Lower Your Water Bill

40%

Think about what you pay for water service.

Would you rather pay 40% less or 52% more?

In 2008, your water rates will change. With your involvement, the California Public Utilities Commission (CPUC) could lower your bill by 40%; without your involvement, you could pay as much as 52% more for your water service next year.

It takes just three minutes to tell the CPUC you support our Cost Sharing Proposal to lower your water bill by 40%.

WRITE: A brief letter and express your support of the **COST SHARING PLAN** (Case #A.07-01-037) between California American Water's Larkfield and Sacramento districts.

Mail the letter to the Public Advisor – Case #A.07-01-037
500 Van Ness Avenue, San Francisco, CA 94102

EMAIL: In support of the COST SHARING PLAN (Case #A.07-01-037) for Larkfield to the Public Advisor's Office **public.advisor@cpuc.ca.gov**

CALL: The Public Advisor's office to voice your support for the COST SHARING PLAN (Case #A.07-01-037) at **(866) 849-8390**. Leaving a message on the phone that as a customer, you support the COST SHARING PLAN proposed by California American Water.
