**Public Workshop Notice – Automated Data Exchange Workshop**

June 6, 2007  
9 am - noon

Pacific Energy Center  
851 Howard Street  
San Francisco

Pursuant to Ordering Paragraph 12 in D.06-07-027, Pacific Gas and Electric Company (PG&E) will hold a second workshop for all interested parties on June 6, 2007, to discuss PG&E's proposed 12-24 month delay in submitting an Automated Data Exchange (ADE) application. The filing would include PG&E's proposal for an ADE service that would allow parties, such as customers, energy consultants, and energy managers, to obtain, with customer permission, automated daily access to **SmartMeter™** gas and electric consumption data from multiple meters. The ADE service is separate from the Customer Web Presentment service that will provide customers access to their own data via the internet. Customer Web presentment is still scheduled to be rolled out concurrent with **SmartMeter™** system deployment.

Since the first workshop on March 8, PG&E conducted a market assessment which determined limited or insufficient interest in the ADE service at this time. PG&E would like to delay formulating the ADE proposal by 12-24 months when interval meters will be more widely installed and greater familiarity with such data is likely to exist. A 12-24 month delay will also allow for potential new technology developments to be considered in this proposal.

At this workshop, PG&E will present the results of the market assessment, alternatives to the ADE service, the advantages of delaying the ADE proposal and current cost estimates for providing ADE. Customers will be given an opportunity to comment on this proposed delay.

If you plan to attend the workshop, please RSVP to Stella Zahariudakis at 415.973.4208, or email her at SxZc@pge.com by May 30.

**R05-06-040** - Order Instituting Rulemaking to implement Senate Bill No. 1488 (2004 Cal. Stats., Ch. 690 (Sept. 22, 2004)) relating to confidentiality of information.

**Summary:** On May 30, 2007, Colin E. Cushnie, Director of Regulatory Affairs for Southern California Edison Company (SCE) met with Jaclyn Marks, advisor to Cmmr. Simon in San Francisco. Also present were Pamela Nataloni, advisor to Cmmr. Simon; and Trina Horner, Regulatory Manager for Pacific Gas and Electric Company. Written materials (attached to the notice) were used. Cushnie explained that SCE objects to the proposed changes to the Commission's confidentiality rules requested in the April 30, 2007 letter. Cushnie indicated that the signatories have not provided any detail to support that the Commission's confidentiality matrix adopted in D.06-06-066 is deficient. Cushnie explained that modifying the limitations on a Reviewing Representative would create an inherent conflict of interest for Reviewing Representatives.
