AND PROCEDURE**

Pursuant to Rules 3.2(b) and (c) of the Commission's Rules of Practice and Procedure, Southern California Edison Company (SCE) hereby submits its proof of compliance with Rule 3.2's notice requirements. The following exhibits are attached to this proof of compliance:

1. Exhibit "A": Letter dated May 3, 2010 from SCE's counsel, Jane Lee Cole, to Cities and Counties containing SCE's rate adjustment notice and service list;
2. Exhibit "B": Proof of publication of SCE's rate adjustment notice in various newspapers;¹ and
3. Exhibit "C": Declaration of SCE employee Michelle Esperanza dated May 13, 2010, stating that notice of SCE's application was published in the newspapers of general circulation in the counties and areas within SCE's service territory within 10 days after filing the application.

¹ Pursuant to Commission Rules 1.14 and 3.2(c), SCE's rate adjustment notice was scheduled to be published on November 26, 2009.

Respectfully submitted,

JAMES M. LEHRER

To Whom it May Concern

Re: Southern California Edison Company Rate Application:
A.10-04-026

To Whom It May Concern:

On April 22, 2010, Southern California Edison Company (“Edison”) filed an application for a rate increase with the California Public Utilities Commission. The substance of the application is described in the enclosed notice, which will be included as a bill insert to Edison’s customers. If you wish to comment on, or obtain additional information concerning this matter, or wish to obtain a copy of the application and attachments, please write either to the Commission Public Advisor or to the Edison Consumer Affairs Department at the addresses shown on the bill insert no later than June 23, 2010.

Very truly yours,

Jane Lee Cole

**SOUTHERN CALIFORNIA EDISON (SCE)
NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA)
APPLICATION FILING REGARDING
PROPOSED INCREASE IN ELECTRIC RATES**

APPLICATION NO. A.10-04-026

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires.¹ On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC

¹ Although the storms caused significant damage throughout the SCE service territory, only costs associated with repair and service restoration in those counties listed in the Governor's and President's emergency declarations (Los Angeles, Orange, Riverside, San Bernardino, Santa Barbara and Ventura) are included in this CEMA application.

finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.²

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT

Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates ¢/kWh	Proposed Bundled Rates ¢/kWh
Residential	5.249	0.122%	15.938	15.957
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301
Large Power	1.255	0.059%	10.827	10.833
Agricultural and Pumping	0.311	0.085%	11.577	11.587
Street and Area Lighting	0.029	0.021%	19.213	19.217
TOTAL	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

THE CPUC PROCESS

The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering.

EVIDENTIARY HEARINGS (EH's)

The CPUC may hold Evidentiary Hearings (EH's) whereby formal parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). The EH's are open to the public, but only those who are formal parties of record may participate. The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the EH's. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed decision. When the CPUC issues a final decision on the application, it may adopt, amend, or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SCE's request.

COMMENTS OR PROTESTS

You may submit written comments to the CPUC's Public Advisor's Office at the address or e-mail shown below. Please state that you are writing concerning SCE's application A.10-04-026. Your comments will become a part of the formal correspondence file for public comment in this proceeding. The Public Advisor's Office will circulate your comments to the five Commissioners, the ALJ, DRA, and to CPUC staff assigned to this proceeding. You may also write to the CPUC if you need advice on how to participate in this proceeding, or would like to receive further notices regarding the date, time, and place of any hearing on SCE's Application. You may also review a copy of this Application and related exhibits at SCE's corporate headquarters (2244 Walnut Grove Avenue, Rosemead, CA 91770). Finally, you may also review a copy of this Application and related exhibits at the CPUC's main office in Los Angeles listed below.

**SOUTHERN CALIFORNIA EDISON (SCE)
NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM
ACCOUNT (CEMA) APPLICATION FILING REGARDING
PROPOSED INCREASE IN ELECTRIC RATES**

APPLICATION NO. A.10-04-026

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires.¹ On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.²

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT				
Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates ¢/kWh	Proposed Bundled Rates ¢/kWh
Residential	5,219	0.122%	15,938	15,957
Lighting - Small and Medium Power	3,774	0.093%	15,287	15,301
Large Power	1,255	0.059%	10,827	10,833
Agricultural and Pumping	0,311	0.085%	11,577	11,587
Street and Area Lighting	0,029	0.021%	19,213	19,217
TOTAL	10,618	0.066%	14,326	14,340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

SOUTHERN CALIFORNIA EDISON (SCE) NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA) APPLICATION FILING REGARDING PROPOSED INCREASE IN ELECTRIC RATES

APPLICATION NO: A.10-04-026

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires. On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT

Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates €/kWh	Proposed Bundled Rates €/kWh
Residential	5,249	0.122%	15.938	15.957
Lighting - Small and Medium Power	3,774	0.093%	15.287	15.301
Large Power	1,255	0.059%	10.827	10.833
Agricultural and Pumping	0,311	0.085%	11.577	11.587
Street and Area Lighting	0,029	0.021%	19.213	19.217
TOTAL	10,618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

FOR FURTHER INFORMATION FROM SCE

You may review a copy of this Application and related exhibits at SCE's corporate headquarters (2244 Walnut Grove Avenue, Rosemead, CA 91770). You may also view these materials at the following SCE business offices:

1 Pebbly Beach Rd. Avalon, CA 90704	30553 Rimrock Rd. Barstow, CA 92311	374 Lagoon St. Bishop, CA 93514

THE CPUC PROCESS

The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering.

EVIDENTIARY HEARINGS (EH's)

The CPUC may hold Evidentiary Hearings (EH's) whereby formal parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). The EH's are open to the public, but only those who are formal parties of record may participate. The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the EH's. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed decision. When the CPUC issues a final decision on the application, it may adopt, amend, or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SCE's request.

aforesaid; I am over the age of twenty years, and not a party to or interested in the above entitled matter. I am the principal clerk of the printer of the Madera Tribune, a newspaper of general circulation, published in the City of Madera, County of Madera, and which newspaper has been adjudged a newspaper of general circulation by the Superior Court of the County of Madera, State of California, under the date of November 9, 1966, Case Number 4875 that the notice, of which the annexed is a printed copy, has been published in each regular and entire issue of said newspaper and not in any supplement thereof on the following dates, to wit:

**SOUTHERN CALIFORNIA EDISON (SCE)
NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA)
APPLICATION FILING REGARDING
PROPOSED INCREASE IN ELECTRIC RATES**

APPLICATION NO. A.10-04-026

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires. On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore, are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT

Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates \$/kWh	Proposed Bundled Rates \$/kWh
Residential	5.249	0.122%	15.938	15.957
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301
Large Power	1.255	0.059%	10.827	10.833
Agricultural and Pumping	0.311	0.085%	11.577	11.587
Street and Area Lighting	0.029	0.021%	19.213	19.217
TOTAL	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

FOR FURTHER INFORMATION FROM SCE

You may review a copy of this Application and related exhibits at SCE's corporate headquarters (2244 Walnut Grove Avenue, Rosemead, CA 91770). You may also view these materials at the following SCE business offices:

1 Pebbly Beach Rd. Avalon, CA 90704	30553 Rimrock Rd. Barstow, CA 92311	374 Lagoon St., Bishop, CA 93514

THE CPUC PROCESS

The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering.

EVIDENTIARY HEARINGS (EH's)

The CPUC may hold Evidentiary Hearings (EH's) whereby formal parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). The EH's are open to the public, but only those who are formal parties of record may participate. The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the EH's. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed decision. When the CPUC issues a final decision on the application, it may adopt, amend, or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SCE's request.

