Proposed Application to the Public Utilities Commission of the State of California.

I.

STATEMENT OF RELIEF SOUGHT

By this Application, Golden State Water Company (GSWC or Applicant) requests authority to increase rates for water service in its Region II and Region III ratemaking area. In addition, the Application requests review of expenses incurred and investment made in general operation through its General Office and Centralized Operations Support.

The requested rate increases are necessary because the present rates are insufficient, in that they do not produce adequate revenue to yield GSWC a fair, just and reasonable return on capital invested and to allow for investment in plant, property and other equipment devoted to providing quality utility service.

This Application is filed in accordance with D.07-05-062 and its Appendix A.

1. General Rate Case Application Requirements

Region II

A. Summary of Requested Revenue Requirement and Rate Base Changes

Region II Comparison of Proposed Increase to Last Test Year Adopted and Recorded Actual Amounts			
	Proposed Test Year 2010	Last Test Year Adopted (2008)	Last Recorded Year 2007
Total Revenue Requirement \$	\$ 121,309,904	\$105,833,200	\$97,674,700
Rate Base \$	\$ 259,112,523	\$243,496,200	\$207,961,700
Rate Base Difference		\$15,616,323	\$51,150,823
Rate Base % Increase		6.41%	24.60%
Operating Expenses \$	\$ 98,326,321	\$84,405,300	\$78,176,800
Operating Expense \$ Difference		\$ 13,921,021	\$ 20,149,526
Operating Expenses % Difference		16.49%	25.77%
Rate of Return	8.87%	8.80%	9.38%

B. Primary Cost Increases

1. Depreciation – The increase in the depreciation expense is due primarily to the increase in depreciable utility plant since the last general rate case. In addition the composite depreciation accrual rate has increased from 2.89% to 3.61%. The derivation of the depreciation expense is discussed in the Testimony of Jenny Darney-Lane.

2. General Office and Centralized Operations Support allocations, Pension & Benefits and Injuries and Damages - See discussion below under General Office.

3. Allocated District Offices Expenses – As stated in the Testimony of Hilda Wahhab, pages 12,14 and15 , the increase is mainly due to a net effect of increases in Pension and Benefit, Injuries and Damages in Central and Southwest district offices; Rent in Southwest district office and Outside Services in Central district office.

4. Other Operations Expense – As stated in the Testimony of Hilda Wahhab, page 21, the Other Operating Expense is the costs associated with GSWC operations. The increase in Other Operating Expense is due to an increase in the costs associated with water treatment and water conservation programs.

5. Labor Expense – GSWC’s request for its labor expense in Region II ratemaking areas includes the addition of fourteen positions over the organization that the Commission approved in GSWC’s last Region II General Rate Case, filed in 2006. As stated in the Testimony of Patrick Scanlon, pages 3 through 92 - see Table of Contents for specific page location of each position.

C. Issues of Controversy

See discussion below under General Office.

D. Proposed Notice for Region II is attached as Exhibit A

Region III

A. Summary of Requested Revenue Requirement and Rate Base Changes

Below is a comparison table of the proposed attrition year for 2009 compared with the current 2008 adopted year and the last recorded year 2007:

Region III Comparison of Proposed Increase to Last Test Year Adopted and Recorded Actual Amounts			
	Proposed Test Year 2009	Last Test Year Adopted (2008)	Last Recorded Year 2007
Total Revenue Requirement \$	\$98,310,000	\$94,064,800	\$90,872,000
Rate Base \$	\$217,141,500	\$206,539,700	\$190,328,300
Rate Base Difference		\$10,601,700	\$26,813,200
Rate Base % Increase		5.13%	14.09%
Operating Expenses \$	\$79,049,100	\$76,043,100	\$72,960,100
Operating Expense \$ Difference		\$3,006,000	\$6,089,000
Operating Expenses % Difference		3.95%	8.35 %
Rate of Return	8.87%	8.73%	9.41%

Test Year 2009

In Decision 06-01-025 the Commission granted rates for GSWC's Region III for the years 2006, 2007 and 2008. In Decision 07-05-062, Revised GRC Plan the Commission ordered GSWC to file its GRC for Region II, Region III and its General Office on July 1, 2008 with a decision anticipated to be effective January 1, 2010. By doing so the Commission has caused GSWC to experience a delay beyond three-years in filing its Region III GRC application. In D.07-05-062 the Commission also ruled:

B. Procedure to Address Delay Beyond the Three-Year GRC Cycle

A water utility that experiences a delay beyond three-years in filing a GRC application due to the transition to the RCP schedule may seek to implement an interim rate change via an advice letter.

Such filing will not excuse a utility from filing its future GRCs according to the RCP schedule. These interim rates, when approved, will be subject to refund and shall be adjusted upward or downward back to the effective date of the interim rates with the adoption of final rates by the Commission at the conclusion of a GRC scheduled under the RCP.¹ (Emphasis added)

Per Decision 07-05-062, GSWC will file an advice letter for a rate change in 2009 for its Region III. In this application GSWC is requesting the Commission to approve final 2009 rates in its Region III as ordered in D.07-05-062. GSWC's request for Region III rates in 2009 is based on the standard methodology for attrition rate increase for expenses as outlined in D.07-05-062², and for ratebase as outlined in D.04-06-018³. The attrition year increase for 2009 will offset a portion of the requested increase for 2010

Test Year 2010

Below is a comparison table of the 2010 proposed test year compared with the 2009 proposed attrition year and the latest recorded for 2007:

¹ D.07-05-062 pages A-2, A-3

² D.07-05-062 pages A-19, A-20

³ D.04-06-018 page 15 footnote 6

Region III Comparison of Proposed Increase to Last Test Year Adopted and Recorded Actual Amounts			
	Proposed Test Year 2010	Requested Test Year (2009)	Last Recorded Year 2007
Total Revenue Requirement \$	\$121,971,500	\$98,310,000	\$90,872,000
Rate Base \$	\$243,571,400	\$217,141,500	\$190,328,300
Rate Base Difference		\$26,429,900	\$53,243,100
Rate Base % Increase		12.17%	27.97%
Operating Expenses \$	\$100,366,500	\$79,049,100	\$72,960,100
Operating Expense \$ Difference		\$21,317,400	\$27,406,400
Operating Expenses % Difference		26.97%	37.56%
Rate of Return	8.87%	8.87%	9.41%

Below is a comparison table of the 2010 proposed test year compared with the current 2008 adopted test year and the latest recorded for 2007, which illustrates the total change, including the increase for the 2009 attrition year, from current rates to those proposed for 2010:

Region III Comparison of Proposed Increase to Last Test Year Adopted and Recorded Actual Amounts			
	Proposed Test Year 2010	Last Test Year Adopted (2008)	Last Recorded Year 2007
Total Revenue Requirement \$	\$121,971,500	\$94,064,800	\$90,872,000
Rate Base \$	\$243,571,400	\$206,539,700	\$190,328,300
Rate Base Difference		\$37,031,700	\$53,243,100
Rate Base % Increase		17.93%	27.97%
Operating Expenses \$	\$100,366,500	\$76,043,100	\$72,960,100
Operating Expense \$ Difference		\$24,323,400	\$27,406,400
Operating Expenses % Difference		31.99%	37.56%
Rate of Return	8.87%	8.73%	9.41%

B. Primary Cost Increases

1. Depreciation – The increase in the depreciation expense is due primarily to the increase in depreciable utility plant since the last general rate case. In addition the composite depreciation accrual rate has increased from 2.97% to 4.03%. The derivation of the depreciation expense is discussed in the Testimony of Jenny Darney-Lane.
2. Other Maintenance Expenses - As stated in the Testimony of Hilda Wahhab, page 28, the increase in Other Maintenance Expense is attributed to a higher cost of maintaining Region III aging systems as well the increase in regulation requirements to maintain these systems on a regular basis
3. Other Operations Expense – As stated in the Testimony of Hilda Wahhab, pages 25 and 26, the Other Operating Expense is the costs associated with GSWC operations. The increase in Other Operating Expense is due to an increase in the costs associated with water treatment and water conservation programs.
4. General Office and Centralized Operations Support allocations, Pension & Benefits and Injuries and Damages - See discussion below under General Office

5. Labor Expense – GSWC’s request for its labor expense in the Region III ratemaking area includes the addition of nineteen positions over the organization the Commission approved in GSWC’s last Region III General Rate Case filed in 2005. Justification for these positions is in the Prepared Testimony of Patrick Scanlon pages 3 through 92, see Table of Contents for specific page location of each position.

C. Issues of Controversy

See discussion below under General Office.

D. Proposed Notice for Region III is attached as Exhibit B.

General Office and Centralized Operations Support

Some of the increase in the revenue requirement of Region II and Region III are the result of the increase in operations of the General Office and the Centralized Operations Support, and these are summarized below.

A. Primary Cost Increases

1. Administrative and General Labor – GSWC is requesting forty-nine additional support employees in the General Office and Centralized Operations Support. Twenty-seven (or 55%) of these new positions are in the Asset Management Group and are necessary to address the ever-growing need to replace aging infrastructure. Related

costs such as Office Supply Expense will increase proportionately. For a further description of the additional positions being requested see the Testimony of John Garon. For a detailed justification of the need for these positions see the Testimony of William Gedney pages 11 through 56, Michael George pages 11 through 13, Eva Tang pages 1 through 11 and Roland Tanner pages 7, 40 through 44 and 54 through 59.

2. Rent – On February 6, 2007 GSWC signed a seven year lease for 9,258 square feet of office space near its San Dimas Office to accommodate the increase in its General office staff at a cost of \$288,900 per year. See Testimony of John Garon pages 48 and 49.
3. Postage is increasing for two reasons. Foremost, the increase is due to GSWC's changing the billing cycle from bi-monthly in its Region II service area and the City of Claremont to monthly billing in order promote and assist its customers with efficient water use. Additionally, postage is increasing as a result of the continuing increase in postage rates. See the Testimony of Edwin deLeon pages 5 through 10 and John Garon page 45.
4. Pension and Benefits – The annual expense (cost) recorded by GSWC for the Pension Plan is calculated in accordance with the accounting requirements of Financial Accounting Standards Board Standard No. 87, "*Employers' Accounting for Pensions*".

Total projected costs for Pension and Benefits in 2010 are \$22,294,000, an increase \$5,166,600 or 30% over the 2008 adopted costs of \$17,162,700. Of the \$5,166,600 increase, \$3,511,000 or 68% is related to GSWC's request to extend its

post-retirement medical benefits to all employees. (See Testimony of Gladys Farrow pages 4 through 6.)

In its prior applications, GSWC reflected all Pension and Benefit costs as a General Office Expense. These costs were then allocated to the Regions and District offices as part of the total General Office allocation. Starting in 2007, GSWC began directly charging or allocating the Group Health Insurance, Pension Plan Costs, Discretionary Bonuses and adopted Post Retirement Benefits, which is 69% of the total Pension and Benefits costs, to the individual employees cost center. These costs are now charged directly to the Districts and Customer Service Areas and no longer allocated as part of the General Office Costs.

