NOTICE OF EX PARTE COMMUNICATIONS

Copies of tendered notices are available in the Central Files Office for review and/or reproduction under existing procedures. They are also available from the filing party who is under the obligation to provide copies of the notice without delay.

5/23/05	A00-11-038	Southern California Edison Company, for authority to institute a rate stabilization plan with a rate increase and end of rate freeze tariffs.
	A00-11-056	Pacific Gas and Electric Company, for emergency application to adopt a rate stabilization plan.
	A00-10-028	The Utility Reform Network, for modification of Resolution E-3527.

Summary: On May 19, 2005, Lad Lorenz, Vice President of Regulatory Affairs for San Diego Gas & Electric Company (SDG&E), met with Larry Chaset, advisor to Cmmr. Grueneich, in San Francisco. Also present was Meredith Allen, Senior Counsel for SDG&E. Lorenz discussed the Permanent Cost Allocation of the Department of Water Resources (DWR) contracts. Lorenz described how the current decision unfairly shifts approximately \$790 million in costs to SDG&E's customers. Lorenz urged granting SDG&E's petition for modification as an appropriate vehicle to adopt an allocation methodology that would result in a more equitable allocation of all DWR contract costs.

Summary: On May 20, 2005, Lad Lorenz, Vice President of Regulatory Affairs for San Diego Gas & Electric Company (SDG&E), met with Steven St. Marie, advisor to Cmmr. Bohn, in San Francisco. Also present was Meredith Allen, Senior Counsel for SDG&E. Lorenz discussed the Permanent Cost Allocation of the Department of Water Resources (DWR) contracts. Lorenz described how the current decision unfairly shifts approximately \$790 million in costs to SDG&E's customers. Summary: On May 18, 2004, Erik Jacobson, Chief, Regulatory Relations, Pacific Gas & Electric Company (PG&E), met with Larry Chaset, advisor to Cmmr. Grueneich, in San Francisco. Also present Colin Cushnie, Manager, Energy Planning, for Southern California Edison Company. Written materials (attached to the notice) were used. Jacobson explained that PG&E and the Settling Parties supported ALJ

Allen's proposed decision rejecting SDG&E's petition for modification of D04-12-014. Jacobson indicated that the limited rehearing granted by the Commission will allow all parties another opportunity to address the above-market cost calculation itself, but not the allocation method.

5/23/05 A03-10-057 Southern California Water Company, to increase rates charged for water service in 2004 in its Region 1 Customer Service Areas by \$179,200 or 2.62% in Arden-Cordova; by \$93,400 or 1.98% in Bay Point; and by \$115,900 or 4.55% in Ojai; and various other relief.

Summary: On May 18, 2005, Cleveland Lee, attorney for the Office of Ratepayer Advocates (ORA), met with Rami Kahlon, advisor to Cmmr. Peevey, in San Francisco. Also present were Ray Charvez and Danilo Sanchez, of the ORA. ORA discussed its view of the issues concerning recovery of the Water Quality Litigation Memorandum Account (Memo Account). The ORA stated that the Master Settlement Agreement and Release (MSAR) and the evidence of record indicate that the Southern California Water Company (SCWC) would rapidly recover the recorded balance of the Memo Account. The ORA stated that the Commission did not guarantee recovery of the Memo Account under Resolution W-4181, which authorized the Memo Account, but SCWC is asking the Commission to have the ratepayers indemnify SCWC against the recovery contingencies in the MSAR that SCWC negotiated for and accepted. The ORA further pointed out that the MSAR reasonably assures recovery of the Memo Account for the purposes of the Financial Accounting Standards.

5/23/05 A04-07-044 Pacific Gas and Electric Company, to revise its gas rates and tariffs to be effective July 1, 2005.

Summary: On May 18, 2005, Eric Eisenman, Chief of Regulatory Relations for Pacific Gas and Electric Company, met with Belinda Gatti, advisor to Cmmr. Brown, in San Francisco. Also present was Ron Helgens, Manager, Operations Revenue Requirements, PG&E. Helgens explained that PG&E's position is that the real economic carrying cost (RECC) calculation accounts for the replacement of distribution investment facilities and that a replacement cost adder is not required in the determination of marginal distribution costs. Helgens added that RECC is a factor which when multiplied by the forecasted marginal distribution investment expenditures results in an annual revenue stream that would finance not only a distribution investment but also its eventual replacement. Helgens referred to TURN's position and argued that current replacements are not avoidable given PG&E's obligation to serve, and therefore, since they are not avoidable, they should not be regarded as marginal costs.

Summary: On May 19, 2005, Keith Switzer, Vice President of Regulatory Affairs for Southern California Water Company (SCWC), met with Rami Kahlon, advisor to Cmmr. Peevey, in San Francisco. Switzer expressed SCWC's views concerning certain rulings in the proposed decision (PD) of ALJ Fukutome. Switzer stated that the PD reduces the Office of Ratepayer Advocates (ORA)/SCWC agreed-upon rate increases for two of the seven customer service areas in SCWC's Region I. Switzer stated that in so doing, the PD makes mistakes in its calculations, errs in its reasoning, and skews rate reductions in a manner that is unfair and biased against SCWC.