COMMENTS OR PROTESTS

You may submit written comments to the CPUC's Public Advisor's Office at the address or e-mail shown below. Please state that you are writing concerning SCE's application A.10-04-026. Your comments will become a part of the formal correspondence file for public comment in this proceeding. The Public Advisor's Office will circulate your comments to the five Commissioners, the ALJ, DRA, and to CPUC staff assigned to this proceeding. You may also write to the CPUC if you need advice on how to participate in this proceeding, or would like to receive further notices regarding the date, time, and place of any hearing on SCE's Application. You may also review a copy of this Application and related exhibits at SCE's corporate headquarters (2244 Walnut Grove Avenue, Rosemead, CA 91770). Finally, you may also review a copy of this Application and related exhibits at the CPUC's main office in Los Angeles listed below.

Customers with Internet access may view and download SCE's application and the papers supporting it on SCE's Web site, www.sce.com/applications. Anyone who would like to obtain more information about the application, please write to:

areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires. On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore, are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT

Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates \$/kWh	Proposed Bundled Rates \$/kWh
Residential	5.249	0.122%	15.938	15.957
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301
Large Power	1.255	0.059%	10.827	10.833
Agricultural and Pumping	0.311	0.085%	11.577	11.587
Street and Area Lighting	0.029	0.021%	19.213	19.217
TOTAL	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 800 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

**SOUTHERN CALIFORNIA EDISON (SCE)
NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA)
APPLICATION FILING REGARDING
PROPOSED INCREASE IN ELECTRIC RATES
APPLICATION NO. A.10-04-026**

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires. On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group.

CUSTOMER GROUP REVENUE IMPACT

Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates c/kWh	Proposed Bundled Rates c/kWh
Residential	5.249	0.122%	15.938	15.957
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301
Large Power	1.255	0.059%	10.827	10.833
Agricultural and Pumping	0.311	0.085%	11.577	11.587
Street and Area Lighting	0.029	0.021%	19.213	19.217
TOTAL	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

**SOUTHERN CALIFORNIA EDISON (SCE)
NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT
(CEMA) APPLICATION FILING REGARDING
PROPOSED INCREASE IN ELECTRIC RATES**

APPLICATION NO. A.10-04-026

In compliance with California Public Utilities Code section 454.9 and California Public Utility Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorm that affected much of SCE's service territory. These storms caused significant damage to SCE infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties (in its entirety). On November 2, 2007 the Governor issued a State of Emergency Proclamation for Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT				
Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates c/kWh	Proposed Bundled Rates c/kWh
Residential	5.249	0.122%	15.938	15.957
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301
Large Power	1.255	0.059%	10.827	10.833
Agricultural and Pumping	0.311	0.085%	11.577	11.587
Street and Area Lighting	0.029	0.021%	19.213	19.217
TOTAL	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month from \$99.12 to \$99.50.

**SOUTHERN CALIFORNIA EDISON (SCE)
NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA)
APPLICATION FILING REGARDING
PROPOSED INCREASE IN ELECTRIC RATES
APPLICATION NO. A.10-04-026**

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires. On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT

Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates ¢/kWh	Proposed Bundled Rates ¢/kWh
Residential	5.249	0.122%	15.938	15.957
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301
Large Power	1.255	0.059%	10.827	10.833
Agricultural and Pumping	0.311	0.085%	11.577	11.587
Street and Area Lighting	0.029	0.021%	19.213	19.217
TOTAL	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

FOR FURTHER INFORMATION FROM SCE

You may review a copy of this Application and related exhibits at SCE's corporate headquarters (2244 Walnut Grove Avenue, Rosemead, CA 91770). You may also view these materials at the following SCE business offices:

THE CPUC PROCESS

The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering.

EVIDENTIARY HEARINGS (EH's)

The CPUC may hold Evidentiary Hearings (EH's) whereby formal parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). The EH's are open to the public, but only those who are formal parties of record may participate. The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the EH's. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed decision. When the CPUC issues a final decision on the application, it may adopt, amend, or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SCE's request.