As a result, the comparison of the 2008 adopted costs to the 2010 projected cost must be done at the GSWC-wide level. For example, comparing of the 2008 General Office Adopted Pension and Benefit costs of \$13,917,800, (which includes all Pension and Benefits expensed), to the Projected 2010 General Office Pension and Benefit costs of \$8,816,500, (which does not include the 69% of the Pension and Benefits costs that are being directly charged to employees costs center), reflects a reduction of projected costs. This reduction is misleading, however, because as stated above overall Pension and Benefits costs are increasing by 30%. Additionally, at the same time the increase in Region II and Region III is also misleading. For example the 2008 adopted Pension and Benefit expense for Region II of \$59,400 does not reflect the Pension and Benefit expense of approximately \$5,200,000 ($\$13,917,800 \times 91.5\%$, GSWC allocation $\times 40.91\%$, Region II allocation) included in the General Office allocation to the Region II Office and District Offices.

B. Issues of Controversy

In Decision 07-05-062 (D.07-05-062), the Commission adopted the current rate case plan for Class A water utilities. In that decision, the Commission required Water Utilities to list **Issues of Controversy** in their GRC applications, to include the dollar impact of those issues, and to provide a brief summary of the utility's position of the controversial issue.

In D.07-05-062, the Commission does not define "Issues of Controversy," however, in Decision 04-06-018 (D.04-06-018), the rate case plan that preceded D.07-05-062, the Commission defines "Contentious Items". In D.04-06-018 the Commission directed water utilities to include a list of contentious issues in its GRC applications, which were defined as "all issues on which a different outcome is sought on an issue previously addressed by the Commission for this utility, or in a reported Commission decision for another water utility, and all significant issues not previously addressed by the Commission." GSWC has interpreted "Issues of Controversy" in D. 07-05-062 to be the same as "Contentious Items" as used in D. 04-06-018.

The following issues of Controversy apply to the Region II and Region III as well as the General Office and Centralized Operations Support.

1. Issues not previously addressed

1. Corporate Structure – In 2008, GSWC eliminated its Regional Customer Service Vice Presidents and centralized its reporting structure. Under the revised structure, the three Regional Vice Presidents, Vice President Customer Service Region I, Vice President Customer Service Region II and Vice President Customer Service Region

III, have been reassigned to the positions of Vice President of Water Operations, Vice President Asset Management and Vice President Customer Support Services. (See Testimony of Michael George, Pat Scanlon, William Gedney and Roland Tanner). This restructuring has improved the reporting structure without increasing the number of Officers.

2. Additional Employees – GSWC is requesting the addition of fourteen employees in Region II, with total additional expense of \$660,131, nineteen employees in Region III, with total additional expense of \$976,973 and forty-nine support employees in the General Office and Centralized Operations Support with total additional expense of \$1,665,600, which is 10% of the General Office and Centralized Operations Support salary expense. For Region II and Region III positions see the Testimony of Pat Scanlon pages 3 through 92, see Table of Contents for page location of each position. For the General Office see John Garon’s Testimony pages 45, 49-51 and 54-55
3. DSIC – Distribution System Infrastructure Replacement Surcharge – GSWC is requesting to implement a DSIC. The DSIC addresses the Commission Objective in the Water Action Plan to Promote Water Infrastructure Investment through Action **Item 2: Consider authorization of a Distribution System Improvement Charge to promote infrastructure improvements.**⁴ The DSIC will be used to fund infrastructure replacement projects requested in this filing. If the DSIC is adopted, it will have the effect of deferring a portion of the requested increase until the identified projects are complete and used and useful. (See Testimony of James Harrison.)

⁴ Water Action Plan adopted December 15, 2005, page 12

4. Extended Medical Insurance for retirees. – GSWC currently provides these post-retirement benefits only to employees hired before February of 1995. GSWC is requesting that this benefit be offered to all its employees in order to address the recent demands of GSWC’s Bear Valley Electric Service bargaining unit, the need to be more competitive in the marketplace and to promote equality amongst all GSWC employees and the benefits offered. The estimated cost of extending this benefit to all employees is \$3.5 million per year. (See Testimony of Gladys Farrow pages 4 through 6)

2. Different Outcome

1. General Office Allocation – In Decision 07-11-037, the Commission’s final decision in GSWC’s last Region II/General Office GRC Application (Application 06-02-023), the Commission imposed a three-factor allocation method as a temporary solution for General Office Allocation:

4.3.5. As an Interim Expedient, GSWC Will Be Required to Use a Three-Factor Formula Based on Total Expenses, Total Labor and a Weighted Number of Customers. (page 35, emphasis added)

With this Application, GSWC’s seeks to replace the three factor methodology that was the basis for the general office cost allocation in D.07-11-037 with a more traditional method using a combination of single factor allocators where appropriate and the four-factor allocation method where appropriate. (See Testimony of John Garon pages 4 through 39)

2. Contingency - In D.07-11-037 the Commission adopted a 5% contingency rate for estimating capital projects. GSWC believes that a 10% contingency is more appropriate and in line with industry standards. GSWC is proposing a 10% contingency in this filing. (See Testimony of Ernie Gisler pages 39 through 41)
3. General Office Rent - In Decision 07-11-037, the Commission allowed the GSWC to include only 75% of its General Office Rent in rates. The Commission authorized only partial recovery because it believed the need for increased office space was partly due to an increase in GSWC non-regulated businesses. In this filing, GSWC demonstrates that this is not the case. A reduction of 25% in the General Office Rent would be \$61,600 per year. (See Testimony of John Garon pages 48 and 49)
4. Vacancies – In D.08-01-043 the Commission ordered
 5. In all future rate cases, we direct Golden State to present its labor expense projections consistent with our finding in D.05-07-044. In that decision, we found that San Gabriel’s proposed estimating method for labor expenses included expenses for vacant positions. We decided there, absent a showing of extraordinary circumstances, that to the extent there were vacancies in the recorded year, we should assume there would also be comparable vacancy savings in the test and escalation years.

GSWC has not adjusted its labor expenses for vacant positions at the time of the filing of this Proposed Application. Because of the proactive approach GSWC’s Human Capital Management has taken in filling vacancies, GSWC does not believe the vacancies at this time are reflective of the vacancies that will exist when the new rates take place in January 2010. See Testimony of Diane Rentfrow pages 3 through 5.

