### (UPDATED) Public Workshop Notice: R.11-10-023 - Workshop- Resource Adequacy 2013 Templates and Guides (REVISED AS OF 7/19/12)

August 6, 2012 (NEW DATE)  
9:30 am - 12 pm

California Public Utilities Commission  
Via WebEx

This workshop is to go over the 2013 Resource Adequacy (RA) compliance templates (both System and Local templates) and RA Guide. This review will demonstrate the new features of the template which include any features related to the recent RA decision (linked below). This workshop will be broken into two sections. The first section will be a demonstration of the features of the RA templates and guides that are new for 2013 compliance year. Once the new features and procedures are demonstrated, those that are familiar with the process can drop off the WebEx and the rest of the time will be a general demonstration of the RA templates and guides for those that seek further clarification or for those representing new LSEs that are new to the process. This is an ideal time for those representing new LSEs to gain an understanding of filing procedures and rules. Representatives from LSEs are encouraged to develop questions or functions that Energy Division staff can clarify or demonstrate during the workshop, and they are encouraged to email Energy Division staff before the workshop with those questions. Draft templates and guides, as well as WebEx information, will be sent to the service list in advance of the workshop. For LSEs that need more one-on-one training, Energy Division RA staff will gladly set up these trainings offline to go through the templates in finer detail.
