Re: Application 01-03-008: Application of Pacific Gas & Electric Company ("PG&E") and  
MFN for approval under California Public Utilities Code Section 851

Dear ALJ Thomas:

On May 29, 2002 you sent the following request for information to Metromedia Fiber and PG&E: "In view of Metromedia's bankruptcy filing..., I would request current information on whether PG&E or Metromedia intend to continue pursuing any issues in the foregoing proceedings." PG&E has contacted MFN to ascertain if MFN's plans involving the contract and facilities involved in A. 01-03-008 have changed as a result of its bankruptcy. MFN's response indicated that it would like the Commission to proceed with A. 01-03-008 so it may have regulatory certainty regarding its use of the PG&E fiber and facilities installed as a result of the contract filed in that case. Consistent with MFN's request, PG&E also believes the Commission should proceed with this application.

Very truly yours,

Shirley A. Woo