5. Overhead – In D.08-01-043 the Commission ordered

8. By July 1, 2008, as part of Golden State’s scheduled GRC, Golden Sate must present an improved overhead allocation process or risk a Commission audit.

Though GSWC’s proposal is similar to proposals presented in the past, GSWC believes the overhead allocation presented in this filing is both fair and equitable and meets all the requirements of the Commission’s Uniform System of Accounts for water Utilities. GSWC has included an updated study supporting the allocation methodology requested. See testimony of Eva Tang pages 11 through 24.

D. Proposed Notice not applicable to General Office

II. Testimony Requirements A through L

Volumes 1 through 5 of the 2008 Minimum Data Request provided to DRA with this filing contained the responses or cross reference to responses for A through L.

Additional Information

The present and proposed rate schedules, for which increases and changes are requested, are shown in **Exhibit C** hereto attached.

Included with this filing are the Results of Operation for the General Office and Regions II and III.

The Results of Operation for the General Office includes the following Chapters

Cost of Capital is being addressed in a separate proceeding, filed concurrently herewith. Rates shown in this application reflect currently adopted cost of capital.

Transactions with Corporate Affiliates/Unregulated Transactions

GSWC's affiliate company, American States Utility Services (ASUS), is primarily engaged in providing utility service on nine military bases located throughout the United States. ASUS's military base operations include bases in five states. ASUS provides service to these military bases through one of its five subsidiaries. ASUS's five subsidiaries are Fort Bliss Water Services Company in Texas, Terrapin Utility Services in Maryland, Old Dominion Utility Services in Virginia, Palmetto State Utility Services in South Carolina and Old North Utility Services in North Carolina. The activities of ASUS are not regulated by this Commission.

See the Testimony of Mr. John Garon pages 4 through 39 for a discussion of the accounting for direct costs between GSWC and ASUS and the allocation of indirect costs to ASUS for these contracts.

II.

2008 FILING COMPLIANCE

In compliance with the Commission's 2008 filing requirements, the following are included:

1. Category - This application should be categorized as a Rate Setting proceeding;
2. Need for Hearing - There is a need for a hearing;
3. Issues - The issues in the case include:

- Cost of service items related to Region II, Region III and the General Office including utility plant, rate base, supply expense and other expenses;
 - Compliance with D.07-05-062 related to conducting a study to allocate General Office costs to affiliates; and
 - Request that step and attrition increases that are delayed due to no fault of GSWC be made retroactive to the first day of the applicable rate cycle.
4. Schedule – Golden State Water Company’s Proposed Rate Case Plan Schedule for 2008 and 2009 is attached as Exhibit D. GSWC will adhere to this proposed rate case plan.

III.

FORMAL MATTERS AND PROCEDURAL REQUIREMENTS

This Application is made pursuant to Section 454 of the Public Utilities Code of the State of California.

Applicant's legal name is Golden State Water Company (GSWC), which is a regulated subsidiary of American States Water Company. Its post address and principal place of business is:

630 East Foothill Boulevard,
San Dimas, California 91773-9016,
telephone (909) 394-3600, Ext. 680.

Correspondence and communications in regard to this Application should be addressed to Keith Switzer, Vice President, Regulatory Affairs, Golden State Water Company, at the above address and telephone, with a copy of such correspondence to attorneys for Applicant:

Winston & Strawn,
101 California Street,
San Francisco, California 94111,
Attention: Joseph M. Karp, Attorney at Law,
telephone (415) 591-1400.

Applicant, a California corporation organized under the laws of the State of California on December 31, 1929, is a public utility rendering water service in various areas in the counties of Contra Costa, Imperial, Lake, Los Angeles, Orange, Sacramento, San Bernardino, San Luis Obispo, Santa Barbara and Ventura and electric service in the vicinity of Big Bear Lake in San Bernardino County.

Applicant's Restated Articles of Incorporation (Articles) as amended on September 16, 2005 are attached as Exhibit E.

Applicant formally changed its name from Southern California Water Company to Golden State Water Company on October 1, 2005.

Applicant's latest available Balance Sheet and Income Statement are attached hereto as Exhibit F.

No transaction requiring report of a material financial interest, as defined in General Order No. 104-A, has occurred since the last Annual Report filed by Applicant

and Applicant does not propose at present to become party to any transaction requiring a report of such material financial interest.

Within ten days of the filing of this Application, Applicant will cause to be published a notice of the general terms of the proposed increase in a newspaper of general circulation in the area served. Proof of such publication will be filed with the Commission. Within ten days of the filing of this application, Applicant will mail a copy of the Application to the officers of political subdivisions and interested parties listed on hereto attached Exhibit G. Within 75 days of the filing of this Application, Applicant will provide each customer of record, the information required by Rule 24 of the Commission's Rules of Practice and Procedure.

IV.

CAUSE OF APPLICATION

Applicant estimates that at present rates, its rate of return on rate base will be 4.67% for Region II and 2.07% for Region III based on Test Year 2010 estimates. This low rate of return is mainly caused by increases in; rate base including additional plant investment for infrastructure replacement, cost-of-capital, operation and maintenance expenses, administrative and general expenses, depreciation, taxes and insurance; since these costs were last considered by the Commission in setting rates.

At rates proposed in this Application, Applicant would earn its lasted authorized rate of return on rate base of 8.87% in 2010, 2011 and 2012.

The expense level estimates in the test years reflect the latest known rates for supply costs, ad valorem taxes, and income taxes.

V.

REPORTS AND HEARINGS

Applicant tendered, on May 1, 2008, a Proposed Application. Applicant has also prepared the following documents in support of its application:

- Report on Results of Operations for the Region II
- Report on Results of Operations for the Region III
- Report on Results of Operations for the General Office
- Prepared Testimony
- Minimum Data Request
- Supporting Workpapers

Applicant proposes to rely upon these reports and Testimony related thereto in connection with proceedings concerning this Application.

