

Decision 10-09-038 September 23, 2010

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Order Instituting Rulemaking to Examine the Commission's Energy Efficiency Risk/Reward Incentive Mechanism.

Rulemaking 09-01-019
(Filed January 29, 2009)

ORDER EXTENDING DEADLINE FOR RESOLVING RULEMAKING

On January 29, 2009, the Commission instituted this rulemaking to examine the Energy Efficiency Risk/Reward Incentive Mechanism (RRIM).

The proceeding was instituted to address pending incentive claims for the 2006-2008 program cycle and to evaluate prospective modifications to the design and operation of the RRIM which was first adopted in Decision (D.) 07-09-043. As the Commission noted in opening this rulemaking, the methodologies underlying the RRIM process are quite complex.

Pursuant to Pub. Util. Code § 1701.5(a), ratesetting proceedings shall be resolved within 18 months after the issuance of a scoping memo unless the scoping memo sets a later date. The Commission may also, upon making a written determination that the deadline cannot be met, including findings as to the reason, issue an order extending the deadline.

The assigned Commissioner issued his scoping memo on April 14, 2009; therefore, the resolution date is currently October 14, 2010. Today's decision extends the statutory deadline, as allowed by § 1701.5(a), to December 13, 2010.

As stated in opening this proceeding, the Commission's intent was to adopt a new framework for the review of the remainder of 2006-2008 energy

efficiency activities in a timeframe consistent with awarding interim payments no later than December 2009, and any final payments for the 2006-2008 cycle no later than December 2010. In December 2009, in accordance with that schedule, we issued D.09-12-045, awarding the second installment of interim incentive payments for the 2006-2008 cycle. We expect shortly to finalize the final true-up the 2006-2008 cycle. We also expect shortly to resolve issues regarding the prospective design and administration of the RRIM program, but the time required to resolve all relevant issues is expected to extend beyond October 14, 2010.

Accordingly, pursuant to Pub. Util. Code § 1701.5(a), an extension of the current October 14, 2010, deadline is needed.

Waiver of Comment Period

Under Rule 14.6(c)(4) of the Commission's Rules of Practice and Procedure, the Commission may reduce or waive the period for public review and comment of proposed decisions extending the deadline for resolving ratesetting proceedings. Accordingly, the otherwise applicable period for public review and comment is being waived.

Assignment of Proceeding

John A. Bohn is the assigned Commissioner and Thomas R. Pulsifer is the assigned Administrative Law Judge in this proceeding.

Findings of Fact

1. The scoping memo in this proceeding was issued on April 14, 2009, and the 18-month deadline for concluding the proceeding is October 14, 2010.

2. In December 2009, in accordance with the adopted schedule, D.09-12-045 was issued, awarding the second installment of interim incentive payments for the 2006-2008 cycle.

3. The Commission has developed a further record to resolve the 2006-2008 RRIM earnings true up, and the prospective design and operation of the RRIM program, and decisions on these issues are expected in the near future.

Conclusions of Law

1. The statutory deadline of October 14, 2010 imposed by Pub. Util. Code § 1701.5(a) should be extended by an additional 60 days.

2. In accordance with Rule 14.6(c)(4) the comment period is waived.

IT IS ORDERED that the statutory deadline for resolving this proceeding is extended to December 13, 2010.

This order is effective today.

Dated September 23, 2010, at San Francisco, California.
