NOTIFICATION OF APPLICATION FILING BY
SOUTHERN CALIFORNIA EDISON COMPANY (SCE):
WILDFIRE COST RECOVERY
A.09-08-020

On August 31, 2009, Southern California Edison Company, San Diego Gas and Electric Company, Southern California Gas Company, and Pacific Gas and Electric Company, jointly filed Application No. 09-08-020 requesting authority from the California Public Utilities Commission (CPUC) to approve a mechanism to allow it to recover costs associated with wildfires. In the face of a changing insurance market that may limit the Utilities' ability to obtain insurance coverage, the Application asks for CPUC approval to establish a Wildfire Expense Balancing Account (WEBA) to record for future recovery all uninsured costs arising from wildfires, including:

- (1) payments to satisfy wildfire claims, including any co-insurance and deductible expense paid by the Utilities;
- (2) outside legal costs incurred in the defense of wildfire claims;
- (3) premiums for insurance against wildfire claims, and
- (4) the cost of financing these amounts.

Costs that have previously been authorized for recovery in rates in SCE's General Rate Case shall not be added to the WEBA. Insurance proceeds, as well as any payments received from third parties, will be credited to the WEBA as they are received. The Application requests that amounts recorded in the WEBA be included in rates after review and approval by the Commission. However, while requesting approval of the mechanism, the Application does not request increases in current rates.

THE CPUC PROCESS

The CPUC's Division of Ratepayer Advocates (DRA) will review this Application. DRA is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state and obtain the lowest possible rate for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. DRA's views do not necessarily reflect those of the CPUC. Other parties of record will also participate.

The CPUC may hold evidentiary hearings where parties of record present their proposals in testimony and are subject to cross-examination before an Administrative Law Judge (ALJ). These hearings are open to the public, but only those who are parties of record can present evidence or cross-examine witnesses during evidentiary hearings. Members of the public may attend these hearings, but are not allowed to participate, only listen.

After considering all proposals and evidence presented during the hearing process, the ALJ will issue a draft decision. When the CPUC acts on this application, it may adopt all or part of SCE's request, amend or modify it or deny the application. The CPUC's final decision may be different from SCE's proposed application filing.
