BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Order Instituting Rulemaking Regarding Policies, Procedures and Rules for the California Solar Initiative, the Self-Generation Incentive Program and Other Distributed Generation Issues.

Rulemaking 08-03-008
(Filed March 13, 2008)

MOTION OF PVT SOLAR, INC. FOR PARTY STATUS

PVT Solar Inc. (“PVT Solar”) respectfully moves for party status in this proceeding in accordance with Rule 1.4 of the California Public Utilities Commission (“Commission”) Rules of Practice and Procedure.

I. DESCRIPTION OF PVT SOLAR INC.

Headquartered in Berkeley, California and privately-held, PVT Solar is a Khosla Ventures supported company that offers a comprehensive and cost-effective solar combined heat and power energy solution currently selling in the market.

II. PVT SOLAR INC’S INTEREST IN THIS PROCEEDING AND CONTENTIONS PERTINENT TO THE ISSUES.

PVT Solar Inc. seeks to file comments in response to Administrative Law Judge Dorothy J. Duda’s Ruling Requesting Comments on the Implementation of Senate Bill 412 and Noticing Workshop (filed November 13, 2009). Specifically, PVT Solar’s comments respond to Judge Duda’s request for comments on new technologies that should be considered for the Self-Generation Incentive Program (“SGIP”). PVT Solar’s comments provide information on the **echo**[™] solar system (“echo”), a solar combined heat and power technology that, by recovering waste heat from photovoltaic (“PV”) installations, dramatically increases the energy generation efficiency of basic PV and thereby reduces Greenhouse Gas emissions.

III. NOTICE

Services of notices, orders, and other communications and correspondence in this proceeding may be directed to PVT Solar, Inc. via:
