11/18/11 **I.09-12-016** - Order Instituting Investigation on the Commission's own motion into the alleged failure of TracFone Wireless, Inc. (U4321C) to collect and remit public purpose program surcharges and user fees on revenue from its sale of intrastate telephone service to California consumers, in violation of the laws, rules and regulations of this State; Order to Show Cause why Respondent should not immediately be ordered to pay all such outstanding sums plus interest, and be subject to penalties for such violations; **Presiding Officer's Decision.**
The evidence establishes that TracFone Wireless, Inc. (TracFone) operates within California as a public utility and a telephone corporation under Cal. Const., art. XII, § 3; Pub. Util. Code §§ 216, 233, and 234. The evidence further establishes that the user fees and the public purpose program surcharges apply to the prepaid wireless services provided by TracFone and that TracFone is ultimately responsible for the payment of these user fees and surcharges. As such, we find that TracFone violated statutory law and Commission decisions in failing to ensure the payment of these surcharges. We will consider the issue of whether a penalty is appropriate and the amount owed in past due surcharges as a result of TracFone's violations in phase 2 of this proceeding. The proceeding remains open for consideration of phase 2.