It is respectfully requested that this matter be set for hearing as set forth in Commission Decision No. 07-05-062, dated May 24, 2007 (Revision to General Rate Case Plan); and to facilitate the granting of this request Applicant stands ready to proceed immediately.

VI.

CONCLUSION

Applicant's present rates are unjust and unreasonable and do not and will not produce a fair and reasonable return on the property of Applicant dedicated to rendering public utility water service in Applicant's Region II and Region III.

VII.

PRAYER

WHEREFORE, Applicant prays that this Commission issue its order:

1. Finding that the present rates and charges in Applicant's Region II and III ratemaking areas are unjust and unreasonable;

2. Finding that the rates and charges proposed herein are fair, just and reasonable and that the effect at the time of Decision of increases or decreases in the rates for water supply costs, insurance, postage, labor, and payroll tax, property tax and income taxes from those reflected in this Application and appropriate balancing account amortization should be included in the rates authorized;

3. Granting relief with interim rates as determined reasonable by the Commission if completion according to the Commission's Regulatory Plan Time Table is delayed or if step and attrition increases are delayed due to no fault of GSWC;

4. Finding that the expenses and ratebase proposed herein for the General Office are fair, just and reasonable and that the effect at the time of Decision of increases or decreases in the rates for insurance, postage, labor, and payroll tax, and property tax from those reflected in this Application should be included in the rates authorized;

5. For Region II , Region III and the General Office in every occasion where inflationary adjustments were deemed appropriate, the Company utilized the inflation factors from the DRA Energy Cost of Service "Estimates of Non-Labor and Wage Escalation Rates" memorandum of April 2008. It is requested that these factors be updated for the most current information available at the time of the decision.

6. Granting such other relief as appropriate.

Dated at San Dimas, California, July 1, 2008.

Respectfully submitted,

By /s/ _____

**Notice of Application for Rate Increase by
Golden State Water Company
Metropolitan Service Area
Request for Public Comments
Application No. 08-07-XXX**

The California Public Utilities Commission (Commission) is seeking public comment on application 08-07-XXX by the Golden State Water Company (GSWC) to increase rates for service in 2010, 2011 and 2012. As part of its decision-making process, the Commission is interested in your comments on any aspect of the company's operation including proposed rates, service quality or any other issue of concern.

In this application, GSWC is also proposing to implement conservation rates. The conservation rates would consist of reduced service charges and an increasing block quantity rate structure made up of two tiers. If these new conservation rates are implemented, customers who use less water could pay less per cubic foot than those who don't conserve. This new conservation rate structure is being proposed by GSWC to achieve the Commission's Conservation objectives in its Water Action Plan.

GSWC states the need to increase rates is being driven mainly by the rising costs to supply water, meeting regulations, and improving water quality. The company states these factors and others have resulted in increased operating costs for items such as the cost of wholesale water, postage, liability insurance, depreciation, materials, purchased services, cost of capital, the General Office allocated costs, labor and payroll taxes.

GSWC's Metropolitan Service Area serves approximately 100,000 customers in all or portions of the cities of Artesia, Bell, Bell Gardens, Carson, Cerritos, Compton, Cudahy, Culver City, Downey, El Segundo, Gardena, Hawaiian Gardens, Hawthorne, Huntington Park, Inglewood, Lakewood, La Mirada, Lawndale, Long Beach, Norwalk, Paramount, Santa Fe Springs, South Gate, the communities of Athens, Lennox, Willowbrook and Moneta, Florence-Graham, Del Aire and vicinity and Los Angeles County.

GSWC has filed an application with the Commission requesting authorization to increase revenue in the Metropolitan Service Area by \$20,327,300 or 20.12% over present revenues for 2010, an increase of \$2,646,700 or 2.18% in 2011, and an additional increase of \$4,189,600 or 3.37% in 2012

GSWC is proposing the implementation of a Distribution System Improvement Charge (DSIC) to recover additional fixed costs associated with capital expenditure investments for replacement or rehabilitation of certain facilities. GSWC proposes to recover these costs through a surcharge applied to each monthly bill. If approved, the initial increase requested by GSWC would be reduced and the surcharge would be implemented as projects are completed. Any increase in the surcharge would still require Commission review.

Obtaining a Copy of the Application

A copy of GSWC's Application No. 08-07-XXX and related exhibits may be examined at the following GSWC locations:

- GSWC General Office located at 630 East Foothill Blvd., San Dimas, California 91773;
- Central Basin East Customer Service Area Office located at 11469 Rosecrans Avenue, Norwalk, California 90650;
- Central Basin West Customer Service Area Office located at 7105-D Eastern Avenue, Bell Gardens, California 90201;
- Culver City Customer Service Area Office located at 10758 Washington Boulevard, Culver City, California 90232;
- Southwest Customer Service Area Office 1600 West Redondo Beach Blvd., Suite 101, Gardena, California 90247

Copies are also available for review at the California Public Utilities Commission offices at 320 West Fourth Street, Suite 500, Los Angeles and 505 Van Ness Avenue, San Francisco.

Protesting the Application

Protests to this application must be filed with the Commission no later than August XX, 2008. The Commission's Public Advisor's Office was established to assist members of the public who want to protest or otherwise participate in the Commission's proceedings. For assistance in filing a protest with the Commission or otherwise participating in the proceeding, please contact the Public Advisor's Office, 320 West 4th Street, Suite 500, Los Angeles, California 90013, or by email to public.advisor.la@cpuc.ca.gov. Please refer to Golden State Water Company's Application No. 08-07-XXX in any communications.

Public Comment

Written public comment by GSWC customers is very much desired by the Commission and may be sent to the Public Advisor's Office at the address shown above. These comments will become part of the formal correspondence file of the proceeding and will be circulated to the assigned Administrative Law Judge, the Commissioners and appropriate Commission staff.

GOLDEN STATE WATER COMPANY

DRAFT

**Notice of Application for Rate Increase by
Golden State Water Company
Region III Service Area
Request for Public Comments
Application No. 08-07-XXX**

The California Public Utilities Commission (Commission) is seeking public comment on application 08-07-XXX by the Golden State Water Company (GSWC) to increase rates for service in 2009, 2010, 2011 and 2012. As part of its decision-making process, the Commission is interested in your comments on any aspect of the company's operation including proposed rates, service quality or any other issue of concern.

In this application, GSWC is proposing to implement conservation rates. The conservation rates would consist of reduced service charges and an increasing block quantity rate structure made up of two tiers. If these new conservation rates are implemented, customers who use less water could pay less per cubic foot than those who don't conserve. This new conservation rate structure is being proposed by GSWC to achieve the Commission's Conservation objectives in its Water Action Plan.

GSWC states the need to increase rates is being driven mainly by the rising costs to supply water, meeting regulations, and improving water quality. The company states these factors and others have resulted in increased operating costs for items such as the cost of wholesale water, postage, liability insurance, depreciation, materials, purchased services, cost of capital, the General Office allocated costs, labor and payroll taxes.

GSWC's Region III Service Areas serve approximately 98,000 customers in all or portions of the cities of Barstow, Lenwood, Town of Apple Valley, Lucerne Valley, Morongo Valley, Wrightwood, Calipatria and the community of Niland, and adjacent territory in Imperial County. Cypress, La Palma, Los Alamitos, Placentia, Seal Beach, Stanton, Yorba Linda, Cowan Heights, Lemon Heights Rossmoor, Claremont, Montclair, Pomona, Upland, San Dimas, Charter Oak, Glendora, Monterey Park, Rosemead, San Gabriel, Arcadia, El Monte, Irwindale, Monrovia and Temple City and adjacent vicinity in the Los Angeles, Orange and San Bernardino Counties.

GSWC has filed an application with the Commission requesting authorization to increase revenue in the Region III service area by \$30,035,900 or 32.67% over present revenues in 2010, an increase of \$1,714,500 or 1.39% in 2011, and an additional increase of \$3,664,200 or 2.92% in 2012.

In Decision 06-01-025 the Commission granted rates for the years 2006, 2007 and 2008 for GSWC's Region III. In Decision 07-05-062, Revised GRC Plan, the Commission ordered GSWC to file its rate case for Region III on July 1, 2008 with a decision anticipated to be effective January 1, 2010. By doing so the Commission has caused GSWC to experience a delay beyond three-years in filing its Region III GRC application. As part of this proceeding GSWC is requesting to increase rates by \$4,246,000 or 4.51% in 2009. Once approved, this increase for 2009 would reduce the requested increase for 2010 described above.

GSWC is proposing the implementation of a Distribution System Improvement Charge (DSIC) to recover additional fixed costs associated with capital expenditure investments for replacement or rehabilitation of certain facilities. GSWC proposes to recover these costs through a surcharge applied to each monthly bill. If approved, the initial increase requested by GSWC would be reduced and the surcharge would be implemented as projects are completed. Any increase in the surcharge would still require Commission review.

Obtaining a Copy of the Application

A copy of GSWC's Application No. 08-07-XXX and related exhibits may be examined at the following GSWC locations:

- GSWC General Office located at 630 East Foothill Blvd., San Dimas, California 91773;
- Los Alamitos Customer Service Area Office located at 10852 South Cherry Street, Los Alamitos, California 90720;
- Placentia Customer Service Area Office located at 500 Cameron Street, Placentia, California 92870;
- Apple Valley Customer Service Area Office located at 13608 Hitt Road, Apple Valley, California 92308;

- Morongo Valley Customer Service Area Office located at 49634 Twenty- Nine Palms Highway, Morongo Valley, California 92256;
- San Gabriel Customer Service Area Office located 110 East Live Oak Avenue, Arcadia, California 91006;
- San Dimas Customer Service Area Office located 121 Exchange Place, San Dimas, California 91773;
- Claremont Customer Service Area Office located at 689 West Foothill Blvd, Suite D, Claremont, California 91711;
- Barstow Customer Service Area Office located at 1521 East Main Street, Barstow, California 92311;
- Calipatria-Niland Customer Service Area Office located at 631 South Sorensen Avenue, Calipatria, California 92233;
- Wrightwood Customer Service Area Office located at 1500 State Highway #2, Wrightwood, California 92397

Copies are also available for review at the California Public Utilities Commission offices at 320 West Fourth Street, Suite 500, Los Angeles and 505 Van Ness Avenue, San Francisco.

Protesting the Application

Protests to this application must be filed with the Commission no later than August XX, 2008. The Commission's Public Advisor's Office was established to assist members of the public who want to protest or otherwise participate in the Commission's proceedings. For assistance in filing a protest with the Commission or otherwise participating in the proceeding, please contact the Public Advisor's Office, 320 West 4th Street, Suite 500, Los Angeles, California 90013, or by email to public.advisor.la@cpuc.ca.gov. Please refer to Golden State Water Company's Application No. 08-07-XXX in any communications.

Public Comment

Written public comment by GSWC customers is very much desired by the Commission and may be sent to the Public Advisor's Office at the address shown above. These comments will become part of the formal correspondence file of the proceeding and will be circulated to the assigned Administrative Law Judge, the Commissioners and appropriate Commission staff.

