PUBLIC MEETING & WORKSHOPS

Workshop Notice – R02-01-011, Decision 03-05-034, Direct Access Switching Exemption

June 6, 2003
10 am

California Public Utilities Commission
505 Van Ness Ave, Auditorium
(Corner of Van Ness Avenue and McAllister Street)
San Francisco

Decision 03-05-034 directs the Commission's Energy Division to convene a Rule 22 Working Group meeting within 30 days of the decision. The Rule 22 Working Group was originally established in 1997 during electric industry restructuring to provide a forum that allowed technical and management-level staff from utilities, ESPs, and other industry participants to work together cooperatively to develop, refine, and implement the tariff rules and business practices necessary to support effective retail competition in the direct access market.

As directed by the Commission (D.03-05-034, mimeo, p. 12), this meeting of the Rule 22 Working Group shall:

address necessary implementation details associated with the switching rules adopted in the decision, as well as the process of notifying grandfathered DA customers concerning their options for returning to DA within a 45-day window period.

identify any unresolved implementation issues for which no consensus can be reached, and subsequently produce a report identifying such remaining issues so that the need for further hearings or other process to address remaining contested issues may be considered.

address the issue of developing a tariff-based solution--for those DA customers who return to bundled service--to provide repayment of an appropriate share of accrued Direct Access Cost Responsibility Surcharge undercollections.

Pursuant to Ordering Paragraph 8 of D.03-05-034, the PG&E, SCE and SDG&E shall jointly develop advice letters to implement tariff changes and implementation timing and details necessary to comply with the provisions of this order (including the recovery of undercollections). The draft advice letters will be circulated to the service list by the utilities on June 3rd. A more detailed draft agenda will also be circulated prior to the workshop.

This workshop is open to the public. Please address any questions regarding the workshop to Steve Roscow of the Commission's Energy Division, at (415) 703-1189 or by e-mail to (scr@cpuc.ca.gov).

In view of the comments the Commission has received on the Draft Resolution E-3711 issued March 3, 2003 by the Energy Division, we are calling a workshop to discuss the extent and form of any consumer electronic billing.

We will focus on the electronic billing programs being proposed for residential and small commercial customer, and associated consumer protection measures. Southern California Edison (Edison), Pacific Gas and Electric Company (PG&E), San Diego Gas & Electric Company (SDG&E), and Southwest Gas (Southwest) should bring proposals for implementing electronic billing, for any consumer protection measures that may be necessary or useful, and for resolving differences they may have with the recommendations set forth in Draft Resolution E-3711. Other parties may also bring proposals.

This workshop is open to all parties. If parties other than PG&E, Edison, SDG&E, and Southwest plan to attend and make proposals, they should contact Maurice Monson of the Energy Division.
