**ELECTRIC VEHICLE SERVICE AND EQUIPMENT PROVIDER COALITION
MOTION FOR PARTY STATUS**

In accordance with Rules 1.4 and 11.1 of the California Public Utilities Commission (“Commission”) Rules of Practice and Procedure, the Electric Vehicle Service and Equipment Provider Coalition (“EVSEP Coalition”) respectfully requests party status in the above-captioned proceeding.

I. Request for Party Status

The EVSEP Coalition members, Better Place, Coulomb Technologies, Inc. and ECotality, Inc., are California-based companies providing electric vehicle (“EV”) charging equipment and services to EV users. As participants in the market, the EVSEP Coalition members have a direct and unique interest in the subject matter of this proceeding, and in particular in the development of policies for use of Low Carbon Fuel Standard (“LCFS”) credits. The EVSEP Coalition has participated actively in related rulemaking proceedings at the California Air Resources Board, and will bring the perspective of businesses directly involved in providing services to EV customers to these proceedings. The EVSEP Coalition does not seek to change or broaden the scope of these proceedings.