GOLDEN STATE WATER COMPANY

Schedule No. ME-1-R

Metropolitan District

GENERAL METERED SERVICE

APPLICABILITY

Applicable to all residential metered water services defined under special condition no. 2

TERRITORY

Portions of the Cities of Artesia, Bell, Bell Gardens, Carson, Cerritos, Compton, Cudahy, Culver City, Downey, El Segundo, Gardena, Hawaiian Gardens, Hawthorne, Huntington Park, Inglewood, Lakewood, La Mirada, Lawndale, Long Beach, Norwalk, Paramount, Santa Fe Springs, South Gate, and the communities of Athens, Lennox, and Moneta and vicinity, Los Angeles County and portions of the City of Los Alamitos, Orange County.

RATES

	<u>Present Rate</u> <u>Per Month</u>	<u>2010 Proposed</u> <u>Per Month</u>
Quantity Rates:		
First 1,200 cu. ft., per 100 cu. ft.	\$2.298	\$3.342
over 1,200 cu. ft., per 100 cu. ft.	\$2.298	\$3.843
Service Charge:		
For 5/8 x 3/4-inch meter	\$18.65	\$13.45
For 3/4-inch meter	\$27.95	\$20.15
For 1-inch meter	\$46.60	\$33.60
For 1 1/2 inch meter	\$93.15	\$67.15
For 2-inch meter	\$149.00	\$107.00
For 3-inch meter	\$279.00	\$201.00
For 4-inch meter	\$466.00	\$336.00
For 6-inch meter	\$932.00	\$672.00
For 8-inch meter	\$1,490.00	\$1,075.00
For 10-inch meter	\$2,142.00	\$1,545.00
Sprinkler System Services	\$20.50	\$14.80

The service charge is a readiness-to-serve charge applicable to all metered service and to which is added the charge for water used computed at the Quantity Rates.

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
2. Residential customers are defined as all single family customers with one dwelling unit and are individually metered.
3. Effective xxx x, xxxx, pursuant to Decision No. xx-xx-xxx, a surcharge of \$x.xxx per Ccf will be applied all metered Customer bills excluding customers that are receiving the CARW credit. This surcharge will offset the CARW credits and CARW administrative program costs recorded in the CARW Balancing Account.

Schedule No. R3-CMH-3M

Claremont Customer Service Area

MEASURED IRRIGATION SERVICE

APPLICABILITY

Applicable to all metered water service. To the City of Claremont

TERRITORY

Within the City of Claremont, in Los Angeles County, bounded on the east by the County Line, on the south by Bluefield Drive and its easterly extension, on the west by Bonnie Brea Avenue and its northerly extension, on the north by the westerly extension of 21st Street.

<u>RATES</u>	<u>Present Rate</u>	<u>2010 Proposed</u>
	<u>Per Month</u>	<u>Per Month</u>
Quantity Rates:		
For all Water delivered, per 100 cu. ft.	\$0.330	\$0.438
Turn-on Charge:		
For each turn-on	\$3.00	\$3.00

The service charge is a readiness-to-serve charge applicable to all metered service and to which is added the charge for water used computed at the Quantity Rates.

SPECIAL CONDITIONS

1. Consumption shall be computed for billing in units of hundred cubic feet for all water delivered.
2. Service shall be rendered according to a schedule of delivery to be set up annually by the utility.
3. The utility does not represent or guarantee that any water delivered hereunder is potable or of a quality suitable for human consumption. Any customer who uses said water or makes it available to others for human consumption shall take all necessary precautions to make the same potable and shall assume all risks and liabilities in connection therewith.
4. The utility does not guarantee a continuous and uninterrupted supply under this schedule and reserves the right to temporarily suspend the delivery of water when it is necessary to take the whole or part of the system out of service for the purpose of cleaning, maintaining and repairing or other essential improvements thereon; or for domestic purpose.
5. Water delivered to customers will be made and measured at the utility's conduits, or as near thereto as practicable.
6. This service is limited to existing irrigation customers of record who irrigate all or a reasonable part of their acreage each and every year.
7. The utility is not required to provide service under this schedule for the watering of lawns, golf courses, parks, memorial parks or cemeteries.
8. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
9. Effective xxx x, xxxx, pursuant to Decision No. xx-xx-xxx, a surcharge of \$x.xxx per Ccf will be applied all metered Customer bills excluding customers that are receiving the CARW credit. This surcharge will offset the CARW credits and CARW administrative program costs recorded in the CARW Balancing Account.

Schedule No. R3-CMP-3M

Claremont Customer Service Area

METERED IRRIGATION SERVICE

APPLICABILITY

Limited to irrigation service provided to Seyfarth Nursery, Severin Garth (or 4153 Mt. Baldy Road) and Larry Sloan only.

TERRITORY

Padua Hills and vicinity, located approximately 3 miles northeast of Claremont, Los Angeles County.

<u>RATES</u>	<u>Present Rate</u> <u>Per Month</u>	<u>2010 Proposed</u> <u>Per Month</u>

1. The Minor's inch is defined as a rate of flow equal to one-fiftieth of a cubic foot per second, or 72 cubic feet.
2. The minimum rate of delivery under this schedule is ten miner's inches.
3. A twenty-four (24) hour advance notice may be required before water is turned on under this schedule.
4. The utility does not represent or guarantee that any water delivered hereunder is potable or of a quality suitable for human consumption. Any consumer who uses said water or makes it available to others for human consumption shall take all necessary precautions to make the same potable and shall assume all risks and liabilities in connection therewith.
5. The utility does not guarantee a continuous and uninterrupted supply under this schedule and reserves the right to temporarily suspend the delivery of water when it is necessary to take the whole or part of the system out of service for the purpose of cleaning, maintaining and repairing or other essential improvements thereon; or for domestic purposes.
6. Water deliveries to customers will be made and measured at the utility's conduits, or as near thereto as practicable.
7. This service is limited to existing irrigation customers who irrigate all or a reasonable part of their acreage each and every year.
8. The utility is not required to provide service under this schedule for the watering of lawns, golf courses, parks, memorial parks or cemeteries.
9. Turn on and turn off service will only be provided during the hours of 8:00 a.m. to 5:00 p.m. Monday through Friday. No irrigation service will be provided on weekends or holidays.
10. Effective xxx x, xxxx, pursuant to Decision No. xx-xx-xxx, a surcharge of \$x.xxx per Ccf will be applied all metered Customer bills excluding customers that are receiving the CARW credit. This surcharge will offset the CARW credits and CARW administrative program costs recorded in the CARW Balancing Account.

