7/2/03	A02-03-047	Southern California Gas Company and San Diego Gas and Electric Company, for Authority to Continue Funding of LEV Programs.
	A02-03-048	Southern California Edison Company, to Extend the Operation of its Electric Vehicle Adjustment Clause Mechanism and Related Accounts until the date of the Commission's Final Decision in Edison's Test Year 2003 General Rate Case Proceeding.
	A02-03-049	Pacific Gas and Electric Company (U 39-E), for Review of and Authorization for Recovery of Costs relating to its Low Emission Vehicle (LEV) Program for 2002 through 2005.

**Summary:** On June 27, 2003, Judy Peck, Regulatory Relations Manager for Sempra Energy Utilities, met with Julie Fitch, advisor to Pres. Peevey, in San Francisco. Peck reviewed the contents of the proposed decision issued on June 10<sup>th</sup> and explained that the decision abruptly terminates long-standing, beneficial and complimentary support

the utilities provide for Low Emission Vehicle (LEV) development. Peck noted that the utilities are uniquely qualified to provide this support because they are both LEV fleet owners and fuel safety experts. Peck asked that the Commission consider issuing an alternate that continues these valuable programs.

	A01-12-050	Southern California Gas Company (U 904-G), for Modification or Clarification of Resolution G-3304.

**Summary: AUGMENTATION REQUIRED.** On July 3, 2003, Judy Peck, Regulatory Relations Manager for Sempra Energy Utilities (SEU), met with Brian Prusnek, advisor to Cmmr. Kennedy, in San Francisco. Subsequent to the meeting, Peck provided Prusnek with a copy (attached to the notice) of the email note sent by the Commission to Tenby and Southern California Gas Company on January 31, 2001, and with a confidential document. Peck noted that Cmmr. Peevey's alternate effectively reverses Resolution G-3304. Peck expressed concern about the precedent the alternate sets with regard to allowing customers to exploit loopholes that are often unavoidable when the Commission is trying to regulate an industry in the midst of a crisis.

7/9/03	A02-03-035	Application of Southern California Edison Company (U 338-E) (Edison) and Pacific Terminals, LLC (Pacific) for Edison to sell fuel oil pipeline facilities to Pacific and for Pacific to purchase such fuel oil pipelines and to operate them as a public utility.
--------	------------	---

**Summary:** On July 3, 2003, Peter W. Hanschen, of the law firm Morrison & Foerster, counsel to Pacific Terminals LLC (PT), met with Steven Weissman, advisor to Cmmr. Wood, in San Francisco. Also present were Douglas Polson, Chairman, and Irvin Toole, President and Chief Executive Officer, for PT. A copy of the July 3, 2003 letter (attached to the notice) from Irvin Toole, Jr. to Cmmr. Brown, was used. Hanschen stated that PT wanted an opportunity to explain Pacific Energy Partners, L.P.'s involvement with the project and to ensure that the Commission understood that the project is in the very preliminary evaluation stage and that even if it is developed in the future, it will have no adverse effect on PT's qualifications to purchase the fuel oil pipeline (FOP) facilities being sold by Southern California Edison Company (SCE) to PT. Toole stated that the impact on market concentration of SCE's sale of its FOP facilities to PT would be zero.

**Summary:** On July 3, 2003, Peter W. Hanschen, of the law firm Morrison & Foerster, counsel to Pacific Terminals LLC (PT), met with Brian Prusnek, advisor to Cmmr. Kennedy, in San Francisco. Also present were Ross LaJeunesse, advisor to Cmmr. Kennedy, David Gamson, advisor to Cmmr. A copy of the July 3, 2003 letter (attached to the notice) from Irvin Toole, Jr. to Cmmr. Brown, was used. Toole addressed why SCE's proposed sale of its fuel oil pipeline (FOP) facilities to PT is in the public interest. Toole explained how PT would be able to make improvements to safety and operational integrity and provide additional services that SCE has been unable to do because of its financial situation. Toole also explained that the proposed sale will not impact competition. Toole further explained that the market concentration for black oil storage services after the sale would be the same as SCE's current market concentration. Toole also explained that the project is in the very preliminary evaluation stage and that even if it is developed in the future, it will have no adverse effect on PT's qualifications to purchase FOP facilities.

**Summary:** On July 7, 2003, Carol Dumond, counsel for the Office of Ratepayer Advocates (ORA), met with Belinda Gatti, advisor to Cmmr. Brown, in San Francisco. Also present was Ray Charvez of the ORA's Water and Natural Gas Branch. ORA representatives stated that ORA supports the motion of Intervenors to suspend the proceeding. Dumond noted that, in the merger case, California-American Water Company (Cal-Am) and its fellow applicants represented to the Commission that the merger would result in synergy savings, that 100% of those savings would accrue to the ratepayers, and that they would be immediate. Charvez noted that Cal-Am is proposing to defer reflecting the benefits of the merger until the 2005-2006 Test Years, tracking the savings in memorandum account. ORA representatives stated that they did not believe that, given suspension of this proceeding, it would take Cal-Am long to provide the required calculations, because, in the merger decision, the applicant identified estimated dollar savings which could be used on an interim basis to reduce rates.

- 7/10/03 R02-01-011 Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.

**Summary:** On July 6, 2003, Stevan Emrick, General Counsel, South San Joaquin Irrigation District (SSJID), met with Cmmr. Wood in San Francisco. Also present were Manuel Ramirez and Steven Weissman, advisors to Cmmr. Wood, and Chris L.

Kiriakou of Cornerstone Consulting, consultant, and Ann L. Trowbridge, counsel, for SSJID. Emrick explained why it does not make sense to characterize SSJID as a new publicly owned utility for Cost Responsibility Surcharge (CRS) liability purposes. Trowbridge pointed out that there is no evidence in the record demonstrating that the California Department of Water Resources planned for, or incurred power purchase costs on behalf of, new load that has never taken service from an investor-owned utility. Trowbridge noted that, accordingly, no cost shifting to bundled customers should result if new load in SSJID's service area is exempt from CRS.
