**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

Application of Southern California Edison
Company (U 338-E) To Establish Marginal
Costs, Allocate Revenues, Design Rates, and
Implement Additional Dynamic Pricing

Application 11-06-007
(Filed June 6, 2011)

**MOTION TO INTERVENE
OF PACIFIC GAS AND ELECTRIC COMPANY**

Pursuant to Rule 1.4 the Rules of Practice and Procedure of the California Public Utilities Commission (the “Commission”), Pacific Gas and Electric Company (“PG&E”) hereby requests permission to intervene as a party in Application No. 11-06-007 (Southern California Edison Company’s (SCE) General Rate Case (GRC), Phase 2).¹ Under Rule 1.4(a)(4) of the Commission’s Rules of Practice and Procedure, a person may become a party to a proceeding by filing a motion to become a party. This Motion to Intervene requests a ruling that PG&E may become a party to this proceeding.

PG&E is a public utility organized and existing under the laws of the State of California. PG&E is engaged in the business of generating, transmitting, and distributing electric energy in portions of Northern California. PG&E has an interest in the outcome of the Residential rate design issues that have been included in the Application. Because rebuttal testimony is due by May 3, 2012, PG&E requests that the assigned Administrative Law Judge grant this Motion prior to that date, as PG&E is not currently listed as a party on the SCE GRC Phase 2 Service List.

PG&E’s participation will not expand the scope of this proceeding and no party would be prejudiced by the granting of this motion to intervene.

¹ PG&E is on the service list for this proceeding, but as “information only” and not as a party.

For the foregoing reasons, PG&E requests that the Commission grant this Motion to Intervene at its earliest possible convenience, and that each of the following individuals be included as a party on the service list as follows:
