Summary: On November 8, 2006, Cynthia Walker, Deputy Director of the Division of Ratepayer Advocates (DRA), met with Robert Lane, advisor to Cmmr. Bohn, Rami Kahlon, advisor to Pres. Peevey, and Belinda Gatti, advisor to Cmmr. Brown, in three separate meetings in San Francisco. At the meeting with Robert Lane also present were Laura Krannawitter, advisor to Cmmr. Bohn, and Timothy Sullivan, advisor to Cmmr. Chong, and at the meeting with Belinda Gatti - Monica McCrary, Counsel for DRA. Danilo Sanchez, Program Manager of DRA, participated in all three meeting. Written material (attached to the notice) was used. DRA stated that the Proposed Decision (PD) correctly authorized a memorandum account (MA) to track San Clemente Dam costs; however, PD erred at authorizing the MA to earn an allowance for funds used during construction using a formula established for energy companies. DRA also stated that the PD should be modified to assure that only Endangered Species Act compliance costs that are not already embedded in rates are booked to the MA and that routine environmental compliance operating expenses booked to the account earn interest at the 90-day commercial paper rate. DRA stated its support for the PD's denial of California-American Water Company's (Cal-Am) request to establish a MA to track fines relating to State Water Resources Control Board and the Endangered Species Act. DRA also discussed the PD's failure to have Cal-Am's shareholder bear any risk of the abandoned Carmel River Dam Project. Finally, DRA expressed its support for keeping the existing rate design for the Monterey District.

A04-12-004 – San Diego Gas & Electric Company and Southern California Gas Company, for authority to integrate their Gas Transmission Rates, establish firm access rights, and provide Off-System Gas Transportation Services.

Summary: On November 8, 2006, Evelyn Kahl, counsel to the Indicated Producers (IP) (Aera Energy LLC, BP Energy Company, BP America Inc. (including Atlantic Richfield Company), ConocoPhillips Company, Chevron U.S.A. Inc., Midway Sunset Cogeneration Company (an affiliate of Aera Energy) and Occidental Energy Marketing Inc.), met with Cmmr. Chong in San Francisco. Also present were Andrew Campbell and Lynn Carew, advisors to Cmmr. Chong, Rami Kahlon, advisor to Pres. Peevey, Belinda Gatti, advisor to Cmmr. Brown, and Seema Srinivasan, counsel to the IP. Written materials (attached to the notice) were used. Kahl explained that the problem with both the proposed decision (PD) and the alternate proposed decision (APD) is that the pricing of the reservation rate is based upon neither market price nor upon actual costs and that the pricing method adopted by both the PD and the APD creates jurisdictional problems. To resolve these problems, Kahl suggested the use of an unbundled reservation rate.

Summary: AUGMENTATION REQUIRED. On November 9, 2006, Michael Day, outside counsel for SES Terminal LLC (SES), met with Lindsay Brown, advisor to Cmmr. Bohn, and Rami Kahlon, advisor to Cmmr. Peevey, in two

separate meetings in San Francisco. At the meeting with Lindsay Brown also present were Robert Lane, advisor to Cmmr. Bohn, and Andrew Campbell, advisor to Cmmr. Chong; and at the meeting with Rami Kahlon – Belinda Gatti, advisor to Cmmr. Brown. Written materials were used. Day indicated that certain elements of the proposed decision (PD) as well as Cmmr. Brown's alternate decision (AD) were positive. Day indicated, however, that SES advocated fixing the decision by reinstating two provisions of the Joint Proposal deleted by both the PD and the AD. Day stated that SES recommends deleting portions of the AD which calls for Energy Division oversight of the decision to build expansion or displacement capacity. SES also recommended adopting the portion of the Joint Proposal allowing construction of facilities upstream of the interconnect with the utility to be built by the supplier, and to leave open the option for those facilities to be deeded to the utility. Day indicated that SES strongly supported the proposal being advanced by the Indicated Producers to unbundled the 5 cent reservation charge from the other portions of the transmission rate. Finally, Day stated SES support for the AD as opposed to the PD because the peaking rate is anti-competitive and should be eliminated by the Commission.
