- [Other Notices](#)

The Commission's policy is to schedule hearings (meetings, workshops, etc.) in locations that are accessible to people with disabilities.

The CPUC encourages all Californians to participate in its meetings, hearings, workshops, and proceedings. We try to hold our public meetings only in places that are wheelchair accessible and which can accommodate specialized equipment and other services useful to people with disabilities. Please see the notice of the meeting you wish to attend for more specifics.

If you plan to attend and need specialized accommodations for a particular meeting that are not listed in the notice, request them from the Public Advisor's Office at least three business days in advance of the meeting. Contact the Public Advisor's Office by any one of the following:

Email: public.advisor@cpuc.ca.gov
toll-free: 1-866-849-8390
Voice: 415-703-2074

FAX: 415-355-5404 (Attn.: Public Advisor)

Draft Resolution No.	ST-216
Meeting Date	August 9, 2018
Subject Matter	The Safety and Enforcement Division has prepared Resolution ST-216 for the August 9, 2018, Commission Meeting. The resolution grants approval of the final report titled, "2017 Triennial On-Site Security Review of Bay Area Rapid Transit District," dated June 27, 2018. The report compiles the results of Commission staff review of the Bay Area Rapid Transit District security programs. Due to the confidential nature of some elements of the security review, both confidential and redacted versions of the report and resolution will be retained by the Commission. Only background information and review procedures will be included in the publicly-available redacted report; findings and recommendations are not.

OTHER NOTICES

Notice: Southern California Edison Company's (SCE's) West of Devers Upgrade Project

This notice pertains to Southern California Edison Company's (SCE's) West of Devers Upgrade Project (the Project) and is being given pursuant to Public Utilities Code § 625(a)(1)(B). The Commission granted a Certificate of Public Convenience and Necessity (CPCN) for the Project in Decision 16-08-017.

The Project primarily involves an upgrade of existing SCE 220 kilovolt (kV) facilities within existing SCE right-of-way so that SCE can connect renewable energy generated in the Blythe and Desert Center area of Riverside County to the State's power grid and deliver it to consumers. Prior to the start of the Project, SCE had telecommunications facilities along the majority of the Project's segments that SCE has been using to provide competitive telecommunication services. Those telecommunication facilities will be modified and/or relocated during the Project's electrical facility work.

There are 15 sites along the Commission-approved route where SCE is seeking easement rights for relocations or rights upgrades for both electrical and telecommunication facilities through state court condemnation actions. SCE submits this notice because SCE is pursuing these condemnation actions to carry out a Commission-ordered obligation. (Public Utilities Code § 625(a)(1)(B); see also CPUC Decision 02-05-007 re CPCN for PG&E's Northeast San Jose Transmission Project.)

SCE submits that the Commission's Decision in granting the CPCN for the Project establishes all of the following under Public Utilities Code § 625(b)(2)(A)-(D):

- (A) The public interest and necessity require the proposed project.
- (B) The property to be condemned is necessary for the proposed project.
- (C) The public benefit of acquiring the property by eminent domain outweighs the hardship to the owners of the property.
- (D) The proposed project is located in a manner most compatible with the greatest public good and least private injury.