Schedule No. R3-OC-3M

Region 3 Orange County Customer Service Area

METERED IRRIGATION SERVICE

APPLICABILITY

Applicable to irrigation service furnished on a metered basis to territory in this schedule.

TERRITORY

The incorporated City of Placentia.

<u>RATES</u>	<u>Present Rate</u>	<u>2010 Proposed</u>
Quantity Rates:	<u>Per Month</u>	<u>Per Month</u>
For all water delivered, per 100 cu. ft.	\$1.550	\$2.056
Service Charge:		
For 2-inch meter	\$236.00	\$313.10
For 3-inch meter	\$269.00	\$356.88
For 4-inch meter	\$634.00	\$841.12
For 6-inch meter	\$856.00	\$1,135.65
For 8-inch meter	\$1,428.00	\$1,894.51

The Service Charge is a readiness-to-serve charge applicable to all metered service and to which is added the charge for water used computed at the Quantity Rates.

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
2. The company shall not be required to install new mains to make this service available.
3. The annual service charge will be paid in advance and bills will be computed and rendered monthly based on the total quantity of water delivered.
4. The customer, when requiring irrigation water, shall notify the Company at least twenty-four (24) hours in advance, indicating the date and hour for commencement of such service.
5. No customer shall be eligible for service under this schedule unless irrigating five (5) or more acres of land for citrus or other commercial crops.
6. Service under this schedule is subordinate to all other service schedules offered in this tariff area and is subject to interruptions in emergencies or at the Company's discretion. The Company will not be liable for damage occasioned by interruption of service supplied under this schedule.
7. The customer will pay, without refund, the actual cost of the irrigation service. The company will furnish the meter at its expense.
8. Effective xxx x, xxxx, pursuant to Decision No. xx-xx-xxx, a surcharge of \$x.xxx per Ccf will be applied all metered Customer bills excluding customers that are receiving the CARW credit. This surcharge will offset the CARW credits and CARW administrative program costs recorded in the CARW Balancing Account.

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
2. The company shall not be required to install new mains to make this service available.
3. The annual service charge will be paid in advance and bills will be computed and rendered monthly based on the total quantity of water delivered.
4. The customer, when requiring irrigation water, shall notify the Company at least twenty-four (24) hours in advance, indicating the date and hour for commencement of such service.
5. No customer shall be eligible for service under this schedule unless irrigating five (5) or more acres of land for citrus or other commercial crops.
6. Service under this schedule is subordinate to all other service schedule offered in these tariff areas and is subject to interruptions in emergencies or at the Company's discretion. The Company will not be liable for damage occasioned by interruption of service supplied under this schedule.
7. The customer will pay, without refund, the actual cost of the irrigation service. The company will furnish the meter at its expense.
8. Effective xxx x, xxxx, pursuant to Decision No. xx-xx-xxx, a surcharge of \$x.xxx per Ccf will be applied all metered Customer bills excluding customers that are receiving the CARW credit. This surcharge will offset the CARW credits and CARW administrative program costs recorded in the CARW Balancing Account.

Schedule No. R3-3

Region III Territory

IRRIGATION WATER SERVICE TO FOREST LAWN
MEMORIAL-PARK - COVINA HILLS

APPLICABILITY

Applicable to water service supplied for back-up irrigation purposes to Forest Lawn Memorial Park - Covina Hills, located in an unincorporated area of Los Angeles County, CA.

TERRITORY

In the vicinity of San Dimas, Los Angeles County.

	<u>2011 Proposed Per Month</u>	<u>2012 Proposed Per Month</u>
<u>RATES</u>		
<u>Potable Water Quantity Fee</u>		
All potable water used, per 100 cu. ft.....	\$1.478	\$1.524
(See Special Condition No. 6 for applicability):		
 <u>Water Service Fee</u>		
For service to Forest Lawn Memorial-Park - Covina Hills.	\$2,700.00	\$2,695.00

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the Quantity Rates.

**CERTIFICATE OF AMENDMENT
OF
RESTATED ARTICLES OF INCORPORATION
OF
SOUTHERN CALIFORNIA WATER COMPANY,
a California corporation**

ENDORSED - FILED
In the office of the Secretary of State
of the State of California

SEP 30 2005

Floyd E. Wicks and Robert J. Sprowls certify that:

1. They are the duly elected and acting President and Chief Executive Officer and Chief Financial Officer, Senior Vice President-Finance and Secretary, respectively, of the corporation named above.

2. The Restated Articles of Incorporation of the corporation are amended by amending Article One to read as follows:

NAME

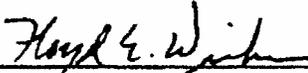

One: The name of the corporation is Golden State Water Company.

3. The above amendment has been approved by the Board of Directors of the corporation.

4. The above amendment was approved by the vote of the sole shareholder of the corporation in accordance with Section 902 of the California Corporations Code; the total number of outstanding shares of each class entitled to vote with respect to the amendment was 122 Common Shares, all of which voted in favor of the above amendment.

We further declare under penalty of perjury under the law of the State of California that the matters set forth in this certificate are true and correct of our own knowledge:

September 16, 2005

Floyd E. Wicks
President and Chief Executive Officer

Robert J. Sprowls
Chief Financial Officer, Senior Vice President-Finance and
Secretary
