under penalty of perjury.

Going forward, along with the 4<sup>th</sup> Quarterly Progress Report and relevant documentation, each consortium must submit the required Attestation Report and its supporting invoices and receipts. Furthermore, this Attestation Report should substantiate each consortium's claim that progress is consistent with its approved Action Plan, Work Plan, and budget. Billing should only be for activities related to broadband deployment, access, and adoption activities approved by the Commission.

<sup>8</sup> CD Staff conducted independent research to determine an average cost for attestation reports.

<sup>9</sup> D.11-06-038, Ordering Paragraph 1, p. 38; see also D.11-06-038, Ordering Paragraph 3, p. 38 which states, "This ordering paragraph refers to all regions, with the exception of Los Angeles, whose funding for the "the combined total size of grants for all Los Angeles sub-regional consortia shall not exceed \$150,000 for one year or \$450,000 for three years."

## V. COMMENTS ON DRAFT RESOLUTION

In compliance with Pub. Util. Code § 311(g), a notice letter was emailed on November 14, 2017, informing all parties on the CASF Distribution List of the availability of the draft of this Resolution for public comments at the Commission's documents website at <http://www.cpuc.ca.gov/documents/>. This letter also informed parties that the final conformed Resolution adopted by the Commission will be posted and available at the same website.

On November 29<sup>th</sup>, CD received one informal comment from the Tahoe Basin Project (TBP).<sup>10</sup> In the comment, TBP noted the frustration their organization has leading up to submitting the attestation report with little direction, and no guarantee of reimbursement. TBP requested that CD quickly develop timelines and directions for submitting revised work plans and attestation reports. TBP also noted that they appreciate the work done by CD staff to allow them to add line items in their work plans to address Attestation reporting costs.

### CD's Response to TBP's Comments

After approval of this resolution, staff will propose a timeline for Consortia to follow regarding budget amendments to work plans. This resolution will also help provide clear guidance for TBP and other consortia.
