

Decision 01-09-006 September 6, 2001

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of Airport Services of Narinderjit Singh Dhillon of dba Dhillon Airporter for authority to operate as a passenger stage corporation between points in Alameda County, Santa Clara County, San Mateo County, Oakland International Airport, San Francisco Airport and San Jose International Airport.

Application 01-05-011
(Filed May 2, 2001)

O P I N I O N

Summary

This decision grants the application of Narinderjit Singh Dhillon (Applicant), an individual, pursuant to Pub. Util. Code § 1031 et seq., for a certificate of public convenience and necessity to operate as a passenger stage corporation (PSC), as defined in Pub. Util. Code § 226.

Discussion

The application, as amended by letter of June 28, 2001, requests authority to operate as an on-call PSC to transport passengers and their baggage between points in the counties of Alameda, Santa Clara, and San Mateo, on the one hand, and Oakland (OAK), San Francisco (SFO), and San Jose (SJC), International Airports, on the other hand. Applicant will use one van. The proposed fares, as listed in Exhibit C, range between \$12 (Millbrae - SFO) and \$79 (Gilroy - SFO/OAK). Attached to the application is an unaudited Balance Sheet that discloses assets of \$46,500, liabilities of \$1,500 and net worth of \$45,000.

Notice of filing of the application appeared in the Commission's Daily Calendar on May 18, 2001. Applicant notified the affected airports and transit agencies. Applicant requests a waiver from the provisions of Rule 21 of the Commission's Rules of Practice and Procedure (RPP) which require service of a notice of the application on all city and county officials within whose boundaries the passengers will be loaded or unloaded. Applicant served a notice to the three involved counties and 20 cities in the service area. Applicant said that all parties that have an interest in Commission proceedings subscribe to or have access to the Commission's Daily Calendar. We shall exercise the discretion accorded to us by Rule 87 and grant the waiver requested by Applicant because he will be providing on-call service, not scheduled service and because service on all cities in the service territory would be burdensome.

In Resolution ALJ 176-3063 dated May 14, 2001, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3063.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Findings of Fact

1. The amended application requests authority to operate as an on-call PSC to transport passengers and their baggage between points in the counties of Alameda, Santa Clara, and San Mateo, on the one hand, and OAK, SFO, and SJC, on the other hand.

2. Public convenience and necessity requires the proposed service.

3. No protest to the application has been filed.

4. A public hearing is not necessary.

5. Applicant requests a waiver of the notice requirements of Rule 21 of the RPP as he has served notice to three counties, 20 cities, each of the affected airports and public transit operators, and the transportation planning agency in the service area.

6. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Conclusions of Law

1. Public convenience and necessity has been demonstrated and the application should be granted.

2. The request to waive the notice requirements of Rule 21 should be granted.

3. Since the matter is uncontested, the decision should be effective on the date it is signed.

Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
