**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking to Implement the Commission's Procurement Incentive Framework and to Examine the Integration of Greenhouse Gas Emissions Standards into Procurement Policies.

Rulemaking 06-04-009  
(Filed April 13, 2006)

**ADMINISTRATIVE LAW JUDGES' RULING  
REQUESTING COMMENTS ON COMBINED HEAT AND POWER POLICIES**

In this ruling, we provide an opportunity for parties to comment on the joint California Public Utilities Commission (Public Utilities Commission) and California Energy Commission (Energy Commission) staff paper on combined heat and power (CHP) that is attached to this ruling. Parties are requested to respond to the series of questions contained in the joint staff paper, and may submit their own comments and proposals regarding the regulation of greenhouse gas (GHG) emissions associated with CHP facilities. Parties may include their comments on CHP issues as part of their comprehensive comments and reply comments that, pursuant to an April 16, 2008 ruling, are due on, respectively, May 27, 2008 and June 10, 2008. This ruling is one in a series of rulings that provide guidance regarding the issues to be addressed in the comprehensive comments.

## Filing Requirements

To reiterate guidance in prior rulings, all parties filing comments or reply comments should file them at the Public Utilities Commission's Docket Office and should serve them consistent with Rules 1.9 and 1.10 of the Public Utilities Commission Rules of Practice and Procedure and Resolution ALJ-188. The parties should serve their comments and reply comments on the service list for Rulemaking (R.) 06-04-009 posted at [www.cpuc.ca.gov](http://www.cpuc.ca.gov) when the filings are due, and should mail a hard copy of the filings to the assigned Commissioner and assigned Administrative Law Judges.

To support the ability of the Public Utilities Commission and the Energy Commission to develop joint recommendations to the California Air Resources Board, we ask that parties submit their comments and reply comments both in R.06-04-009 and to the Energy Commission's docket 07-OIIP-01.

Procedures for submitting the filings to the Energy Commission are included here for the parties' convenience. The Energy Commission encourages comments by e-mail attachments. In the subject line or first paragraph of the comments, include **Docket 07-OIIP-01**. When naming your attached file, please include your name or your organization's name. The attachment should be either in Microsoft Word format or provided as a Portable Document File (PDF). Send your comments to [docket@energy.state.ca.us](mailto:docket@energy.state.ca.us) and to project manager Karen Griffin at [kgriffin@energy.state.ca.us](mailto:kgriffin@energy.state.ca.us). In addition to electronic filing, **one paper copy** must also be sent to:
