**Draft Resolution Extending and Revising Authority for Vessel Common Carriers to Adjust Fares and Rates Available for Public Review and Comment**

A draft resolution (TL-19066) of the Consumer Protection and Safety Division that (1) extends for one year the authority granted to vessel common carriers (VCCs) by Resolutions TL-19042 and TL-19051 to adjust their passenger fares and freight rates without specific Commission authorization and (2) revises the authorized “zone of reasonableness” from 15% to 20% above current base fares and rates, will be on December 1, 2005, Commission meeting agenda. The Commission may vote on this resolution at that time, or it may postpone a vote until later. When the Commission votes on Resolution TL-19066, it may adopt all or part of it as written, amend or modify it, or set it aside and prepare a different resolution. The authority was extended until December 2, 2005, by Resolution TL-19051. The draft resolution is available for review and comment. 10/27/05            R04-04-003            Order Instituting Rulemaking to promote policy and program coordination and integration in electric utility resource planning.

**Summary:** On October 24, 2005, Colin E. Cushnie, Director, Southern California Edison Company (SCE), met with Nilgun Atamturk, advisor to Cmmr. Grueneich, in San Francisco. Written material (attached to the notice) was used. Cushnie requested that the Commission clarify that Department of Water Resources contracts are excluded from the draft decision's (DD) adopted restrictions on liquidated damages contracts (LDCs) and asked that the Commission increase the proposed five percent phase-out limit on LDCs in 2008 to ten percent. Additionally, SCE's representatives requested that the Commission not incorporate load migration into Load Serving Entities' monthly RA compliance filings, or in the alternative, provide a ninety-day grace period for investor-owned utilities (IOU). Cushnie also said that SCE supports the DD's decision to defer implementation of Local Area requirements (LARs) to 2007, but requested that the DD be changed to allow IOU ninety days to submit LARs proposals.
