**FIT COALITION
MOTION FOR PARTY STATUS**

The FIT Coalition is a California-based group focused on smart renewable energy policy. We advocate primarily for vigorous feed-in tariffs and “wholesale distributed generation,” which is generation that connects on the supply-side of the meter close to demand centers. Our members are active in proceedings at the Commission, Air Resources Board, Energy Commission, the California Legislature, Congress, the Federal Energy Regulatory Commission, and in various local governments around California.

The FIT Coalition respectfully requests party status in this proceeding in accordance with Section 1.4 of the California Public Utilities Commission (“Commission”) Rules of Practice and Procedure. In particular, we plan to comment on long-term procurement issues regarding wholesale distributed generation, feed-in tariffs, the 33% by 2020 Renewable Electricity Standard and renewable energy policy more generally.

This motion for party status is timely.

Respectfully submitted,

TAM HUNT