COMMENTS OR PROTESTS

You may submit written comments to the CPUC's Public Advisor's Office at the address or e-mail shown below. Please state that you are writing concerning SCE's application A.10-04-026. Your comments will become a part of the formal correspondence file for public comment in this proceeding. The Public Advisor's Office will circulate your comments to the five Commissioners, the ALJ, DRA, and to CPUC staff assigned to this proceeding. You may also write to the CPUC if you need advice on how to participate in this proceeding, or would like to receive further notices regarding the date, time, and place of any hearing on SCE's Application. You may also review a copy of this Application and related exhibits at SCE's corporate headquarters (2244 Walnut Grove Avenue, Rosemead, CA 91770). Finally, you may also review a copy of this Application and related exhibits at the CPUC's main office in Los Angeles listed below.

**SOUTHERN CALIFORNIA EDISON (SCE)
NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA)
APPLICATION FILING REGARDING
PROPOSED INCREASE IN ELECTRIC RATES**

APPLICATION NO. A.10-04-026

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires.¹ On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.²

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT					
Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates c/kWh	Proposed Bundled Rates c/kWh	
Residential	5.249	0.122%	15.938	15.957	
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301	
Large Power	1.255	0.059%	10.827	10.833	
Agricultural and Pumping	0.311	0.085%	11.577	11.587	
Street and Area Lighting	0.029	0.021%	19.213	19.217	
TOTAL	10.618	0.096%	14.326	14.340	

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

SOUTHERN CALIFORNIA EDISON (SCE) NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA) APPLICATION FILING REGARDING PROPOSED INCREASE IN ELECTRIC RATES

APPLICATION NO. A.10-04-026

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires. On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.¹

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT				
Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates €/kWh	Proposed Bundled Rates €/kWh
Residential	5.249	0.122%	15.938	15.957
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301
Large Power	1.255	0.059%	10.827	10.833
Agricultural and Pumping	0.311	0.085%	11.577	11.587
Street and Area Lighting	0.029	0.021%	19.213	19.217
TOTAL	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

SOUTHERN CALIFORNIA EDISON (SCE)
NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA) APPLICATION FILING
REGARDING
PROPOSED INCREASE IN ELECTRIC RATES

APPLICATION NO. A.10-04-026

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires. On November 2, 2007, the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3024, SCE is requesting compensation through its Wind and Firestorm-CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT

Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates c/kWh	Proposed Bundled Rates c/kWh
Residential Lighting - Small and Medium Power	5.249	0.122%	15.938	15.957
Large Power	3.774	0.093%	15.287	15.301
Agricultural and Pumping	1.255	0.059%	10.827	10.833
Street and Area Lighting	0.311	0.085%	11.577	11.587
TOTAL	0.029	0.021%	19.213	19.217
	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

**SOUTHERN CALIFORNIA EDISON (SCE)
NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA) APPLICATION
FILING REGARDING
PROPOSED INCREASE IN ELECTRIC RATES
APPLICATION NO. A 10-04-026**

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires. On November 2, 2007, the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT

Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates c/kWh	Proposed Bundled Rates c/kWh
Residential	5.249	0.122%	15.938	15.957
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301
Large Power	1.255	0.059%	10.827	10.833
Agricultural and Pumping	0.311	0.085%	11.577	11.587
Street and Area Lighting	0.029	0.021%	19.213	19.217
TOTAL	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

**SOUTHERN CALIFORNIA EDISON (SCE)
 NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA)
 APPLICATION FILING REGARDING PROPOSED INCREASE IN ELECTRIC RATES**

APPLICATION NO. A.10-04-026

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and fire storms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and fire storms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires. On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million. The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group.

CUSTOMER GROUP REVENUE IMPACT

Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled ¢/kWh	Proposed Bundled ¢/kWh
Residential	5.249	0.122%	15.938	15.957
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301
Large Power	1.255	0.059%	10.827	10.833
Agricultural and Pumping	0.311	0.085%	11.577	11.587
Street and Area Lighting	0.029	0.021%	19.213	19.217
TOTAL	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

**SOUTHERN CALIFORNIA EDISON (SCE)
NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA)
APPLICATION FILING REGARDING
PROPOSED INCREASE IN ELECTRIC RATES**

APPLICATION NO. A.10-04-026

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires. On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT

Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates \$/kWh	Proposed Bundled Rates \$/kWh
Residential	5.249	0.122%	15.838	15.957
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301
Large Power	1.255	0.059%	10.827	10.833
Agricultural and Pumping	0.311	0.085%	11.577	11.587
Street and Area Lighting	0.029	0.021%	19.213	19.217
TOTAL	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

**SOUTHERN CALIFORNIA EDISON (SCE)
NOTIFICATION OF CATASTROPHIC EVENT MEMORANDUM ACCOUNT (CEMA)
APPLICATION FILING REGARDING
PROPOSED INCREASE IN ELECTRIC RATES**

APPLICATION NO. A.10-04-026

In compliance with California Public Utilities Code section 454.9 and California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed a Catastrophic Event Memorandum Account (CEMA) application. The application filing requests changes in SCE's electric rates due to the incremental costs associated with the restoration of service and repair of damage to its facilities resulting from the 2007 wind and firestorms. The application requests a one-time increase in SCE's revenue requirement of \$10.618 million, or 0.1 percent. If approved by the CPUC in 2011, this amount will be implemented in rates as soon as practical after the effective date of the decision.

Beginning on October 20, 2007, Southern California experienced a series of severe wind and firestorms that affected much of SCE's service territory. These storms caused significant damage to SCE's infrastructure and operations throughout its service territory. On October 21, 2007, the Governor issued a State of Emergency Proclamation for SCE's service territory in the affected areas of Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties due to wildfires. On November 2, 2007 the Governor issued a State of Emergency Proclamation in Riverside County due to extremely damaging winds. In addition, President Bush declared a federal state of emergency on October 23, 2007, and then issued a "major disaster declaration" on October 24, 2007. In accordance with CPUC Resolution E-3824, SCE is requesting compensation through its Wind and Firestorm CEMA for incremental costs SCE incurred in restoring service and rebuilding its infrastructure during 2007 and 2008. These costs are not part of SCE's normal business and therefore are not funded through existing rates.

In the proceeding regarding SCE's 2007 Wind and Firestorm CEMA Application, the CPUC will determine the reasonableness of SCE's incremental costs in 2007 and 2008. Assuming that the CPUC finds SCE's CEMA costs reasonable, the estimated 2012 one-time revenue requirement increase associated with the 2007 Wind and Firestorm CEMA will be approximately \$10.618 million.

The proposed percentage increase in SCE's total revenue is 0.1 percent. Any revenue change resulting from this Application will be consolidated with revenue changes from other SCE applications. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT

Customer Group	Revenue Change (\$Millions)	% Change	Present Bundled Rates €/kWh	Proposed Bundled Rates €/kWh
Residential	5.249	0.122%	15.938	15.957
Lighting - Small and Medium Power	3.774	0.093%	15.287	15.301
Large Power	1.255	0.059%	10.827	10.833
Agricultural and Pumping	0.311	0.085%	11.577	11.587
Street and Area Lighting	0.029	0.021%	19.213	19.217
TOTAL	10.618	0.096%	14.326	14.340

On an illustrative basis, if total rates were to change as requested, an average residential electric customer using 600 kilowatt-hours per month in the summer would see an increase of \$0.18 per month, from \$99.12 to \$99.30.

FOR FURTHER INFORMATION FROM SCE

You may review a copy of this Application and related exhibits at SCE's corporate headquarters (2244 Walnut Grove Avenue, Rosemead, CA 91770). You may also view these materials at the following SCE business offices:

THE CPUC PROCESS

The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all-utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering.

EVIDENTIARY HEARINGS (EH's)

The CPUC may hold Evidentiary Hearings (EH's) whereby formal parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). The EH's are open to the public, but only those who are formal parties of record may participate. The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the EH's. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed decision. When the CPUC issues a final decision on the application, it may adopt, amend, or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SCE's request.

COMMENTS OR PROTESTS

You may submit written comments to the CPUC's Public Advisor's Office at the address or e-mail shown below. Please state that you are writing concerning SCE's application A.10-04-026. Your comments will become a part of the formal correspondence file for public comment in this proceeding. The Public Advisor's Office will circulate your comments to the five Commissioners, the ALJ, DRA, and to CPUC staff assigned to this proceeding. You may also write to the CPUC if you need advice on how to participate in this proceeding, or would like to receive further notices regarding the date, time, and place of any hearing on SCE's Application. You may also review a copy of this Application and related exhibits at SCE's corporate headquarters (2244 Walnut Grove Avenue, Rosemead, CA 91770). Finally, you may also review a copy of this Application and related exhibits at the CPUC's main office in Los Angeles listed below.

Atención: Comunicaciones Corporativas

April 22, 2010.

- Although the storms caused significant damage throughout the SCE service territory, only costs associated with repair and service restoration in those counties listed in the Governor's and President's emergency declarations (Los Angeles, Orange, Riverside, San Bernardino, Santa Barbara and Ventura) are included in this CEMA application.
- Includes Franchise Fees & Uncollectibles.

Publication Date: May 3, 2010, The Union Democrat, Sonora, CA 95370

200625D

Exhibit C

Declaration of SCE Employee Michelle Esperanza

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE
STATE OF CALIFORNIA**

Application of Southern California Edison
Company (U 338-E) for Authorization to Recover
Costs Related to the 2007 Southern California
Wind and Firestorms Recorded in the
Catastrophic Event Memorandum Account
(CEMA)

A.10-04-026
(Filed April 22, 2010)

DECLARATION OF MICHELLE ESPERANZA

I, Michelle Esperanza, have personal knowledge of the following facts contained herein and if called to testify under oath could and would competently testify as follows:

1. I am employed by Southern California Edison Company. My present capacity is Project Manager. My duties include printing, production and programming instruction of bill inserts into Southern California Edison customer's bills and scheduling notices for publication. I am familiar with the process and procedure for providing notice of the above-referenced proceeding pursuant to CPUC Rule 3.2. I make this declaration in support of SCE's proof of notice of the proceeding pursuant to that rule.

2. In accordance with Rule 3.2(c), notice of SCE's application is to be published in the newspapers of general circulation in the counties and areas within SCE's service territory within 10 days after filing the application. I caused SCE to make arrangements for such publication. The application was filed on April 22, 2010, and several newspapers published SCE's notice from April 29 – May 1, 2010. I am informed and believe that such publication was accomplished in accordance with the publication confirmation attached as Exhibit B.

I declare under penalty of perjury that the foregoing is true and correct under the laws of the State of California.

Executed this 13th day of May 2010, at Rosemead, California.

/s/ MICHELLE ESPERANZA

By: Michelle Esperanza

CERTIFICATE OF SERVICE

I hereby certify that, pursuant to the Commission's Rules of Practice and Procedure, I have this day served a true copy of SOUTHERN CALIFORNIA EDISON COMPANY'S (U 388-E) PROOF OF COMPLIANCE WITH RULE 3.2 OF THE COMMISSION'S RULES OF PRACTICE AND PROCEDURE on all parties identified on the attached service list(s). Service was effected by one or more means indicated below:

Transmitting the copies via e-mail to all parties who have provided an e-mail address. First class mail will be used if electronic service cannot be effectuated.

Executed this **13th day of May, 2010**, at Rosemead, California.
