Resolution T-17598. ADOPTING ANNUAL FEE TO IMPLEMENT THE DIGITAL INFRASTRUCTURE AND VIDEO COMPETITION ACT (DIVCA) FOR FISCAL YEAR 2017-18.

SUMMARY

This Resolution sets the annual fee for the fiscal year 2017-2018 to be paid by each video franchise holder. This fee will generate revenue equal to the Commission's authorized budget for implementation of AB 2987, the Digital Infrastructure and Video Competition Act.

BACKGROUND

The Digital Infrastructure and Video Competition Act of 2006 (DIVCA) was signed into law on September 29, 2006, creating for the first time a process for the issuance of state video franchises in California.¹ On March 1, 2007, the Commission issued D. 07-03-014 (DIVCA Decision)², implementing DIVCA, and began accepting video franchise applications immediately thereafter. As of November 18, 2016, the Commission has issued a total of 54 video franchises and 172 amendments.³

¹ AB 2987, 2005-2006 Session (Ca. 2006); Cal. Pub. Util. Code, Division 2.5, The Digital Infrastructure and Video Competition Act of 2006 (DIVCA).

² *Decision Adopting a General Order and Procedures to Implement the Digital Infrastructure and Video Competition Act of 2006*, Decision 07-03-014, *Rulemaking for Adoption of a General Order and Procedures to Implement the Digital Infrastructure and Video Competition Act of 2006* (Cal. P.U.C. March 3, 2007) (D. 07- 03-014).

³ Amendments to existing video franchises "reflect changes to the franchise service area." (CPUC, General Order 169, VI, C.)

DIVCA requires the Commission to collect annual fees from all state-issued video franchise holders.⁴ The total amount of fees collected is to equal the amount authorized in the Commission budget for DIVCA implementation. For the 2017-2018 fiscal year, \$950,000 was authorized to implement the state video franchise program.⁵ The DIVCA Decision provided that the annual fee for each video franchisee, after the initial year, was to be calculated based on the percentage of all state video franchise holders' gross video revenue that is attributable to an individual franchisee.⁶ The fee was to be calculated based on the revenue reported for the prior calendar year. The fees for the 2017-2018 fiscal year are based on the gross video revenue reported by each franchise holder for calendar year 2016.

DISCUSSION

This Resolution sets the annual fee for FY 2017-2018 consistent with D.07-03-014.

In order to generate the \$950,000 authorized for the Commission's Fiscal Year 2017-2018 DIVCA-related budget, the amount due from each franchise holder is based on a pro-rata share of gross video revenues from all state-issued franchisees, in accordance with D. 07-03-014. For calendar year 2016, the time period used to apportion fees, total reported gross video revenues were approximately \$6.5 billion (\$6,461,615,703, 0.40% lower than in 2015). Consequently, the total DIVCA-related budget of \$950,000 amounts to 0.0147022% of the total video revenues in the state,⁷ or 0.0147022 cents per dollar of gross video revenue received by each franchise holder.⁸

Since an individual franchise holder's fee will be directly related to its gross video revenue, we cannot disclose the annual fee of any individual video franchise holder.⁹

⁴ Cal. Pub. Util. Code § 441, as added by AB 2987, reads, in part, as follows:

"§441. The commission shall annually determine a fee to be paid by an applicant or holder of a state franchise pursuant to Division 2.5 (commencing with Section 5800). The annual fee shall be established to produce a total amount equal to that amount established in the authorized commission budget for the same year to carry out the provisions of Division 2.5 (commencing with Section 5800)....

⁵ Decision 07-03-014, p. 115.

⁶ Decision 07-03-014, pp. 122-123

⁷ The computation supporting this is: $\$0.000147022 \times \$6,461,615,703 = \$949,999.66$.

⁸ By way of comparison, for the last fiscal year, the DIVCA-related budget required a surcharge equal to 0.0146428 cents per dollar.

⁹ PU Code Section 5960 (d) states: "All information submitted to the commission and reported by the commission pursuant to this section shall be disclosed to the public only as provided for pursuant to

The Commission will send all video franchise holders a confidential fee statement after adoption of this Resolution. Video franchise holders with franchises issued any time on or prior to June 30, 2018 are required to pay the annual fee for the full Fiscal Year 2017-2018. Video franchise holders with franchises issued on or before the date of this Resolution must pay their annual fees for Fiscal Year 2017-2018 before April 30, 2018. Holders of franchises granted after the date of the Resolution shall pay the fee amount to the Commission within 60 days after the issuance of their franchise or by June 30, 2018, whichever is earlier.

SAFETY CONSIDERATIONS

The fees received pursuant to this Resolution fund the cost of the DIVCA program. DIVCA's intent is to allow easier entry into the video market and deployment of broadband infrastructure in the State. Video providers play an important role in public safety by disseminating emergency information to viewers by participating in the Emergency Alert Program, by providing IP-based services that will accommodate enhanced 911 services, by supporting tele-health capabilities, and by providing diverse facilities to improve survivability of the State's communications capability.
